

the requested clarifications in EPA's December 29, 2004, comment letter on this proposed SIP revision. Kentucky must include a demonstration of non-interference with the CO NAAQS, as demonstrated by very low levels of ambient CO—well below the NAAQS—and the fact that the area is in attainment of the CO NAAQS. Kentucky must also clarify references to the VOC/NO<sub>x</sub> ratio and modify subsection (1)(j) of section 3, "Operating requirements," of 401 KAR 59:760. This subsection uses language which mirrors that of the Ozone Transport Commission model rule. However, to be consistent with current Agency policy, this language needs to be revised to include some form of public review for determining other coating application methods which achieve emissions reductions equivalent to high volume low pressure or electrostatic spray application methods. In the current language proposed, the Kentucky Cabinet makes this determination.

## VI. Statutory and Executive Order Reviews

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this proposed action is not a "significant regulatory action" and therefore is not subject to review by the Office of Management and Budget. For this reason, this action is also not subject to Executive Order 13211, "Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use" (66 FR 28355, May 22, 2001). This proposed action merely proposes to approve State law as meeting Federal requirements and imposes no additional requirements beyond those imposed by State law. Accordingly, the Administrator certifies that this proposed rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). Because this rule proposes to approve pre-existing requirements under State law and does not impose any additional enforceable duty beyond that required by State law, it does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Public Law 104-4).

This proposed rule also does not have tribal implications because it will not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes, as specified by Executive Order 13175 (65 FR 67249, November 9, 2000). This

action also does not have Federalism implications because it does not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999). This action merely proposes to approve a State rule implementing a Federal standard, and does not alter the relationship or the distribution of power and responsibilities established in the Clean Air Act. This proposed rule also is not subject to Executive Order 13045 "Protection of Children from Environmental Health Risks and Safety Risks" (62 FR 19885, April 23, 1997), because it is not economically significant.

In reviewing SIP submissions, EPA's role is to approve State choices, provided that they meet the criteria of the Clean Air Act. In this context, in the absence of a prior existing requirement for the State to use voluntary consensus standards (VCS), EPA has no authority to disapprove a SIP submission for failure to use VCS. It would thus be inconsistent with applicable law for EPA, when it reviews a SIP submission, to use VCS in place of a SIP submission that otherwise satisfies the provisions of the Clean Air Act. Thus, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply. This proposed rule does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

## List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Carbon monoxide, Intergovernmental relations, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements, Volatile organic compounds.

**Authority:** 42 U.S.C. 7401 *et seq.*

Dated: March 25, 2005.

**J.I. Palmer, Jr.,**

*Regional Administrator, Region 4.*

**BILLING CODE 6560-50-P**

## DEPARTMENT OF HOMELAND SECURITY

### Federal Emergency Management Agency

#### 44 CFR Part 67

[Docket No. FEMA-D-7616]

### Proposed Flood Elevation Determinations

**AGENCY:** Federal Emergency Management Agency (FEMA), Emergency Preparedness and Response Directorate, Department of Homeland Security.

**ACTION:** Proposed rule.

**SUMMARY:** Technical information or comments are requested on the proposed Base (1% annual chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed below. The BFEs are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

**DATES:** The comment period is ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in each community.

**ADDRESSES:** The proposed BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

**FOR FURTHER INFORMATION CONTACT:** Doug Bellomo, P.E., Hazard Identification Section, Emergency Preparedness and Response Directorate, FEMA, 500 C Street SW., Washington, DC 20472, (202) 646-2903.

**SUPPLEMENTARY INFORMATION:** FEMA proposes to make determinations of BFEs and modified BFEs for each community listed below, in accordance with Section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed base flood and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other

Federal, state or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

*National Environmental Policy Act.* This proposed rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

*Regulatory Flexibility Act.* The Mitigation Division Director of the Emergency Preparedness and Response Directorate certifies that this proposed rule is exempt from the requirements of the Regulatory Flexibility Act because proposed or modified BFEs are required

by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are required to establish and maintain community eligibility in the NFIP. As a result, a regulatory flexibility analysis has not been prepared.

*Regulatory Classification.* This proposed rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

*Executive Order 12612, Federalism.* This proposed rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

*Executive Order 12778, Civil Justice Reform.* This proposed rule meets the applicable standards of Section 2(b)(2) of Executive Order 12778.

## List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR Part 67 is proposed to be amended as follows:

### PART 67—[AMENDED]

1. The authority citation for Part 67 continues to read as follows:

**Authority:** 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

#### § 67.4 [Amended]

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:

Source of flooding	Location	#Depth in feet above ground. *Elevation in feet (NGVD) •Elevation in feet (NAVD)		Communities affected
		Existing	Modified	
<b>NEW JERSEY</b> <b>Bergen County</b>				
Musquapsink Brook .....	Approximately 2,600 feet upstream of confluence with Pascack Brook at Saddle River Road.	*39 *241	*38 *243	Boroughs of Emerson, Westwood, Hillsdale, Woodcliff Lake, Paramus, Township of Washington.
Pascack Brook .....	Approximately 0.71 mile downstream of Brookside Avenue. Approximately 1,300 feet from the upstream side of Magnolia Avenue.	*25 204	*26 *205	Boroughs of Emerson, River Vale, Hillsdale, Woodcliff Lake, Park Ridge, Montvale, Harrington Park.
Musquapsink Brook By-Pass	At the confluence of Musquapsink Brook .....	*59	*60	Township of Washington.
Tandy Brook .....	Just downstream of Washington Lake Dam South .....	*63	*68	
	At the confluence with Pascack Brook .....	*62	*63	Borough of Hillsdale.
	Approximately 375 feet downstream of Saddlewood Drive.	*62	*63	
Westdale Brook .....	At the confluence with Pascack Brook .....	*57	*59	Borough of Westwood.
	Approximately 1,740 feet from upstream side of Harding Avenue.	*57	*59	

#### Borough of Emerson

Maps available for inspection at the Emerson Borough Hall, Municipal Place, Emerson, New Jersey.

Send comments to The Honorable Steve Setteducati, Mayor of the Borough of Emerson, Municipal Place, Emerson, New Jersey 07630.

#### Borough of Harrington Park

Maps available for inspection at the Harrington Park Municipal Center, 85 Harriot Avenue, Harrington Park, New Jersey.

Send comments to The Honorable Paul A. Hoelscher, Mayor of the Borough of Harrington Park, Municipal Center, 85 Harriot Avenue, Harrington Park, New Jersey 07640.

#### Borough of Hillsdale

Maps available for inspection at the Hillsdale Borough Hall, 380 Hillsdale Avenue, Hillsdale, New Jersey.

Send comments to Mr. Harold Karns, Borough of Hillsdale Administrator, 380 Hillsdale Avenue, Hillsdale, New Jersey 07642.

#### Borough of Montvale

Maps available for inspection at the Montvale Borough Hall, 1 Memorial Drive, Montvale, New Jersey.

Send comments to The Honorable George Zeller, Mayor of the Borough of Montvale, 1 Memorial Drive, Montvale, New Jersey 07645.

#### Borough of Paramus

Maps available for inspection at the Paramus Borough Hall, 1 Jockish Square, Paramus, New Jersey.

Send comments to The Honorable James Tedesco, III, Mayor of the Borough of Paramus, 1 Jockish Square, Paramus, New Jersey 07652.

#### Borough of Park Ridge

Maps available for inspection at the Park Ridge Borough Hall, 55 Park Avenue, Park Ridge, New Jersey.

Send comments to The Honorable Don Ruschman, Mayor of the Borough of Park Ridge, 55 Park Avenue, Park Ridge, New Jersey 07656.

#### Township of River Vale

Maps available for inspection at the River Vale Township Office, 406 River Vale Road, River Vale, New Jersey.

Source of flooding	Location	#Depth in feet above ground. *Elevation in feet (NGVD) •Elevation in feet (NAVD)		Communities affected

BILLING CODE 9110-12-P

## FEDERAL COMMUNICATIONS COMMISSION

### 47 CFR Part 73

[DA 05-718, MB Docket No. 05-106, RM-11196]

#### Radio Broadcasting Services; Ellaville, Milner, and Plains, GA

**AGENCY:** Federal Communications Commission.

**ACTION:** Proposed rule.

**SUMMARY:** This document requests comments on a Petition for Rule Making filed by Linda A. Davidson requesting the allotment of Channel 290A at Milner, Georgia, as the community's first local aural transmission service. Channel 290A can be allotted to Milner in compliance with the Commission's rules provided there is a site restriction of 11.9 kilometers (7.4 miles) northeast of Milner. The proposed reference coordinates for Channel 290A at Milner are 33-09-44 North Latitude and 84-04-51 West Longitude. To accommodate this allotment, this document also proposes the substitution of Channel 232A for vacant FM Channel 290A at Ellaville, Georgia. Channel 232A can be allotted to Ellaville in compliance with

the Commission's rules provided there is a site restriction of 14.5 kilometers (9.0 miles) east at coordinates 32-16-53 NL and 84-09-52 WL. Petitioner also requests the allotment of Channel 290A at Plains, Georgia, as its first local aural transmission service. Channel 290A can be allotted to Plains in compliance with the Commission's rules provided there is a site restriction of 14.7 kilometers (9.1 miles) northeast at coordinates 32-06-51 NL and 84-16-10 WL.

**DATES:** Comments must be filed on or before May 9, 2005, and reply comments on or before May 24, 2005.

**ADDRESSES:** Federal Communications Commission, 445 Twelfth Street, SW., Washington, DC 20554. In addition to filing comments with the FCC, interested parties should serve the petitioner, as follows: Linda A. Davidson, 2134 Oak Street, Unit C, Santa Monica, California 90405.

#### FOR FURTHER INFORMATION CONTACT:

Rolanda F. Smith, Media Bureau, (202) 418-2180.

**SUPPLEMENTARY INFORMATION:** This is a summary of the Commission's Notice of Proposed Rule Making, MB Docket No. 05-106, adopted March 16, 2005, and released March 18, 2005. The full text of this Commission decision is available for inspection and copying during normal business hours in the Commission's Reference Center 445 Twelfth Street, SW., Washington, DC 20554. The full text of this Commission decision is available for inspection and copying during normal business hours in the Commission's Reference Center 445 Twelfth Street, SW., Washington, DC 20554. The complete text of this decision may also be purchased from

the Commission's duplicating contractor, Best Copy and Printing, Inc., 445 12th Street, SW., Room CY-B402, Washington, DC 20054, telephone 1-800-378-3160 or <http://www.BCPIWEB.com>. This document does not contain proposed information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104-13. In addition, therefore, it does not contain any proposed information collection burden "for small business concerns with fewer than 25 employees," pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, see 44 U.S.C. 3506(c)(4).

Provisions of the Regulatory Flexibility Act of 1980 do not apply to this proceeding.

Members of the public should note that from the time a Notice of Proposed Rule Making is issued until the matter is no longer subject to Commission consideration or court review, all *ex parte* contacts are prohibited in Commission proceedings, such as this one, which involve channel allotments. See 47 CFR 1.1204(b) for rules governing permissible *ex parte* contact.

For information regarding proper filing procedures for comments, see 47 CFR 1.415 and 1.420.

#### List of Subjects in 47 CFR Part 73

Radio, Radio broadcasting.

For the reasons discussed in the preamble, the Federal Communications Commission proposes to amend 47 CFR part 73 as follows:
