SMALL BUSINESS ADMINISTRATION

Small Business Size Standards: Waiver of the Nonmanufacturer Rule

AGENCY: Small Business Administration.

ACTION: Notice to waive the Nonmanufacturer Rule for Adhesives and Sealants Manufacturing.

SUMMARY: The U.S. Small Business Administration (SBA) is granting a waiver of the Nonmanufacturer Rule for Adhesives and Sealants Manufacturing. The basis for waivers is that no small

business manufacturers are supplying these classes of products to the Federal government. The effect of a waiver would be to allow otherwise qualified regular dealers to supply the products of any domestic manufacturer on a Federal contract set aside for small businesses, service-disabled veteran-owned small businesses; SBA's Very Small Business Program or awarded through the SBA's 8(a) Business Development Program.

DATES: This waiver is effective February 24, 2005.

FOR FURTHER INFORMATION CONTACT: Edith Butler, Program Analyst, by telephone at (202) 619-0422; by FAX at (202) 481-1788; or by e-mail at *edith.butler@sba.gov*.

SUPPLEMENTARY INFORMATION: Section 8(a)(17) of the Small Business Act, (Act)15 U.S.C. 637(a)(17), requires that recipients of Federal contracts set aside for small businesses, service-disabled veteran-owned small businesses, SBA's Very Small Business Program or awarded through the SBA's 8(a) Business Development Program provide the product of a small business manufacturer or processor, if the recipient is other than the actual manufacturer or processor of the product. This requirement is commonly referred to as the Nonmanufacturer Rule. The SBA regulations imposing this requirement are found at 13 CFR 121.406(b). Section 8(a)(17)(b)(iv) of the Act authorizes SBA to waive the Nonmanufacturer Rule for any "class of products" for which there are no small

business manufacturers or processors available to participate in the Federal market.

As implemented in SBA's regulations at 13 CFR 121.1204, in order to be considered available to participate in the Federal market for a class of products, a small business manufacturer must have submitted a proposal for a contract solicitation or received a contract from the Federal government within the last 24 months. The SBA defines "class of products" based on six digit coding systems. The first coding system is the Office of Management and Budget North American Industry Classification System (NAICS). The second is the Product and Service Code established by the Federal Procurement Data System.

The SBA received a request on November 2, 2004 to waive the Nonmanufacturer Rule for Adhesives and Sealants Manufacturing.

In response, on December 6, 2004, SBA published in the **Federal Register** a notice of intent to waive the Nonmanufacturer Rule for Adhesives and Sealants Manufacturing. In response to this notice, no comments were received from any interested parties. SBA has determined that there are no small business manufacturers of this class of product, and is therefore granting the waiver of the Nonmanufacturer Rule for Adhesives and Sealants Manufacturing, NAICS 325520.

Authority: 15 U.S.C. 637(a)(17).

Emily Murphy,

Acting Associate Administrator for
Government Contracting.

SUPPLEMENTARY INFORMATION:

Background

The National Parks Air Tour Management Act of 2000, enacted on April 5, 2000, as Public Law. 106-181 (Pub. L. 106-181), required the establishment of a National Parks Overflights Advisory Group within 1 year after its enactment. The NPOAG was to be a balanced group representative of general aviation, commercial air tour operations, environmental concerns, and Indian tribes. The duties of the NPOAG included providing advice, information, and recommendations to the Director, NPS, and to the Administrator, FAA, on the implementation of Pub. L. 106-181, on quiet aircraft technology, on other measures that might accommodate interests to visitors to national parks,

and, at the request of the Director and Administrator, on safety, environmental, and other issues related to commercial air tour operations over national parks or tribal lands.

On March 12, 2001, the FAA and NPS announced the establishment of the NPOAG (48 FR 14429). The advisory group has held five meetings: August 28-29, 2001, in Las Vegas, Nevada; October 4-5, 2002, in Tusayan, Arizona; October 20-21, 2003 in Jackson, Wyoming; March 18-19, 2004, in Boulder City, NV; and September 9-10, 2004, in Washington, DC.

On October 10, 2003, the Administrator signed Order No. 1110-138 establishing the NPOAG as an aviation rulemaking committee. The current members of the NPOAG ARC are Heidi Williams (general aviation), Richard Larew, Elling Halverson, and Alan Stephen (commercial air tour operations), Chip Dennerlein and Charles Maynard (environmental interests), and Germaine White and Richard Deertrack (Indian tribes). The FAA and NPS are soliciting two additional members to represent environmental interests.

Agenda for the February 23-25, 2005 Meeting

The NPOAG ARC will review tribal issues, prevention and mitigation of significant adverse environmental impacts, modifications to interim operating authority, new entrant operators and increased operations of existing operators, and quiet technology. A final agenda will be available the day of the meeting.
