**SUPPLEMENTARY INFORMATION:** LMDC, as lead agency, in cooperation with HUD and the Port Authority, released the Draft Generic Environmental Impact Statement on January 23, 2004 (69 FR 3382) and the Final Generic Environmental Impact Statement (FGEIS) on April 27, 2004 (69 FR 22866) for the World Trade Center Memorial and Redevelopment Plan (Approved Plan). On July 8, 2004 (69 FR 42178) LMDC published the Record of Decision and the Findings Statement for the Approved Plan and adopted the General Project Plan (GPP) for LMDC's World Trade Center Memorial and Cultural Program. Implementation of the Approved Plan began with the formal groundbreaking for Freedom Tower on July 4, 2004.

As implementation proceeded, LMDC, working in cooperation with HUD, the Port Authority, the City of New York, and Silverstein Properties, Inc. and its affiliates as the Port Authority's Net Lessees, has continued to develop the Approved Plan. Because the Approved Plan was generic, preliminary design and engineering led to certain adjustments and refinements based on aesthetics, commercial viability, cost, and practical considerations. Many of these refinements are described in the proposed GPP amendments preliminarily adopted by LMDC on December 16, 2004 (Proposed GPP Amendments). LMDC released the Proposed GPP Amendments for public review on December 27, 2004, and held a public hearing on the Proposed GPP Amendments on January 26, 2005, at St. John's University in Lower Manhattan to receive public comments. The public comment period remained open until March 10, 2005.

The Proposed Refinements would introduce several refinements to the physical forms and operational aspects of the Approved Plan, including the relocation of the entrance ramp for the underground vehicular network from the north side of Liberty Street adjacent to the World Trade Center (WTC) Memorial to the south side of Liberty Street, raising Liberty Park above grade by 20 to 30 feet to accommodate the relocation, increasing the at-grade separation of Freedom Tower and the Performing Arts Complex, shifting office space square footage within the Project Site, as defined below, specifying streetwall heights and setbacks, and changing certain pedestrian and vehicular circulation, parking, street direction, open space boundaries and street and sidewalk widths. Alternatives considered include allowing left turns out of the vehicular ramp onto Liberty Street westbound, locating the vehicular

ramp on Route 9A between Cedar and Liberty Streets and locating the cultural/museum complex at the northeast corner of Liberty Street and Route 9A.

Located in Lower Manhattan, the Project Site includes both the World Trade Center (WTC) Site and the Southern Site. The WTC Site is bounded by Route 9A, Vesey, Church, and Liberty Streets. The Southern Site is immediately to the south of the WTC Site and comprises two adjacent city blocks, one bounded by Liberty, Washington, Albany, and Greenwich Streets, and the other bounded by Liberty Street, Route 9A, and Cedar and Washington Streets. The Southern Site includes those properties commonly known as 130 Liberty Street, 140 Liberty Street, and 155 Cedar Street. Also included in the Southern Site are subsurface portions of Liberty Street from the eastern side of Route 9A to the western side of Greenwich Street; Washington Street from the northern side of Cedar Street to the southern side of Liberty Street; and subsurface portions of Cedar Street from the eastern side of Route 9A to the eastern side of Washington Street.

An EA for the Proposed Refinements has been prepared by LMDC, as lead agency, in cooperation with HUD and the Port Authority. Based on this assessment, LMDC has determined that the Proposed Refinements will not, either individually or cumulatively, have a significant impact on the quality of the human environment or a significant adverse environmental impact not already analyzed and disclosed in the FGEIS for the Proposed Action. Therefore, a supplemental environmental impact statement will not be undertaken under NEPA or SEQRA. LMDC will not take any administrative action on the Proposed Refinements prior to the expiration of the comment period.

Questions may be directed to the individual named above under the heading **FOR FURTHER INFORMATION CONTACT**.
