### Cooperative State Research, Education, and Extension Service

*Title:* Expanded Food and Nutrition Education Program (EFNEP).

*OMB Control Number:* 0524–NEW.

*Summary of Collection:* The Department of Agriculture's Cooperative State Research, Education, and Extension Service (CSREES), Expanded Food and Nutrition Education Program (EFNEP) is a unique program that began in 1969, designed to reach limited resource audiences, especially youth and families with young children. EFNEP operates in 50 states of the United States, American Samoa, Guam, Micronesia, and the Commonwealth of the Northern Marianas, the Commonwealth of Puerto Rico, and the Virgin Islands of the United States. The objectives of EFNEP are to assist limited resource families and youth in acquiring the knowledge, skills, attitudes, and changed behaviors necessary for making diet decisions that are nutritionally sound, and to contribute to their personal development and the improvement of the total family diet and nutritional well being.

*Need and Use of the Information:* CSREES will collect information using the Evaluation/Reporting System (E/RS) a database that was developed to capture the impacts of EFNEP. The system will provide a variety of reports that are useful for management purposes, provide diagnostic assessments of participants needs and export summary data for State and National assessment of the program's impact. E/RS stores information in the form of records about the program participants, their family structure and their dietary practices. Without the information it would be extremely difficult for the national office to compare, assess, and analyze the effectiveness and the impact of EFNEP without the annual collection of data.

*Description of Respondents:* State, local or tribal government.

*Number of Respondents:* 56.

*Frequency of Responses:* Recordkeeping; reporting: annually.

*Total Burden Hours:* 69,588.
