## OFFICE OF GOVERNMENT ETHICS

### Submission for OMB Review; Comment Request for Unmodified Public Financial Disclosure Access Customer Service Survey

**AGENCY:** Office of Government Ethics (OGE).

**ACTION:** Notice.

**SUMMARY:** The Office of Government Ethics has submitted the Public Financial Disclosure Access Customer Service Survey to the Office of Management and Budget (OMB) for review and three-year extension of approval under the Paperwork Reduction Act. OGE proposed no changes to the survey form.

**DATES:** Comments by the public and agencies on this information collection should be received by April 22, 2005.

**ADDRESSES:** Comments should be sent to Joseph F. Lackey, Office of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503; Telephone: (202) 395–4741.

**FOR FURTHER INFORMATION CONTACT:** Mary T. Donovan at the U.S. Office of Government Ethics; Telephone: (202) 482–9232; TDD: (202) 482–9293; Fax: (202) 482–9237. A copy of the survey form may be obtained, without charge, by contacting Ms. Donovan.

**SUPPLEMENTARY INFORMATION:** The Office of Government Ethics uses the Public Financial Disclosure Access Customer Service Survey form (OMB control number 3209–0009) to assess requester satisfaction with the service provided by OGE in responding to requests by members of the public for access to copies of Standard Form (SF) 278 Executive Branch Personnel Public Financial Disclosure Reports on file with OGE. Most of the SF 278 reports available at OGE are those filed by executive branch Presidential appointees subject to Senate confirmation. Requests for access to SF 278 reports are made pursuant to the special public access provision of section 105 of the Ethics in Government Act of 1978 (the Ethics Act), as codified at 5 U.S.C. appendix § 105, and procedures in 5 CFR 2634.603 of OGE's executive branchwide regulations. Requesters ask for copies of SF 278 reports by completing an OGE Form 201, ''Request to Inspect or Receive Copies of SF 278 Executive Branch Personnel Public Financial Disclosure Reports or Other Covered Records.''

OGE distributes the survey forms to requesters along with copies of requested SF 278 reports. The instructions on the survey form ask the requester to complete and return the survey form to OGE via the self-contained postage-paid postcards (the reverse side of the survey form, when folded, becomes a pre-addressed postcard). The purpose of the survey form is to determine through customer responses how well OGE is responding to such requests and how OGE can maintain its current high level of customer satisfaction in this area. The current paperwork approval for the survey form is scheduled to expire at the end of June 2005.

On December 17, 2004, OGE issued its first round **Federal Register** notice to announce its forthcoming request to OMB for paperwork renewal of the survey form. See 69 FR 75547–75548 with comments due by March 2, 2005.

OGE received one comment; however, the comment concerned the SF 278 report, not the survey form. In that notice, and this one, OGE proposes no changes to the survey form. If OGE's current stock of survey forms is depleted within the next three years, OGE plans to reprint the form with two minor modifications (with notice to OMB at that time) without further paperwork clearance. These modifications are: updating the OGE address from ''Attn: FDD'' to ''Attn: PSD'' and, in the public burden statement, change ''Associate Director for Administration'' to ''Deputy Director for Administration and Information Management.''

Pursuant to the Paperwork Reduction Act (44 U.S.C. chapter 35), OGE is not including in its public burden estimate for the survey form the limited number of access requests filed by other Federal agencies or Federal employees. Nor is OGE including in that estimate, the limited number of requests for copies of other records covered under the special Ethics Act public access provision (such as certificates of divestiture) since the survey form is only sent to persons who request copies of SF 278 reports.

As so defined, OGE's estimate for the total number of survey forms to be filed annually at OGE over the next three years by members of the public (primarily by news media representatives, public interest group members and private citizens) is 30. This estimate is based on a calculation of the number of survey forms received at OGE between January 2001 and December 2004 (112 survey forms). This estimate is 20 less than that for the prior three-year period. The estimated average amount of time to read the instructions and complete the survey form, remains the same at three minutes. Thus, the new overall estimated annual public burden for the OGE Public Financial Disclosure Access Customer Service Survey form will be two hours (rounded up from one and a half hours (30 forms × 3 minutes per form).

In this second round notice, public comment is again invited on all aspects of OGE's customer service survey form, specifically views on: the accuracy of OGE's public burden estimate; the potential for enhancement of quality, utility, and clarity of the information to be collected; and the minimization of burden (including the possibility of use of information technology). The Office of Government Ethics, in consultation with OMB, will consider all comments received, which will become a matter of public record.

Approved: March 14, 2005.

**Marilyn L. Glynn,**

*Acting Director, Office of Government Ethics.*

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Centers for Disease Control and Prevention

**[Program Announcement AA018]**

### Association of Public Health Laboratories; Notice of Intent To Fund Single Eligibility Award

#### A. Purpose

The Centers for Disease Control and Prevention (CDC) announces the intent to fund fiscal year (FY) 2005 funds for a cooperative agreement program. The purpose of the program is to assist the Association of Public Health Laboratories (APHL), which includes two primary components, the National Laboratory Partnership (NLP) and the National Laboratory Training Network (NLTN), in promoting quality public health practice, improving the public health infrastructure, strengthening the public health laboratory system, and developing a well-trained competent laboratory work force in the United States by focusing on several keys areas. These key areas include, maintaining, monitoring, and sharing information about public health laboratories by serving as a repository of public health laboratory information; enhance communication linkages between State, local, private clinical, and Federal laboratories that perform testing for diseases of public health significance; determine the effect of public health policies on testing practices to ensure the needs of the public are met and that public health laboratories are providing essential services to meet public needs; develop disease prevention strategies based on sound scientific knowledge that will be contained in its repository of information that can be shared and disseminated to other public health laboratories and Federal agencies; develop forums, conferences, symposiums, and related meetings to build leadership and technologic capabilities concerning critical issues; and support a national training network that will provide continuing education courses and training opportunities for laboratorians performing testing for diseases of public health significance. APHL, through the NLTN, will provide timely state of the art ''hands-on'' training, training broadcasts, and develop appropriate training materials to provide continuing education to the nation's laboratorians that perform testing for diseases of health significance.

#### B. Eligible Applicant

Assistance will be provided only to the APHL. APHL is the appropriate and only qualified organization to address the activities described under this program announcement.

The Association of Public Health Laboratories (APHL) is the only organization that represents all public health laboratories, which is part of their mission statement and a goal of their strategic plan. By working through its own membership, the various APHL committees, and other affiliate organizations, APHL has developed a unique knowledge of the needs and operations of the public health laboratory practices. The APHL membership includes all States including the state laboratory director and three delegates. APHL represents public health laboratory science practitioners and therefore, represents officials from throughout the United States who have responsibility for all aspects of public health laboratory science, training and education, laboratory management, and policy development.

#### C. Funding

Approximately $4,600,000.00 is available in FY 2005 to fund this award. It is expected that the award will begin on or before July 1, 2005, and will be made for a 12-month budget period within a project period of 5 years. Funding estimates may change.

#### D. Where To Obtain Additional Information

For general comments or questions about this announcement, contact: Technical Information Management, CDC Procurement and Grants Office, 2920 Brandywine Road, Atlanta, GA 30341–4146, Telephone: (770) 488–2700.

For technical questions about this program, contact: William O. Schalla, M.S., Project Officer, Division of Public Health Partnerships Mail Stop K–36, National Center for Health Marketing, Centers for Disease Control and Prevention, 4770 Buford Highway, NE., Atlanta, Georgia 30341–3717, Telephone: (770) 488–8098, E-mail: *WSchalla@cdc.gov.*
