Notice of Intent To Prepare an Environmental Impact Statement (EIS) for the Proposed "M" Pit Mine Expansion at Montana Tunnels Mine**AGENCY:** Bureau of Land Management, Interior.**ACTION:** Notice of intent.

SUMMARY: The Bureau of Land Management (BLM), Butte Field Office, and the Montana Department of Environmental Quality (DEQ) intend to prepare an Environmental Impact Statement for the "M" Pit Mine Expansion at Montana Tunnels Mine. The BLM and DEQ will announce a public scoping meeting to identify relevant issues in advance through BLM's and DEQ's web sites and in local news media at least 15 days prior to the event.

DATES: The scoping comment period will start with the publication of this notice. Comments should be received by March 24, 2005 at the address listed below.

ADDRESSES: You may submit comments by any of the following methods:

- Email: gHallsten@state.mt.us.
- Mail: Send written comments to

"M" Pit Mine Expansion at Montana Tunnels Mine EIS, Greg Hallsten, Montana Department of Environmental Quality, Director's Office, PO Box 200901, Helena, MT 59620-0901.

FOR FURTHER INFORMATION CONTACT: For further information and/or to have your name added to our mailing list, contact: Greg Hallsten, (406) 444-3276, Montana Department of Environmental Quality, Director's Office, PO Box 200901, Helena, MT 59620-0901, gHallsten@state.mt.us or David Williams, (406) 533-7655, Bureau of Land Management, Butte Field Office, 106 N. Parkmont, Butte, MT 597701, david_r_williams@blm.gov. Documents related to this EIS will be posted on the Montana DEQ Web site (www.deq.state.mt.us).

SUPPLEMENTARY INFORMATION: This document provides notice that the Butte Field Office, Montana intends to prepare an Environmental Impact Statement for the "M" Pit Mine Expansion at Montana Tunnels Mine in cooperation with the State of Montana, Department of Environmental Quality.

The mine area is located approximately five miles west of Jefferson City, Jefferson County,

Montana. Montana Tunnels has mined and processed ore from a polymetallic mineral deposit since 1986 producing lead, zinc, gold and silver. It encompasses approximately 150 acres of public land. The EIS will fulfill the needs and obligations set forth by the National Environmental Policy Act (NEPA), the Federal Land Policy and Management Act (FLPMA), and BLM management policies. The BLM will work collaboratively with interested parties to identify the management decisions that are best suited to local, regional, and national needs and concerns.

The purpose of the public scoping process is to determine relevant issues that will influence the scope of the environmental analysis and EIS alternatives. Comments on issues can be submitted as indicated above. To be most helpful, formal scoping comments should be submitted within 15 days after the public meeting, although comments will be accepted throughout the preparation of the EIS. The list of attendees and information gathered at each scoping meeting will be available to the public and open for 30 days after the meeting to any participant who wishes to clarify the views expressed. Individual respondents may request confidentiality. If you wish to withhold your name and/or address from public review or disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your written comment. Such requests will be honored to the extent allowed by law. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, are available for public inspection in their entirety.

The BLM and DEQ are seeking comments from individuals, organizations, tribal governments, and Federal, State, and local agencies that are interested or may be affected by the proposed action. While public participation is welcome at any time, comments received within 30 days of the publication of this notice will be especially useful in the preparation of the EIS. To assist the BLM and DEQ in identifying and considering issues and concerns on the proposed action, comments on the proposed EIS should be as specific as possible. Reviewers may wish to refer to the Council on Environmental Quality Regulations that implement the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

An application for mine expansion from Montana Tunnels necessitates the additional environmental analysis. Preliminary issues and management concerns have been identified by BLM and Montana DEQ personnel, other agencies, and in meetings with individuals and user groups. They represent the agencies' knowledge to date on existing issues and concerns. An interdisciplinary approach will be used to develop the EIS in order to consider the variety of resource issues and concerns identified. Disciplines involved in the planning process will include specialists with expertise in: minerals and geology, wildlife, hydrology, soils, sociology and economics.

Dated: November 15, 2004.

Steven Hartmann,

Assistant Field Manager.

Notice of Proposed Reinstatement of Terminated Oil and Gas Lease, Utah

January 18, 2005.

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: In accordance with section 31 (d) and (e) of the Mineral Leasing Act of 1920, a petition for reinstatement of oil and gas lease UTU76767 for lands in Uintah County, Utah, was timely filed and required rentals accruing from October 1, 2004, the date of termination, have been paid.

FOR FURTHER INFORMATION CONTACT: Teresa Catlin, Acting Chief, Branch of Fluid Minerals at (801) 539-4122.

SUPPLEMENTARY INFORMATION: The lessee has agreed to new lease terms for rentals and royalties at rates of \$5 per acre and 16-2/3 percent, respectively. The \$500 administrative fee for the lease has been paid and the lessee has reimbursed the Bureau of Land Management for the cost of publishing this notice.

Having met all the requirements for reinstatement of the lease as set out in section 31 (d) and (e) of the Mineral Leasing Act of 1920 (30 U.S.C. 188), the Bureau of Land Management is proposing to reinstate lease UTU76767, effective October 1, 2004, subject to the original terms and conditions of the lease and the increased rental and royalty rates cited above.

Teresa Catlin,

Acting Chief, Branch of Fluid Minerals.

Notice of Proposed Reinstatement of Terminated Oil and Gas Lease

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Proposed Reinstatement of Terminated Oil and Gas Lease.

SUMMARY: Under the provisions of 30 U.S.C. 188(d) and (e), and 43 CFR 3108.2-3(a) and (b)(1), the Bureau of Land Management (BLM) received a petition for reinstatement of oil and gas lease WYW155783 for lands in Carbon County, Wyoming. The petition was filed on time and was accompanied by all the rentals due since the date the lease terminated under the law.

FOR FURTHER INFORMATION CONTACT: Bureau of Land Management, Pamela J. Lewis, Chief, Fluid Minerals Adjudication, at (307) 775-6176.

SUPPLEMENTARY INFORMATION: The lessee has agreed to the amended lease terms for rentals and royalties at rates of \$10.00 per acre or fraction thereof, per year and 16 2/3 percent, respectively. The lessee has paid the required \$500 administrative fee and \$166 to reimburse the Department for the cost of this **Federal Register** notice. The lessee has met all the requirements for reinstatement of the lease as set out in Section 31(d) and (e) of the Mineral Lands Leasing Act of 1920 (30 U.S.C. 188), and the Bureau of Land Management is proposing to reinstate lease WYW155783 effective September 1, 2004, under the original terms and conditions of the lease and the increased rental and royalty rates cited above. BLM has not issued a valid lease affecting the lands.

Pamela J. Lewis,

Chief, Fluid Minerals Adjudication.
