subsequent years, authorized Tribes and local governments may also become eligible for BEACH Act grants. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Dated: February 9, 2005.
Geoffrey H. Grubbs,
Director, Office of Science and Technology.

Executive Order 13328 established the Commission for the purpose of assessing whether the Intelligence Community is sufficiently authorized, organized, equipped, trained, and resourced to identify and warn in a timely manner of, and to support the United States Government’s efforts to respond to, the development of Weapons of Mass Destruction, related means of delivery, and other related threats of the 21st Century. This meeting will consist of briefings and discussions involving classified matters of national security, including classified briefings from representatives of agencies within the Intelligence Community; Commission discussions based upon the content of classified intelligence documents the Commission has received from agencies within the Intelligence Community; and presentations concerning the United States’ intelligence capabilities that are based upon classified information.

While the Commission does not concede that it is subject to the requirements of the Federal Advisory Committee Act (FACA), 5 United States Code Appendix 2, it has been determined that the March 9–10, 2005, meeting would fall within the scope of exceptions (c)(1) and (c)(9)(B) of the Sunshine Act, 5 United States Code, Sections 552b(c)(1) & (c)(9)(B), and thus could be closed to the public if FACA did apply to the Commission.

DATES: Wednesday, March 9, 2005 (9 a.m. to 5 p.m.), and Thursday, March 10, 2005 (9 a.m. to 2 p.m.).

ADRESSES: Members of the public who wish to submit a written statement to the Commission are invited to do so by facsimile at (703) 414–1203, or by mail at the following address: Commission on the Intelligence Capabilities of the United States Regarding Weapons of Mass Destruction, Washington, D.C., 20503. Comments also may be sent to the Commission by e-mail at comments@wmd.gov.

FOR FURTHER INFORMATION CONTACT: Brett C. Gerry, Associate General Counsel, Commission on the Intelligence Capabilities of the United States Regarding Weapons of Mass Destruction, by facsimile, or by telephone at (703) 414–1200.

On February 2, 2005 (70 FR 5446), the Federal Communications Commission published a Notice requesting comments on Public Information Collection(s) Being Reviewed by the Federal Communications Commission.

The summary contained an inaccurate description of the decision of the Report and Order (R&O) titled, “In the Matter of Procedures to Govern the Use of Satellite Earth Stations on Board Vessels (ESV) in the 5925–6425 MHz/3700–4200 MHz Bands and 14.0–14.5 GHz/11.7–12.2 GHz Bands,” IB Docket No. 02–10, FCC 04–286. On page 5446, in the first and second column, the Needs and Uses section is corrected to read as follows:

Needs and Uses: The R&O includes the following new Paperwork Reduction Act (PRA) reporting requirements: (1) C- and Ku-band ESV operators that coordinate their use of the 5925–6425 MHz band with the Fixed Services (FS) shall file a notification of that coordination with the Commission to be placed on Public Notice; (2) C-band ESV operators that coordinate their use of the 14.0–14.2 GHz and 14.47–14.5 GHz bands through the National Telecommunications and Information Administration (NTIA) Interdepartment Radio Advisory Committee (IRAC) shall file a notification of that coordination with the Commission to be placed on Public Notice; and (4) C- and Ku-band ESV operators must have a contact that is available in the United States 24 hours a day, 7 days a week, to respond to Fixed Satellite Service (FSS) operators’ requests. The name, telephone number, and other pertinent information of the contact will be posted on the Commission’s Web site, http://www.fcc.gov.

The Commission established licensing and service rules to govern ESV operations and to prevent interference to existing users within the C- and Ku-band ESV operators.”
bands. ESV operators must submit applications (FCC Form 312) and exhibits (Schedule B) to the Commission to demonstrate that they comply with the Commission’s legal and/or engineering rules. Additionally, the Commission requires a myriad of technical information such as, but not limited to, frequency of operation, off-axis effective isotropically radiated power spectral density, and the geographic area(s) in which the ESVs will operate to evaluate potential interference to existing users from ESVs. The purposes of this information collection are as follows: (1) Establish licensing and service rules for ESVs in the Ku-band and C-band; (2) prevent harmful interference to Fixed Services (FS), Fixed Satellite Service (FSS) and a limited number of Federal government facilities; (3) further the Commission’s goals to manage spectrum efficiently; and (4) advance the provision of broadband telecommunication services that will benefit U.S. citizens on passenger, government (military and civilian), cargo and large recreational vessels. Without such information, the Commission would not be able to take the necessary measures to prevent harmful interference to existing users’ operations from ESVs. Finally, the Commission would not be able to advance its goals of managing spectrum efficiently and promoting broadband technologies to benefit American consumers throughout the United States and abroad.

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Reviewed by the Federal Communications Commission for Extension Under Delegated Authority

February 14, 2005.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act (PRA) of 1995, Pub. L. 104–13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission’s burden estimate; (c) ways to enhance the quality, utility and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written Paperwork Reduction (PRA) comments should be submitted on or before April 25, 2005. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all Paperwork Reduction Act (PRA) comments to Cathy Williams, Federal Communications Commission, Room 1–C823, 445 12th Street, SW., Washington, DC 20554 or via the Internet to Cathy.Williams@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection(s), contact Cathy Williams at 202–418–2918 or via the Internet at Cathy.Williams@fcc.gov.

SUPPLEMENTARY INFORMATION:
OMB Control Number: 3060–0669. Title: Section 76.946, Advertising of Rates.

Form Number: Not applicable.
Type of Review: Extension of a currently approved collection.
Respondents: Business or other for-profit entities.
Number of Respondents: 8,250.
Estimated Time per Response: 30 minutes (0.5 hours).
Frequency of Response: Recordkeeping requirement: Third party disclosure requirement.
Total Annual Burden: 4,125 hours.
Total Annual Cost: None.
Privacy Impact Assessment: No impact(s).
Needs and Uses: 47 CFR Section 76.946 states that cable operators that advertise for basic service and cable programming service tiers shall be required to advertise rates that include all costs and fees. Cable systems that cover multiple franchise areas having differing franchise fees or other franchise costs, different channel line-ups, or different rate structures, may advertise a complete range of fees without specific identification of the rate for each individual area. In such circumstances, the operator may advertise a “fee plus” rate that indicates the core rate plus the range of possible additions, depending upon the particular location of the subscriber. The Commission has set forth this disclosure requirement to ensure consumer awareness of all fees associated with basic service and cable programming service tier rates.
