WTO Dispute Settlement Proceeding Regarding Final Countervailing Duty Determination With Respect to Certain Softwood Lumber From Canada

AGENCY: Office of the United States Trade Representative.

ACTION: Notice; request for comments.

SUMMARY: The Office of the United States Trade Representative (USTR) is providing notice that on January 14, 2005, at the request of Canada, the Dispute Settlement Body (DSB) of the World Trade Organization (WTO) established a dispute settlement panel under the Marrakesh Agreement Establishing the WTO. The panel is to examine whether the United States has failed to implement the WTO’s recommendations and rulings, which will hold its meetings in Geneva, Switzerland, is expected to issue a report on its findings and recommendations within approximately four months of the date it is established.

Prior WTO Proceedings

The dispute settlement panel and Appellate Body reports are publicly available in the USTR reading room and on the WTO Web site http://www.wto.org.
Article 21.5 Proceeding

Pursuant to the rules of the DSU, the United States and Canada agreed that the United States would have until December 17, 2004, to implement the recommendations and rulings of the DSB. To implement these recommendations and rulings, Commerce requested information from Canadian producers and from the Government of Canada and conducted a pass-through analysis, issuing a determination on December 6, 2004, that revised the subsidy rate for the investigation from 18.79% to 18.62%.

On December 30, 2004, Canada alleged that the United States had not properly implemented the recommendations and rulings and requested the establishment of a dispute settlement panel under Article 21.5 of the DSU to review this implementation. The panel was established on January 14, 2005.

In its request under Article 21.5, Canada alleges that Commerce failed to implement the recommendations and rulings of the DSB by incorrectly (1) Limiting the pass-through analysis to only certain categories of sales; (2) determining that certain sales were not at arm’s length and that a pass-through occurred; (3) applying the results of the pass-through analysis to a cash deposit rate “invalidated as a result of judicial review proceedings” and (4) not conducting a pass-through analysis in the first administrative review of the countervailing duty order that resulted from the countervailing duty investigation at issue.

The European Communities has indicated its interest to participate in the dispute as a third party.

WTO Dispute Settlement Proceeding Regarding United States—Continued Suspension of Obligations in the EC—Hormones Dispute

AGENCY: Office of the United States Trade Representative.

ACTION: Notice; request for comments.

SUMMARY: The Office of the United States Trade Representative (“USTR”) is providing notice that on January 13, 2005, the United States received from the European Communities (“EC”) a request for the establishment of a panel under the Marrakesh Agreement Establishing the World Trade Organization (“WTO Agreement”) regarding the U.S. suspension of obligations to the EC in the WTO dispute European Communities—Measures Concerning Meat and Meat Products (Hormones). The EC asserts that it has put into force new legislation that brings it into conformity with the recommendations and rulings of the Dispute Settlement Body (“DSB”) and its obligations under the WTO Agreement on the Application of Sanitary and Phytosanitary Measures (“SPS Agreement”). The EC therefore challenges the continued U.S. suspension of obligations and imposition of import duties in excess of bound rates on imports from the EC, the alleged U.S. “unilateral determination” that the new EC legislation is in
