### 40 CFR Part 52

[CA 311-0471b; FRL-7878-4]

#### Revisions to the California State Implementation Plan, Kern County Air Pollution Control District

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** EPA is proposing to approve revisions to the Kern County Air Pollution Control District (KCAPCD) portion of the California State Implementation Plan (SIP). The revisions concern the emission of particulate matter (PM-10) from wood combustion and the rescission of a rule exempting wet plumes from opacity measurement. We are proposing approval of a local rule and a rescission of a rule that administer regulations and regulate emission sources under the Clean Air Act as amended in 1990 (CAA or the Act).

**DATES:** Any comments on this proposal must arrive by April 7, 2005.

**ADDRESSES:** Mail or e-mail comments to Andy Steckel, Rulemaking Office Chief (AIR-4), U.S. Environmental Protection Agency, Region IX, 75 Hawthorne Street, San Francisco, CA 94105, or e-mail to [steckel.andrew@epa.gov](mailto:steckel.andrew@epa.gov), or submit comments at <http://www.regulations.gov>.

You can inspect a copy of the submitted rule revision and EPA's technical support document (TSD) at our Region IX office during normal business hours. You may also see a copy of the submitted rule revision and TSD at the following locations:

**SUPPLEMENTARY INFORMATION:** This proposal addresses the approval of local KCAPCD Rule 416.1 and rescission of Rule 403. In the Rules section of this **Federal Register**, we are approving this local rule and rule rescission in a direct final action without prior proposal because we believe these SIP revisions are not controversial. If we receive adverse comments, however, we will publish a timely withdrawal of the direct final rule and address the comments in subsequent action based on this proposed rule. Please note that if we receive adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, we may adopt as final those provisions of the rule that are not the subject of an adverse comment.

We do not plan to open a second comment period, so anyone interested in commenting should do so at this time. If we do not receive adverse comments, no further activity is planned. For further information, please see the direct final action.

Dated: February 8, 2005.

**Karen Schwinn,**

Acting Regional Administrator, Region IX.
