DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Lake Ophelia National Wildlife Refuge

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability of the Draft Comprehensive Conservation Plan

and Environmental Assessment for Lake Ophelia National Wildlife Refuge in Avoyelles Parish, Louisiana.

SUMMARY: The Fish and Wildlife Service announces that a Draft Comprehensive Conservation Plan and Environmental Assessment for Lake Ophelia National Wildlife Refuge are available for review and comment. The National Wildlife Refuge System Administration Act of 1966, as amended by the National Wildlife Refuge System Improvement Act of 1997, requires the Service to develop a comprehensive conservation plan for each national wildlife refuge. The purpose in developing a comprehensive conservation plan is to provide refuge managers with a 15-year strategy for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife management, conservation, legal mandates, and Service policies. In

addition to outlining broad management direction on conserving wildlife and their habitats, the plan identifies wildlife-dependent recreational opportunities available to the public, including opportunities for hunting, fishing, wildlife observation and photography, and environmental education and interpretation. Significant issues addressed in the draft plan include: Threatened and endangered species; waterfowl management; neotropical migratory birds; bottomland hardwood restoration; agriculture; visitor services (hunting, fishing, wildlife observation, wildlife photography, and environmental education and interpretation); funding and staffing; cultural resources; land acquisition; and forest and fragmentation. The Service developed four alternatives for managing the refuge and chose Alternative 2 as the preferred alternative.
