**SUPPLEMENTARY INFORMATION:**

**A. Purpose**

If it is in the best interest of the Government, the contracting officer may authorize cost-reimbursement contractors to obtain, for official purposes only, interagency motor pool vehicles and related services. Contractors' requests for vehicles must obtain two copies of the agency authorization, the number of vehicles and related services required and period of use, a list of employees who are authorized to request the vehicles, a listing of equipment authorized to be serviced, and billing instructions and address.

A written statement that the contractor will assume, without the right of reimbursement from the Government, the cost or expense of any use of the motor pool vehicles and services not related to the performance of the contract is necessary before the contracting officer may authorize cost-reimbursement contractors to obtain interagency motor pool vehicles and related services.

The information is used by the Government to determine that it is in the Government's best interest to authorize a cost-reimbursement contractor to obtain, for official purposes only, interagency motor pool vehicles and related services, and to provide those vehicles.

Under this program, the Secretary awards funds to support two specific categories of activities:

*Category 1*—The grantee provides technical assistance to States, school districts, and schools in making informed decisions regarding approving or selecting providers of comprehensive school reform, and

*Category 2*—The grantee supports capacity building for comprehensive school reform providers to expand their work in more schools, ensure quality, and promote financial stability.

The Category 1 and Category 2 competitions announced in this notice are independent competitions. The Department will evaluate and fund the Category 1 and Category 2 applications separately.
