**ACTION:** Notice of Advisory Committee Meeting.

**SUMMARY:** The Defense Science Board Task Force on Munitions System Reliability will meet in closed session on March 30-31, 2005, at SAIC, 4001 N. Fairfax Drive, Arlington, VA. On March 30, 2005 from 8:45 a.m.-10:45 a.m. the Task Force meeting will be open. Should you want to attend this open portion of the meeting please contact CDR David Waugh, USN, (703) 695-4158 by March 18, 2005. This Task Force will review the efforts thus far to improve the reliability of munitions systems and identify additional steps to be taken to reduce the amount of unexploded ordnance resulting from munitions failures. The Task Force will: Conduct a methodologically sound assessment of the failure rates of U.S. munitions in actual combat use; review ongoing efforts to reduce the amount of unexploded ordnance resulting from munitions systems failures, and evaluate whether there are ways to improve or accelerate these efforts; and identify other feasible measures the U.S. can take to reduce the threat that failed munitions pose to friendly forces and noncombatants.

The mission of the Defense Science Board is to advise the Secretary of Defense and the Under Secretary of Defense for Acquisition, Technology & Logistics on scientific and technical matters as they affect the perceived needs of the Department of Defense. At these meetings, the Defense Science Board Task Force will: Conduct a methodologically sound assessment of the failure rates of U.S. munitions in actual combat use; review ongoing efforts to reduce the amount of unexploded ordnance resulting from munitions systems failures, and evaluate whether there are ways to improve or accelerate these efforts; and identify other feasible measures the U.S. can take to reduce the threat that failed munitions pose to friendly forces and noncombatants.

In accordance with section 10(d) of the Federal Advisory Committee Act, Pub. L. No. 92-463, as amended (5 U.S.C. App. 2), it has been determined that these defense Science Board Task Force meetings concern matters listed in 5 U.S.C. 552b(c)(1) and that, accordingly, these meetings will be closed to the public.

**SUMMARY:** The Defense Science Board Task Force on Red Lessons Learned will meet in closed session on March 16-17, 2005, at SAIC, 4001 N. Fairfax Drive, Arlington, VA. This Task Force will assess what useful information can our adversaries learn from U.S. military engagement and, particularly, what might they have learned from Operation Iraqi Freedom and Operation Enduring Freedom; identify the channels through which adversaries learn about U.S. capabilities; is there any evidence an adversary is adjusting to U.S. capabilities and what might the U.S. do to counter this; what are the indicators or observables that the Intelligence Community can focus on to determine if an adversary is engaging in this type of practice and do the indicators change in peacetime or wartime; do different technology insertion models exist; is there any evidence potential adversaries are targeting the seams in the U.S. command and control alignment and planning process; and the preceding areas of concern focus primarily on the military operations phases, are the potential adversaries observing, analyzing and adapting during the preparation and stabilization phase?

The mission of the Defense Science Board is to advise the Secretary of Defense and the Under Secretary of Defense for Acquisition, Technology & Logistics on scientific and technical matters as they affect the perceived needs of the Department of Defense.

In accordance with Section 10(d) of the Federal Advisory Committee Act, Pub. L. 92-463, as amended (5 U.S.C. App. 2), it has been determined that these Defense Science Board Task Force meetings concern matters listed in 5 U.S.C. 552b(c)(1) and that, accordingly, these meetings will be closed to the public.

### Office of the Secretary

#### Defense Science Board

**AGENCY:** Department of Defense.

**ACTION:** Notice of advisory committee meeting.

**SUMMARY:** The Defense Science Board (DSB) Task Force on Strategic Strike Skills will meet in closed session on March 9-10, 2005; April 20-21, 2005; and May 12-13, 2005, in Arlington, VA. The Task Force will assess the future strategic strike force skills needs of the Department of Defense (DoD).

The mission of the DSB is to advise the Secretary of Defense and the Under Secretary of Defense for Acquisition, Technology & Logistics on scientific and technical matters as they affect the perceived needs of the Department of Defense. Last summer the DSB assessed DoD needs for future strategic strike forces. Assessed was the application of technology for non-nuclear weapons systems, communications, planning systems, and intelligence as well as the integration of strategic strike with active defenses as part of the new triad. This "skills" study will complement the previous strategic forces study by focusing on the people and the skills necessary to develop, maintain, plan, and successfully execute future strategic strike forces. At this meeting, the Task Force will: Assess current skills available, both nuclear and non-nuclear of current long-range strike forces; identify, assess and recommend new/modified/enhanced skill sets necessary for successful future strike force development, planning, and operations; and recommend a strategy for the successful evolution of the current skills to those required by future strike forces.

In accordance with section 10(d) of the Federal Advisory Committee Act, Pub. L. No. 92-463, as amended (5 U.S.C. App. 2), it has been determined that this Defense Science Board Task Force meeting concerns matters listed in 5 U.S.C. 552b(c)(1) and that, accordingly, the meeting will be closed to the public.

**ACTION:** Notice of advisory committee meetings.

**SUMMARY:** The Defense Science Board Task Force on Critical Homeland Installation Protection will meet in closed sessions on February 23, 2005, at SAIC, 4001 N. Fairfax Drive, Suite 500, Arlington, VA. The Task Force will access best practices for protecting US homeland installations and recommend various approaches to enhancing security and protection of these facilities.

The mission of the Defense Science Board is to advise the Secretary of Defense and the Under Secretary of Defense for Acquisition, Technology & Logistics on scientific and technical matters as they affect the perceived needs of the Department of Defense. At these meetings, the Task Force will assess investments in technology and manpower in order to ensure proper security levels at our nation's high-value installations with particular emphasis on airports, harbors, nuclear power facilities and military bases. To that end, the Task Force will review existing best practices in force protection and security at civil, industrial and military complexes; assess shortfalls and deficiencies associated with operational security, identify promising technology and/or processes that will enhance security, and recommend methods for reducing overall manpower requirements without relinquishing robust security measures.

In accordance with section 10(d) of the Federal Advisory Committee Act, Pub. L. 92-463, as amended (5 U.S.C. App. II), it has been determined that these Defense Science Board Task Force meetings concern matters listed in 5 U.S.C. 552b(c)(1) and that, accordingly, the meetings will be closed to the public.
