North Carolina: Final Authorization of State Hazardous Waste Management Program Revisions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: North Carolina has applied to EPA for Final authorization of the changes to its hazardous waste program under the Resource Conservation and Recovery Act (RCRA). EPA proposes to grant final authorization to North Carolina. In the "Rules and Regulations" section of this **Federal Register**, EPA is authorizing the changes

by an immediate final rule. EPA did not make a proposal prior to the immediate final rule because we believe this action is not controversial and do not expect comments that oppose it. We have explained the reasons for this authorization in the preamble to the immediate final rule. Unless we get written comments which oppose this authorization during the comment period, the immediate final rule will become effective on the date it establishes, and we will not take further action on this proposal. If we get comments that oppose this action, we will withdraw the immediate final rule and it will not take effect. We will then respond to public comments in a later final rule based on this proposal. You may not have another opportunity for comment. If you want to comment on this action, you must do so at this time.

DATES: Send your written comments by April 22, 2005.

ACTION: Proposed rule with request for comments.

SUMMARY: DoD is proposing to amend the Defense Federal Acquisition Regulation Supplement (DFARS) to remove procedures for breaking out components of end items for future acquisitions. The proposed rule is a result of a transformation initiative undertaken by DoD to dramatically change the purpose and content of the DFARS.

SUPPLEMENTARY INFORMATION:**A. Background**

DFARS Transformation is a major DoD initiative to dramatically change the purpose and content of the DFARS. The objective is to improve the efficiency and effectiveness of the

acquisition process, while allowing the acquisition workforce the flexibility to innovate. The transformed DFARS will contain only requirements of law, DoD-wide policies, delegations of FAR authorities, deviations from FAR requirements, and policies/procedures that have a significant effect beyond the internal operating procedures of DoD or a significant cost or administrative impact on contractors or offerors. Additional information on the DFARS Transformation initiative is available at <http://www.acq.osd.mil/dp/dars/transf.htm>.

This proposed rule is a result of the DFARS Transformation initiative. The proposed rule removes DFARS Appendix D, Component Breakout. Appendix D contains DoD procedures for breakout of components of end items for future acquisitions. This text will be relocated to the new DFARS companion resource, Procedures, Guidance, and Information (PGI), available at <http://www.acq.osd.mil/dpap/dars/pgi>. A policy statement on component breakout is added at DFARS 207.105(b)(2)(ii)(70).

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

DoD does not expect this rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because the text in DFARS Appendix D, Component Breakout, relates primarily to DoD responsibilities for review of items for component breakout. Therefore, DoD has not performed an initial regulatory flexibility analysis. DoD invites comments from small businesses and other interested parties. DoD also will consider comments from small entities concerning the affected DFARS subpart in accordance with 5 U.S.C. 610. Such comments should be submitted separately and should cite DFARS Case 2003–D071.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the rule does not contain any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

Authority: 41 U.S.C. 421 and 48 CFR Chapter 1.

PART 207—ACQUISITION PLANNING

2. Section 207.105 is amended by adding paragraph (b)(2)(ii)(70) to read as follows:

207.105 Contents of written acquisition plans.

* * * * *

(b) * * *

(2)(ii)(70) *Component breakout.* It is DoD policy to break out components of weapons systems or other major end items under certain circumstances. Follow the procedures at PGI 207.105(b)(2)(ii)(70) for component breakout.
