verify the production of each captain, skipper, and crew member of the vessel who are applying for TAA; (c) ways to enhance the quality, utility and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Trade Adjustment Assistance for Farmers

AGENCY: Foreign Agricultural Service, USDA.

ACTION: Notice.

The Administrator, Foreign Agricultural Service (FAS), approved a petition for trade adjustment assistance (TAA) that was filed on February 25, 2005, by a group of Concord grape juice producers in New York, Pennsylvania, and Ohio (Tri-State). The certification date is March 28, 2005. Beginning on this date, Concord grape producers who produce and market Concord grape juice will be eligible to apply for fiscal year 2005 benefits during an application period ending June 27, 2005.

SUPPLEMENTARY INFORMATION: Upon investigation, the Administrator determined that increased imports of grape juice contributed importantly to a decline in producer prices of Concord grape juice in the Tri-State region by 22 percent during August 2003 through July 2004, when compared with the previous 5-year average.

Eligible producers must apply to the Farm Service Agency for benefits. After submitting completed applications, producers shall receive technical assistance provided by the Extension Service at no cost and may receive an adjustment assistance payment, if certain program criteria are satisfied. Applicants must obtain the technical assistance from the Extension Service by
