

laws relating to the manufacture, distribution, or dispensing of controlled substances, is not relevant for consideration, as there is no evidence Dr. Bischoff has yet been convicted of any crime related to controlled substances. However, it is noted the investigation has been provided to local authorities for possible initiation of criminal charges.

With respect to factor five, other conduct that many threaten the public health and safety, Respondent's actions discussed above are also relevant under this factor. The Deputy Administrator is particularly troubled by Dr. Bischoff's abuse of the trust placed in him as a family friend and physician, both by the minor and his parents and by Dr. Bischoff's calculated efforts to obtain controlled substances through fraud and misrepresentation.

In sum, Dr. Bischoff's cavalier disregard for the law and regulations governing controlled substances and the abandonment of his responsibilities as a physician and registrant cannot be tolerated. They weigh heavily in favor of a finding that his continued registration would not be in the public interest.

Accordingly, the Deputy Administrator of the Drug Enforcement Administration, pursuant to the authority vested in her by 21 U.S.C. 823 and 28 CFR 0.100(b), and 0.104, hereby orders that DEA Certificate of Registration BB0377247, issued to James S. Bischoff, M.D., be, and it hereby is, revoked. The Deputy Administrator further orders that any pending applications for renewal or modification of such registration be, and they hereby are, denied. This order is effective April 14, 2005.

Dated: February 24, 2005.

**Michele M. Leonhart,**  
Deputy Administrator.

**AGENCY:** Bureau of International Labor Affairs, U.S. Department of Labor.

**Announcement Type:** Notice of intent to solicit cooperative agreement applications.

**SUMMARY:** The U.S. Department of Labor (USDOL), Bureau of International Labor Affairs (ILAB), intends to award approximately U.S. \$17 million to organizations to develop and implement formal, non-formal, and vocational education programs as a means to combat exploitive child labor in the following countries: Mozambique, Angola, Sierra Leone, Liberia, Ecuador, Bolivia, and Guyana. The programs should focus on innovative ways to provide educational services to children engaged, or at risk of engaging, in exploitive labor and should address the many gaps and challenges to basic education found in the countries mentioned above. Please refer to <http://www.dol.gov/ILAB/grants/main.htm> for examples of previous notices of availability of funds and solicitations for cooperative agreement applications.

Information on the specific sectors, geographical regions, and funding levels on the potential projects in the countries listed above will be addressed in solicitations for cooperative agreement applications to be published prior to September 30, 2005. Thus, we request that inquiries to USDOL for such information be limited until publication of the solicitations. **Background Information:** Since 1995, USDOL has supported a worldwide technical assistance program implemented by the International Labor Organization's International Program on the Elimination of Child Labor (ILO-IPEC). In its FY 2005 appropriations, in addition to funds earmarked for ILO-IPEC, USDOL received U.S. \$34 million to provide bilateral assistance to improve access to basic education in international areas with a high rate of abusive and exploitive child labor. All
