Notice is hereby given that on March 7, 2005, a proposed Consent Decree in *Kewanee Industries, Inc. v. Browning-Ferris Industries of Ohio, et al.*, Civil Action No. 5:03CV1325, was lodged with the United States District Court for the Northern District of Ohio.

In a Complaint in Intervention also filed in this action on March 7, 2005, the United States sought recovery, under section 107(a) of the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA"), 42 U.S.C. 9607(a), of response costs incurred in connection with the Krejci Dump Site in Summit County, Ohio ("Site"). The United States' claims were brought on behalf of the U.S. Department of the Interior, which has managed the Site since acquiring it by condemnation in 1980 for inclusion in the Cuyahoga Valley National Recreation Area (now Cuyahoga Valley National Park). The proposed Consent Decree resolves Kewanee's claims and (subject to certain reservations set forth in the Consent Decree) the claims filed by the United States against the three original Defendants in this action—Browning-Ferris Industries of Ohio, Gould Electronics, Inc. (through its alleged successor, Nikko Materials USA, Inc. dba Gould Electronics), and Paciv Corporation—and two additional defendants named in the United States' Complaint in Intervention—Garfield Alloys, Inc. and General Electric Company. Under the proposed Decree, the five settling defendants will pay a total of \$300,000 to the United States (of which \$270,000 is for reimbursement of response costs and \$30,000 is for natural resource damages) and \$600,000 to Kewanee.

DEPARTMENT OF JUSTICE

Notice of Lodging of Consent Decree Between the United States and The GHK Company, L.L.C. and GHK/Potato Hills Limited Partnership Under the Clean Water Act

Under 28 CFR 50.7, notice is hereby given that on March 15, 2005, a proposed consent decree ("Consent Decree") between The GHK Company, L.L.C. and GHK/Potato Hills Limited Partnership, Civil Action No. 05-116-W, was lodged with the United States District Court for the Eastern District of Oklahoma.

The Consent Decree would resolve claims asserted by the United States in a Complaint filed on the same day against The GHK Company, L.L.C. and GHK/Potato Hills Limited Partnership (collectively, "GHK"), seeking injunctive relief and the assessment of civil penalties for the discharge of pollutants without a permit in violation of sections 301 and 404 of the Clean Air Water Act, 33 U.S.C. 1311, 1344(a), and for failure to respond fully to a request for information regarding potential violations, issued by EPA pursuant to section 308 of the Clean Water Act, 33 U.S.C. 1318.

The Complaint filed by the United States alleges that due to construction activity at eight (8) of GHK's natural gas drilling sites, located in Oklahoma's Pushmataha and Latimer Counties, GHK was required to obtain coverage under the National Permit Discharge Elimination System ("NPDES") General Permit for Construction Activities (or obtain an individual NPDES permit) and to develop and implement a stormwater pollution prevention plan (SWPPP). In addition, the United States alleges that GHK was required to obtain a permit under § 404 of the CWA at five (5) natural gas drilling sites, located in Oklahoma's Pushmataha and Latimer Counties, at which GHK discharged dredged or fill material into nearby streams. Finally, the United States alleges that in the course of investigating GHK's construction activities, EPA issued several information requests to GHK, pursuant to CWA § 308, 33 U.S.C. 1318, to which GHK provided an insufficient response.

The Consent Decree provides for the payment of a civil penalty of \$325,000 and embodies a comprehensive plan for remedial work to be performed at 32 sites under the operational control and ownership of GHK and GHK/Potato Hills in the Latimer and Pushmataha counties in the State of Oklahoma. In addition, the Consent Decree requires GHK to implement a stormwater
