BILLING CODE 6712-01-P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[DA 05-705; MB Docket No. 05-114, RM-11190]

Radio Broadcasting Services; Hale Center, Texas

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: The Audio Division requests comment on a petition filed by Charles Crawford, requesting the allotment of Channel 236C1 at Hale Center, Texas, as a first local aural service. Channel 236C1 can be allotted to Hale Center in compliance with the Commission's minimum distance separation requirements with a site restriction of 30.6 kilometers northeast at reference coordinates of 34-13-00 NL and 101-34-00 WL.

DATES: Comments must be filed on or before May 9, 2005, and reply comments on or before May 24, 2005.

ADDRESSES: Federal Communications Commission, 445 Twelfth Street, SW., Washington, DC 20554. In addition to filing comments with the FCC, interested parties should serve the petitioner, his counsel, or consultant, as follows: Charles Crawford, 4553 Bordeaux Ave., Dallas, Texas 75205; and Gene A. Bechtel, Esq., Law Office of Gene Bechtel, Suite 600, 1050 17th Street, NW., Washington, DC 20036.

FOR FURTHER INFORMATION CONTACT: Andrew J. Rhodes, Media Bureau, (202) 418-2180.

SUPPLEMENTARY INFORMATION: This is a synopsis of the Commission's Notice of Proposed Rule Making, MB Docket No. 05-114, adopted March 16, 2005 and released March 18, 2005. The full text of this Commission decision is available for inspection and copying during regular business hours at the FCC's Reference Information Center, Portals II, 445 Twelfth Street, SW., Room CY-A257, Washington, DC 20554. The complete text of this decision may also be purchased from the Commission's duplicating contractor, Best Copy and Printing, Inc., 445 12th Street, SW., Room CY-B402, Washington, DC 20054, telephone 1-800-378-3160 or <http://www.fcc.gov>

www.BCPIWEB.com. This document does not contain proposed information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104-13. In addition, therefore, it does not contain any proposed information collection burden "for small business concerns with fewer than 25 employees," pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, see 44 U.S.C. 3506(c)(4).

Provisions of the Regulatory Flexibility Act of 1980 do not apply to this proceeding.

Members of the public should note that from the time a Notice of Proposed Rule Making is issued until the matter is no longer subject to Commission consideration or court review, all *ex parte* contacts are prohibited in Commission proceedings, such as this one, which involve channel allotments. See 47 CFR 1.1204(b) for rules governing permissible *ex parte* contact.

For information regarding proper filing procedures for comments, see 47 CFR 1.415 and 1.420.

List of Subjects in 47 CFR Part 73

Radio, Radio broadcasting.

For the reasons discussed in the preamble, the Federal Communications Commission proposes to amend 47 CFR Part 73 as follows:

PART 73—RADIO BROADCAST SERVICES

1. The authority citation for part 73 continues to read as follows:

Authority: 47 U.S.C. 154, 303, 334 and 336.

§ 73.202 [Amended]

2. Section 73.202(b), the Table of FM Allotments under Texas, is amended by adding Hale Center, Channel 236C1.

Federal Communications Commission.

John A. Karousos,

Assistant Chief, Audio Division, Media Bureau.

BILLING CODE 6712-01-P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[DA 05-715; MB Docket No. 05-123, RM-11191]

Radio Broadcasting Services; Alturas, CA

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: This document sets forth a proposal to amend the FM Table of Allotments, Section 73.202(b) of the Commission's rules, 47 CFR 73.202(b). The Audio Division requests comment on a petition filed by George S. Flinn, Jr., proposing to allot Channel 277C as the community's fourth local aural broadcast service. The proposed coordinates for Channel 277C at Alturas, California, are 41-31-30 NL and 120-19-45 WL. The allotment will require a site restriction of 18.2 km (11.3 miles) east of Alturas.

DATES: Comments must be filed on or before May 9, 2005, and reply comments on or before May 24, 2005.

ADDRESSES: Federal Communications Commission, Washington, DC 20554. In addition to filing comments with the FCC, interested parties should serve counsel for the petitioner as follows: Stephen C. Simpson, Esq., 1090 Vermont Avenue, NW., Suite 800, Washington, DC 20005.

FOR FURTHER INFORMATION CONTACT: Deborah A. Dupont, Media Bureau (202) 418-7072.

SUPPLEMENTARY INFORMATION: This is a synopsis of the Commission's Notice of Proposed Rule Making, MB Docket No. 05-123; adopted March 16, 2005, and released March 18, 2005. The full text of this Commission document is available for inspection and copying during normal business hours in the FCC Reference Information Center (Room CY-A257), 445 12th Street, SW., Washington, DC. The complete text of this decision may also be purchased from the Commission's copy contractor, Best Copy and Printing, Inc., 445 12th Street, SW., Room CY-B402, Washington, DC, 20554, (800) 378-3160, or via the company's Web site, <http://www.bcpweb.com>. This document does not contain proposed information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104-13. In addition, therefore, it does not contain any proposed information collection burden "for small business concerns with fewer than 25 employees," pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, see 44 U.S.C. 3506(c)(4).

The Provisions of the Regulatory Flexibility Act of 1980 do not apply to this proceeding. Members of the public should note that from the time a Notice of Proposed Rule Making is issued until the matter is no longer subject to Commission consideration or court review, all *ex parte* contacts are prohibited in Commission proceedings, such as this one, which involve channel allotments. See 47 CFR 1.1204(b) for

rules governing permissible *ex parte* contacts.

BILLING CODE 6712-01-P

DEPARTMENT OF TRANSPORTATION

Pipeline and Hazardous Materials Safety Administration

49 CFR Part 172

[Docket No. PHMSA-01-10292 (HM-206E)]

RIN 2137-AD50

Hazardous Materials: Hazardous Waste Manifest Requirements; Withdrawal of Notice of Proposed Rulemaking

AGENCY: Pipeline and Hazardous Materials Safety Administration (PHMSA), DOT.

ACTION: Withdrawal of notice of proposed rulemaking.

SUMMARY: The Research and Special Programs Administration—the predecessor agency to the Pipeline and Hazardous Materials Safety Administration (PHMSA)—and the Environmental Protection Agency (EPA) issued final rules in 1980 requiring that a manifest accompany each shipment of hazardous waste during transportation. In 49 CFR 172.205, PHMSA provided that the uniform manifest “may be used as the shipping paper required by” the Hazardous Materials Regulations, so long as it contained all the required information. On May 22, 2001, EPA published a notice of proposed

rulemaking (NPRM) to revise the hazardous waste manifest system. One of EPA’s proposed changes would have allowed the uniform manifest to be prepared and transmitted electronically from the generator to the disposal facility, rather than requiring it to accompany the shipment. EPA is deferring final action on the electronic manifest pending further analysis, outreach, and possible supplemental proposals. Therefore, PHMSA is withdrawing an NPRM published on August 8, 2001, that would have amended the Hazardous Materials Regulations on the use of the Uniform Hazardous Waste Manifest for shipments of hazardous wastes. The changes proposed in that NPRM would have accommodated changes proposed by EPA. PHMSA proposed to require that, if the generator of a hazardous waste prepares an electronic manifest, either a physical copy of the electronic manifest or another document containing the information required for a shipping paper must accompany the hazardous waste in transportation.

FOR FURTHER INFORMATION CONTACT: Mr. Darral Releford, Office of Hazardous Materials Standards, Pipeline and Hazardous Materials Safety Administration, 202-366-8553.

SUPPLEMENTARY INFORMATION:

I. Background

Under the authority of the Resource Conservation and Recovery Act (RCRA; 42 U.S.C. 6901, *et seq.*) and regulations of the Environmental Protection Agency (EPA) at 40 CFR parts 262-264, hazardous wastes are tracked from their producer (generator) to their final disposal sites. The central tracking element of this system is the Uniform Hazardous Waste Manifest (uniform manifest), which accompanies a hazardous waste shipment from its point of origin to its destination. In 42 U.S.C. 6923, RCRA directs EPA to consult with DOT and issue regulations on the transportation of hazardous wastes that are “consistent with” requirements in the Hazardous Materials Regulations (HMR; 49 CFR parts 171-180).

In 1980, EPA and PHMSA issued final rules requiring that a manifest accompany each shipment of hazardous waste during transportation. See 45 FR 12272 (Feb. 26, 1980) (EPA), 34560 (May 22, 1980) (PHMSA). In 49 CFR 172.205, PHMSA provided that the uniform manifest “may be used as the shipping paper required by” the HMR, so long as it contained all the required information.

On March 20, 1984, 49 FR 10490 (EPA), 10507 (PHMSA), EPA and PHMSA concurrently amended their regulations to adopt the current uniform manifest form in order to address the problems resulting from “a proliferation of manifests as States decided to develop and print their own forms.” Under the current regulations, a generator may use the uniform manifest form for wastes regulated solely by a State, but a State may not “impose enforcement sanctions on a transporter during transportation of the shipment for failure of the form to include preprinted information or optional State information items,” 40 CFR 271.10(h)(2).

On May 22, 2001, EPA published a notice of proposed rulemaking (NPRM) to revise the hazardous waste manifest system (66 FR 28240). One of EPA’s proposed changes would have allowed the uniform manifest to be prepared and transmitted electronically from the generator to the disposal facility, rather than requiring it to accompany the shipment. EPA received 64 comments in response to the May 22, 2001, proposed rule from hazardous waste generators, transporters, waste management firms, consultants, an information technology vendor and ten state hazardous waste agencies. The revisions proposed in May 2001 aimed to reduce the manifest system’s paperwork burden on users, while enhancing the effectiveness of the manifest as a tool to track hazardous waste shipments that are shipped from the site of generation to treatment, storage, or disposal facilities (TSDFs).

On August 8, 2001, PHMSA published a notice of proposed rulemaking (NPRM) (66 FR 41490). PHMSA proposed to revise its regulations on the use of the Uniform Hazardous Waste Manifest for shipments of hazardous wastes to accommodate the changes proposed by the Environmental Protection Agency (EPA). The intended effect of this proposed rule was to maintain consistency between EPA’s and PHMSA’s requirements. PHMSA proposed to modify 49 CFR 172.205 to provide that, when an electronic manifest is used, the hazardous waste must be accompanied by a physical shipping paper that can be either (1) a print-out (paper copy) of the electronic manifest or (2) a separate shipping paper that meets all of the shipping paper requirements in 49 CFR, subpart C of part 172. In addition, to prevent confusion by enforcement officials, if an electronic manifest is being used in the transportation of a hazardous waste, the shipping paper or copy of the electronic manifest must indicate on the document
