

measures that will yield information on various aspects of performance consistent with the program's purpose. When implemented, each grantee will be required to submit data documenting its performance on these measures.

In addition, the applicant's proposed project evaluation must describe the extent to which the methods of evaluation include the use of objective performance measures that are clearly related to the intended outcomes of the project and will produce quantitative and qualitative data on the project's contribution to the reform and improvement of such systems.

If funded, the applicant will be expected to report such data in the projects' annual performance reports (34 CFR 75.590). Data should reflect how States have used State Personnel Development Grant funding, in addition to State resources, to reform and improve their systems for personnel preparation and professional development.

We will notify grantees of the performance measures once they are developed.

Federal Energy Regulatory Commission

[Docket No. CP05-73-000]

Northern Natural Gas Company; Notice of Application

February 25, 2005.

Take notice that on February 18, 2005, Northern Natural Gas Company (Northern), 1111 South 103rd Street, Omaha, Nebraska 68124, filed an application in Docket No. CP05-73-000 pursuant to section 7(c) of the Natural Gas Act (NGA) and Part 157(A) of the Commission's Regulations, for authorization to construct and operate two pig launchers, with appurtenances, located in Carver County, Minnesota, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing may be also viewed on the Web

at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERConline Support at FERConlineSupport@ferc.gov or toll free at (866) 208-3676, or TTY, contact (202) 502-8659.

The pig launchers would be attached to the Waconia branch lines, which would allow Northern to run an in-line inspection tool to gather data on the condition of the pipeline. These facilities are required in order for Northern to perform duties in compliance with the Pipeline Safety Improvement Act of 2002 and the Department of Transportation Final Integrity management Rule for High Consequence Areas. The proposed installation and operation of the pig launchers will not impact capacity on the Waconia branch lines. Northern has used section 2.55(a) of the Commission's Regulations to install pig launchers in the past, but that, under section 2.55(a) pipelines are not authorized to acquire needed easements for property by exercise of eminent domain. Northern is filing this 7(c) application in order to receive authority from the Commission to install pig launchers and to be allowed to exercise the power of eminent domain to acquire the necessary easements to install the required facilities. Northern has estimated the capital cost for the pig launchers at \$386,159.

Any questions regarding this application should be directed to Michael T. Loeffler, Director of Certificates for Northern, 111 South 103rd Street, Omaha, Nebraska 68124, at (402) 398-7103, or Bret Fritch, Senior Regulatory Analyst, at (402) 398-7140.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in
