SUPPLEMENTARY INFORMATION:

A. Background

This interim rule adds DFARS Subpart 207.5 to implement Section 804 of the National Defense Authorization Act for Fiscal Year 2005 (Public Law 108-375). Section 804 adds 10 U.S.C. 2383, which places limitations on the award of contracts for performance of the acquisition functions closely associated with inherently governmental functions that are listed in section 7.503(d) of the Federal Acquisition Regulation.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

DoD has prepared an initial regulatory flexibility analysis consistent with 5 U.S.C. 603. The analysis is summarized as follows: The objective of the rule is to ensure proper management and oversight of contracts for functions that generally are not considered to be inherently governmental, but may approach being in that category because of the nature of the function, the manner in which the contractor performs the contract, or the manner in which the Government administers contractor performance. The impact of the rule on small entities is unknown at this time. DoD agencies will implement the requirements of the rule in making decisions whether to enter into, and in the administration of, contracts for performance of the acquisition functions closely associated with inherently governmental functions that are listed in section 7.503(d) of the Federal Acquisition Regulation. DoD invites comments from small businesses and other interested parties. DoD also will consider comments from small entities concerning the affected DFARS subpart in accordance with 5 U.S.C. 610. Such comments should be submitted separately and should cite DFARS Case 2004-D021.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply, because the rule does not contain any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, et seq.

D. Determination To Issue an Interim Rule

A determination has been made under the authority of the Secretary of Defense that urgent and compelling reasons exist to publish an interim rule prior to affording the public an opportunity to comment. This interim rule implements Section 804 of the National Defense Authorization Act for Fiscal Year 2005 (Public Law 108-375). Section 804 provides that DoD may enter into contracts for the performance of acquisition functions closely associated with inherently governmental functions only if: (1) Appropriate DoD personnel cannot reasonably be made available to perform the functions; (2) appropriate DoD personnel will supervise contractor performance and will perform all associated inherently governmental functions; and (3) DoD addresses any potential organizational conflict of interest of the contractor in the performance of the contract. Section 804 became effective upon enactment on October 28, 2004. Comments received in response to this interim rule will be considered in the formation of the final rule.

A. Background

This final rule amends DFARS 219.702 to implement Section 843 of the National Defense Authorization Act for Fiscal Year 2005 (Pub. L. 108–375). [DFARS Case 2003–D030]

Defense Federal Acquisition Regulation Supplement; Major Systems Acquisition

AGENCY: Department of Defense (DoD).

ACTION: Final rule.

SUMMARY: DoD has issued a final rule amending the Defense Federal Acquisition Regulation Supplement (DFARS) to update text pertaining to major systems acquisition, earned value management systems, and cost/schedule status reporting. This rule is a result of a transformation initiative undertaken by DoD to dramatically change the purpose and content of the DFARS.

DATES: *Effective Date:* March 23, 2005.

FOR FURTHER INFORMATION CONTACT: Ms. Michele Peterson, Defense Acquisition Regulations Council, OUSD (AT&L) DPAP (DAR), IMD 3C132, 3062 Defense Pentagon, Washington, DC 20301–3062. Telephone (703) 602–0311; facsimile (703) 602–0350. Please cite DFARS Case 2003–D030.

SUPPLEMENTARY INFORMATION:

A. Background

DFARS Transformation is a major DoD initiative to dramatically change the purpose and content of the DFARS. The objective is to improve the efficiency and effectiveness of the acquisition process, while allowing the acquisition workforce the flexibility to innovate. The transformed DFARS will contain only requirements of law, DoD-wide policies, delegations of FAR authorities, deviations from FAR requirements, and policies/procedures that have a significant effect beyond the internal operating procedures of DoD or a significant cost or administrative impact on contractors or offerors. Additional information on the DFARS Transformation initiative is available at <http://www.acq.osd.mil/dpap/dfars/transf.htm>.

This final rule is a result of the DFARS Transformation initiative. The DFARS changes include—

- Deletion of the definitions of “systems” and “systems acquisition” at DFARS 234.001, since these terms are not used within DFARS part 234.

- Relocation of text on earned value management systems from DFARS part 234 to part 242, since earned value management system requirements are not limited to major systems acquisition. The earned value management system thresholds
