

minimizes the importance of compliance with Amex rules and all other rules subject to the imposition of fines under the Exchange's Plan. The Commission believes that the violation of any self-regulatory organization's rules, as well as Commission rules, is a serious matter. However, the Exchange's Plan provides a reasonable means of addressing rule violations that do not rise to the level of requiring formal disciplinary proceedings, while providing greater flexibility in handling certain violations. The Commission expects that Amex will continue to conduct surveillance with due diligence and make a determination based on its findings, whether fines of more or less than the recommended amount are appropriate for violations under the Plan, on case-by-case basis, or a violation requires formal disciplinary action.

It is therefore ordered, pursuant to section 19(b)(2) of the Act¹¹ and Rule 19d-1(c)(2) under the Act,¹² that the proposed rule change (SR-Amex-2004-72), as amended, be, and hereby is, approved and declared effective.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹³

Assistant Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-51112; File No. SR-CBOE-2005-013]

Self-Regulatory Organizations; Chicago Board Options Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change and Amendment No. 1 Thereto To Extend a Pilot Program Relating to Certain Limitations on Trade-Through Liability at the End of the Options Trading Day

January 31, 2005.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 26, 2005, the Chicago Board Options Exchange, Inc. ("CBOE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the

proposed rule change as described in items I and II below, which items have been prepared by the CBOE. On January 28, 2005, the CBOE filed Amendment No. 1 to the proposed rule change.³ The Exchange has filed the proposal as a "non-controversial" rule change pursuant to Section 19(b)(3)(A) of the Act,⁴ and Rule 19b-4(f)(6) thereunder,⁵ which renders the proposal effective upon filing with the Commission.⁶ The Commission is publishing this notice to solicit comments on the proposed rule change, as amended, from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

CBOE proposes to extend a pilot program relating to certain limitations on trade-through liability at the end of the trading day.

The text of the proposed rule change is available on the CBOE's Web site at <http://www.cboe.com>, at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, CBOE included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the filing is to conform CBOE rules to Joint Amendment No. 14 to the Plan for the Purpose of Creating and Operating an Intermarket Option Linkage (the "Linkage Plan")⁷ to extend the pilot provision in the CBOE rules limiting

trade-through liability at the end of the options trading day. Pursuant to the Linkage Plan pilot as currently in effect, an options exchange member's trade-through liability is limited to 25 contracts per Satisfaction Order⁸ for the period between five minutes prior to the close of trading in the underlying security and the close of trading in the options class. The participant option exchanges in the Linkage Plan ("Participants") originally proposed this limitation on liability as a one-year pilot in Joint Amendment No. 4 to the Linkage Plan. The Commission temporarily put into effectiveness the Linkage Plan pilot on January 31, 2003,⁹ followed by permanent approval on June 18, 2003.¹⁰ The Commission then granted two extensions to the Linkage Plan pilot, first until June 30, 2004¹¹ and then until January 31, 2005.¹²

The Exchange is proposing to extend the pilot in CBOE's rules for an additional year, until January 31, 2006. In addition, the Exchange proposes to increase the limit on trade-through liability at the end of the day from 25 contracts to 50 contracts per Satisfaction Order. This increase in the limit on liability would be effective on February 1, 2005, when the current pilot expires. The period during which this limit will apply will remain the same, from five minutes prior to the close of trading in the underlying security until the close of trading in the options class.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,¹³ in general, and furthers the objectives of Section 6(b)(5),¹⁴ in particular, in particular in that it should promote just and equitable principles of trade, serve to remove impediments to and perfect the mechanism of a free and open market

⁸ A "Satisfaction Order" is an order sent through the Linkage to notify a Participant Exchange of a Trade-Through and to seek satisfaction of the liability arising from that Trade-Through. See Section 2(16)(c) of the Linkage Plan.

and a national market system, and protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change, as amended, will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing rule change: (1) Does not significantly affect the protection of investors or the public interest; (2) does not impose any significant burden on competition; and (3) does not become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁵ and Rule 19b-4(f)(6) thereunder.¹⁶

A proposed rule change filed under Rule 19b-4(f)(6)¹⁷ normally does not become operative prior to 30 days after the date of filing. However, Rule 19b-4(f)(6)(iii) permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the five-day pre-filing requirement and the 30-day operative delay, as specified in Rule 19b-4(f)(6)(iii), and designate the proposed rule change immediately operative.

The Commission believes that waiving the five-day pre-filing provision and the 30-day operative delay is consistent with the protection of investors and the public interest.¹⁸ By waiving the pre-filing requirement and accelerating the operative date, the Pilot Program can continue without interruption. The Commission believes that allowing the pilot to continue will allow Participants to either gather

sufficient information to justify the need for the pilot program or determine that the exemption from trade-through liability is no longer necessary.

Increasing the maximum number of contracts to be satisfied with respect to Satisfaction Orders in the last seven minutes of trading in options to 50 contracts will enhance customer order protection.

At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
