B. Regulatory Flexibility Act

DoD does not expect this rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, et seq., because the proposed rule makes no significant change to policy for the acquisition of telecommunications services. Therefore, DoD has not performed an initial regulatory flexibility analysis. DoD invites comments from small businesses and other interested parties. DoD also will consider comments from small entities concerning the affected DFARS subpart in accordance with 5 U.S.C. 610. Such comments should be submitted separately and should cite DFARS Case 2003–D055.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the rule does not impose any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, et seq.

[DFARS Case 2003–D096]

Defense Federal Acquisition Regulation Supplement; Utility Rates Established by Regulatory Bodies

AGENCY: Department of Defense (DoD).

ACTION: Proposed rule with request for comments.

SUMMARY: DoD is proposing to amend the Defense Federal Acquisition Regulation Supplement (DFARS) to update text pertaining to utility rates established by independent and nonindependent regulatory bodies. This proposed rule is a result of a transformation initiative undertaken by DoD to dramatically change the purpose and content of the DFARS.

DATES: Comments on the proposed rule should be submitted in writing to the address shown below on or before April 25, 2005, to be considered in the formation of the final rule.

ADDRESSES: You may submit comments, identified by DFARS Case 2003–D096, using any of the following methods:

- E-mail: dfars@osd.mil. Include DFARS Case 2003–D096 in the subject line of the message.
- Fax: (703) 602–0350.

All comments received will be posted to http://emissary.acq.osd.mil/dar/dfars.nsf.

SUPPLEMENTARY INFORMATION:

A. Background

DFARS Transformation is a major DoD initiative to dramatically change the purpose and content of the DFARS. The objective is to improve the efficiency and effectiveness of the acquisition process, while allowing the acquisition workforce the flexibility to innovate. The transformed DFARS will contain only requirements of law, DoD-wide policies, delegations of FAR authorities, deviations from FAR requirements, and policies/procedures that have a significant effect beyond the internal operating procedures of DoD or a significant cost or administrative impact on contractors or offerors. Additional information on the DFARS Transformation initiative is available at http://www.acq.osd.mil/dpap/dfars/transform.htm.

This proposed rule is a result of the DFARS Transformation initiative. The proposed changes—

- Amend DFARS 239.7401 to update terminology for consistency with the terminology used in the clause at DFARS 252.239–7016; and
- Revise DFARS 239.7405 to delete obsolete text and to add text addressing DoD’s authority to enter into contracts for telecommunications services.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

Therefore, DoD has not performed an initial regulatory flexibility analysis. DoD invites comments from small businesses and other interested parties. DoD also will consider comments from small entities concerning the affected DFARS subpart in accordance with 5 U.S.C. 610. Such comments should be submitted separately and should cite DFARS Case 2003–D055.

Therefore, DoD proposes to amend 48 CFR part 241 as follows:

1. The authority citation for 48 CFR part 241 continues to read as follows:

PART 241—ACQUISITION OF UTILITY SERVICES

2. Section 241.201 is revised to read as follows:

241.201 Policy.

(1) DoD, as a matter of comity, generally complies with the current regulations, practices and decisions of independent regulatory bodies. This policy does not extend to nonindependent regulatory bodies.

(2) Purchases of utility services outside the United States may use—

(i) Formats and technical provisions consistent with local practice; and

(ii) Dual language forms and contracts.

(3) Rates established by an independent regulatory body—

(i) Are considered “prices set by law or regulation”; and

(ii) Are sufficient to set prices without obtaining cost or pricing data (see FAR subpart 13.4); and

(iii) Are a valid basis on which prices can be determined fair and reasonable.

(4) Compliance with the regulations, practices, and decisions of independent regulatory bodies as a matter of comity is not a substitute for the procedures at FAR 41.202(a).

3. Section 241.501 is added to read as follows:

241.501 Solicitation provision and contract clauses.

(d)(1) Use a clause substantially the same as the clause at FAR 52.241–7,
Change in Rates or Terms and Conditions of Service for Unregulated Services, when the utility services to be provided are subject to an independent regulatory body.

(2) Use a clause substantially the same as the clause at FAR 52.241–8, Change in Rates or Terms and Conditions of Service for Unregulated Services, when the utility services to be provided are subject to a regulatory body or are subject to a nonindependent regulatory body.

The transformed DFARS will contain only requirements of law, DoD-wide policies, delegations of FAR requirements, and policies/procedures that have a significant effect beyond the internal operating procedures of DoD or a significant cost or administrative impact on contractors or offerors. Additional information on the DFARS Transformation initiative is available at http://www.acq.osd.mil/dpap/dfars/transf.htm.

This proposed rule is a result of the DFARS Transformation initiative. The proposed changes—

• Delete text on use of competitive procedures and delegated authority to acquire utility services at DFARS 241.202 and 241.203, as these issues are adequately addressed in the Federal Acquisition Regulation;

• Delete obsolete text on preaward contract reviews at DFARS 241.270; and

• Delete procedures and corresponding definitions related to connection charges and award of separate contracts for utility services at DFARS 241.101, 241.202, and 241.205. Text on this subject will be relocated to the new DFARS companion resource, Procedures, Guidance, and Information (PGI), available at http://www.acq.osd.mil/dpap/dars/pgi.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

DoD does not expect this rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, et seq., because the rule deletes DFARS text that is obsolete or duplicative of FAR policy or that addresses DoD procedural matters. Therefore, DoD has not performed an initial regulatory flexibility analysis. DoD invites comments from small businesses and other interested parties. DoD also will consider comments from small entities concerning the affected DFARS subpart in accordance with 5 U.S.C. 610. Such comments should be submitted separately and should cite DFARS Case 2003–D069.
