Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The William F. Goodling Even Start Family Literacy Programs (Even Start), including the grants for Indian tribes and tribal organizations, are intended to help break the cycle of poverty and illiteracy by improving the educational opportunities of low-income families by integrating early childhood education, adult literacy or adult basic education, and parenting education into a unified family literacy program. These programs are implemented through cooperative activities that: build on high-quality existing community resources to create a new range of educational services for most-in-need families; promote the academic achievement of children and adults; assist children from low-income families to meet challenging State content and student achievement standards; and use instructional programs that are based on scientifically based reading research and on the prevention of reading difficulties for children and adults, to the extent such research is available. A description of the required fifteen program elements for which funds must be used is included in the application package.

Priorities: Under this competition we are particularly interested in applications that address the following invitational priorities.

Invitational Priorities: For FY 2005 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are invitational priorities. Under 34 CFR 75.105(c)(1) we do not give an application that meets these invitational priorities a competitive or absolute preference over other applications.

These priorities are:

Invitational Priority 1—Early Childhood Education Service in a Group Setting

The Secretary is especially interested in programs that offer center-based early childhood education services.

The research in early childhood education shows that educational services for young children that are

provided in a center are more likely to be intensive and, therefore, more likely to result in significant learning outcomes than non-center-based services. For example, the Third National Even Start Evaluation showed that children who participated more intensively in early childhood education scored higher on standardized literacy skills. A center is defined, for the purpose of this competition, as a place where early childhood educational services can be provided to a group of children from multiple households.

Invitational Priority 2—Early Childhood Education Services Provided for Minimum of a 3-year Age Range

The Secretary is especially interested in Even Start tribal projects that provide early childhood education services for children for at least a 3-year age range, which may begin at birth, in order to enhance the early language, literacy, and early reading development of preschool-age children.

Under the statutory requirements that apply to the State-administered Even Start Family Literacy program, local programs must serve a 3-year age range of children, which may begin at birth. This priority would encourage tribal Even Start programs to serve a similar age range in order to enhance early language, literacy, and early reading development of preschool-age children.

Program Authority: 20 U.S.C. 6381a(a)(1)(C).

Applicable Regulations: The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 75, 77, 80, 81, 82, 84, 85, 86, 97, 98, and 99.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education only.

II. Award Information

Type of Award: Discretionary grant.

Estimated Available Funds: \$4,975,000. Contingent upon the availability of funds and quality of applications we may make additional awards in subsequent years from the list of unfunded applicants from this competition.

Estimated Range of Awards: \$150,000–\$250,000 per year.

Estimated Average Size of Awards: \$200,000 per year.

Estimated Number of Awards: 20–33.

Note: The Department is not bound by any estimates in this notice.

Project Period: Up to 48 months.
