E. *Hand Delivery:* At the previously-listed EPA Region III address. Such deliveries are only accepted during the Docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to RME ID No. R03-OAR-2005-PA-2006. EPA's policy is that all comments received will be included in the public docket without change, and may be made available online at <http://www.docket.epa.gov/rmepub/>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through RME, regulations.gov or e-mail. The EPA RME and the Federal regulations.gov Web sites are an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through RME or regulations.gov, your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Docket: All documents in the electronic docket are listed in the RME index at <http://www.docket.epa.gov/rmepub/>. Although listed in the index, some information is not publicly available, *i.e.*, CBI or other information whose disclosure is restricted by statute. Certain other material, such as

copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically in RME or in hard copy during normal business hours at the Air Protection Division, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103. Copies of the State submittal are available at Pennsylvania Department of Environmental Protection, Bureau of Air Quality Control, P.O. Box 8468, 400 Market Street, Harrisburg, Pennsylvania 17105.

ENVIRONMENTAL PROTECTION AGENCY

[OPP-2004-0387; FRL-7704-8]

40 CFR Parts 152 and 158

Pesticides; Data Requirements for Conventional Chemicals; Notice of Public Meeting

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of meeting on proposed rule.

SUMMARY: The EPA is convening a 2-day public workshop to explain the provisions of its recently proposed rule updating and revising data requirements for conventional pesticides in 40 CFR parts 152 and 158. The data requirements identify the types of information that EPA needs to determine that a pesticide product can be registered, a tolerance or exemption can be issued for pesticide residues in food, or the pesticide can be used experimentally. The proposed rule is

intended to: Improve the scientific basis for pesticide decisions; update the requirements last codified in 1984; and reorganize part 158 to improve usability. These efforts will help protect human health and the environment by identifying, assessing, and reducing the risks of conventional pesticides for use in the United States. This workshop is open to the public.

DATES: The workshop will be held on May 3, 2005, from 9 a.m. to 3:30 p.m. and on May 4, 2005, from 9 a.m. to noon.

ADDRESSES: The workshop will be held at Holiday Inn Rosslyn, 1900 N. Fort Myer Drive, Arlington, VA, 22209.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

You may be potentially affected by this action if you are a producer or registrant of a pesticide product for agricultural, residential and industrial uses. This action may also affect any person or company who might petition the Agency for new tolerances, hold a pesticide registration with existing tolerances, or any person or company who is interested in obtaining or retaining a tolerance in the absence of a registration, that is, an import tolerance. This latter group may include pesticide manufacturers or formulators, importers of food, grower groups, or any person or company who seeks a tolerance. Potentially affected entities may include, but are not limited to:

Chemical Producers (NAICS 32532), *e.g.*, pesticide manufacturers or formulators of pesticide products, importers or any person or company who seeks to register a pesticide or to obtain a tolerance for a pesticide.

This listing is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be affected by this action. Other types of entities not listed in this unit could also be affected. The North American Industrial Classification System (NAICS) codes have been provided to assist you and others in determining whether this action might apply to certain entities. If you have any questions regarding the applicability of this action to a particular entity, consult the appropriate Branch Chief in the

Registration Division of the Office of Pesticide Programs at 703-305-5447.

B. How Can I Get Copies of this Document and Other Related Information?

1. *Docket.* EPA has established an official public docket for this action under docket identification (ID) number OPP-2004-0387. The official public docket consists of the documents specifically referenced in this action, any public comments received, and other information related to this action. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public docket is the collection of materials that is available for public viewing at the Public Information and Records Integrity Branch (PIRIB), Rm. 119, Crystal Mall #2, 1801 S. Bell St., Arlington, VA. This docket facility is open from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The docket telephone number is (703) 305-5805.

2. *Electronic access.* You may access this **Federal Register** document electronically through the EPA Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr/>.

An electronic version of the public docket is available through EPA's electronic public docket and comment system, EPA Dockets. You may use EPA Dockets at <http://www.epa.gov/edocket/> to view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit I.B.1. Once in the system, select "search," then key in the appropriate docket ID number.

II. Background

EPA is convening a workshop to review proposed revisions to the data requirements for the registration of conventional pesticides. Under the Federal Food, Drug and Cosmetic Act and the Federal Insecticide, Fungicide and Rodenticide Act, anyone seeking to register a pesticide product is required to provide information to EPA that demonstrates their products can be used without posing unreasonable risk to human health and the environment. For food uses, the registrant is required to provide information demonstrating that there is a reasonable certainty that no

harm will result from exposures to the residues of their pesticide product.

The workshop will include presentations by staff from the Health Effects Division and the Environmental Fate and Effects Division of the Office of Pesticide Programs. The proposed revisions are primarily directed at conventional pesticides, not antimicrobial pesticides, biochemical pesticides, nor microbial pesticides. Nonetheless, all interested parties are welcome and may benefit from the discussions since EPA is planning on revisions to the data requirements in these areas in the future. Some of the proposed revisions apply to all pesticide products, e.g. changes in general procedures and policies for data submission. During the workshop, persons in attendance will be able to ask questions regarding the material being presented. Day 1 will cover general data procedures, chemistry, toxicology and exposure data requirements. Day 2 will cover environmental fate and nontarget organisms data requirements.

The proposed revisions were issued in the **Federal Register** of March 11, 2005, (70 FR 12275)(FRL-6811-2). A 90-day comment period will end on June 9, 2005. A limited number of copies of the proposed rule will be available at the workshop. Attendees are encouraged to access the electronic version of the proposed rule from EDOCKET at Docket ID No. OPP-2004-0387.

BILLING CODE 6560-50-S

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

[Docket No. FEMA-P-7675]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, Emergency Preparedness and Response Directorate, Department of Homeland Security.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are requested on the proposed Base (1% annual-chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed below. The BFEs and modified BFEs are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The comment period is ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in each community.

ADDRESSES: The proposed BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Doug Bellomo, P.E., Hazard Identification Section, Emergency Preparedness and Response Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-2903.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency makes the final determinations listed below for the modified BFEs for each community listed. These modified elevations have been published in newspapers of local circulation and ninety (90) days have elapsed since that publication. The Mitigation Division Director of the Emergency Preparedness and Response Directorate has resolved any appeals resulting from this notification.

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.
