Notice Pursuant to the National Cooperative Research and Production Act of 1993—American Society of Mechanical Engineers

Notice is hereby given that, on December 21, 2004, pursuant to section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* (“the Act”), American Society of Mechanical Engineers (“ASME”) has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing additions or changes to its standards development activities. The notifications were filed for the purpose of extending the Act’s provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Specifically, since September 15, 2004, ASME has revised several consensus committee charters; has published several new standards; and has initiated several new standards development projects, all within the general nature and scope of ASME’s standards development activities, as specified in its original notification. More detail regarding these changes can be found at <http://www.asme.org/codes>.

On September 15, 2004, ASME filed its original notification pursuant to section 6(a) of the Act. The Department of Justice published a notice in the **Federal Register** pursuant to section 6(b) of the Act on October 13, 2004 (69 FR 60895).
