Abstract

The information contained Department of Veterans Acquisition Regulation (VAAR) Clauses 852.236-72, Alternate I to 852.236-80, 852.236-82, 852.236-83, 852.236-84, and 852.236-88 is necessary for VA to administer construction contracts, and to carry out its responsibility to construct, maintain and repair real property for the Department.

a. VAAR Clause 852.236-72, Performance of Work by the Contractor,

requires contractors awarded a construction contract containing Federal Acquisition Regulation (FAR) clause 52.236-1, to submit a statement designating the branch or branches of contract work to be performed by the contractor's own forces. The VAAR clause implements the FAR clause by requiring the contractor to provide information to the contracting officer on how the contractor intends to fulfill this contractual obligation. The contracting officer uses this information to ensure that the contractor complies with the contract requirements.

b. Alternate I to Clause 852.236-80, Work Coordination, requires construction contractors, on contracts involving complex mechanical-electrical work, to furnish coordination drawings showing the manner in which utility lines will fit into available spaces and relate to each other and to the existing building elements. The information is used by the contracting officer and VA engineer assigned to the project to resolve any problems relating to the installation of utilities on construction contract.

c. VAAR Clause 852.236-82, Payments Under Fixed-Price Construction Contracts (without NAS), requires construction contractors to submit a schedule of costs for work to be performed under the contract. If the contract includes guarantee period services, Alternate I requires contractor to submit information on the total and itemized costs of the guarantee period services and to submit a performance plan/program. The information is needed to allow the contracting officer to determine the correct amount to pay the contractor as work progresses and to properly proportion the amount paid for guarantee period services.

d. VAAR Clause 852.236-83, Payments Under Fixed-Price Construction Contracts (with NAS), requires construction contractors to submit a schedule of costs for work to be performed under the contract. If the contract includes guarantee period services, Alternate I requires contractor to submit information on the total and itemized costs of the guarantee period services and to submit a performance plan/program. The information is needed to allow the contracting officer to determine the correct amount to pay the contractor as work progresses and to properly proportion the amount paid for guarantee period services. The difference between this clause and the one above 852.236-82 is that this clause requires the contractor to use a computerized Network Analysis System (NAS) to prepare the cost estimate.

e. VAAR Clause 852.236-84, Schedule of Work Progress, requires construction contractors, on contracts that do not require the use of a NAS, to submit a progress schedule. The information is used by the contracting officer to track the contractor's progress under the contract and to determine whether or not the contractor is making satisfactory progress.

f. VAAR Clause 852.236-88, Contract Changes, Supplements FAR Clause 52.243-4, Changes. FAR Clause 52.243-4 authorizes the contracting officer to order changes to a construction contract but does not specifically require the contractor to submit cost proposals for those changes. VAAR Clause 852.236-88 requires contractors to submit cost proposal for changes ordered by the contracting officer or for changes proposed by the contractor. This information is needed to allow the contracting officer and the contractor to reach a mutually acceptable agreement on how much to pay the contractor for the proposed changes to the contract. It is also used by the contracting officer to determine whether or not to authorize the proposed changes or whether or not additional or alternate cost proposals for changes are needed.

An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. The **Federal Register** Notice with a 60-day comment period soliciting comments on this collection of information was published on December 23, 2004, at pages 76975-76976.

Affected Public: Business or other for-profit, Individuals and households, Not-for-profit institutions.
