

Aid Administrators develop a targeted institutional verification program, which ultimately makes the financial aid process easier for students, while ensuring accountability and integrity.

The Quality Assurance Program also helps institutions make improvements beyond verification and basic compliance. By using the FSA Assessments, schools can set goals for continuous improvement in all areas of financial aid delivery. One key benefit of the program is the partnership between the Department and the participating institutions.

Both parties become engaged in promoting continuous improvement in the administration and delivery of the student financial assistance programs, thereby enhancing service to students.

Invitation for Applications

The Secretary invites institutions of higher education that administer one or more Title IV programs to submit a letter of application to participate in the Quality Assurance Program. Institutions that currently participate in the program may continue to do so without submitting a new letter of application. The Secretary will review the letter of application, which should reflect the institution's commitment to the goals of the Quality Assurance Program, as determined by the Secretary. The letter of application should address the following goals in detail:

- Attain and sustain compliance and continuous improvement in program delivery, and better service to students;
- Improve the accuracy of institutional verification programs;
- Increase institutional flexibility in managing student aid funds, while maintaining accountability for the proper use of those funds; and
- Encourage the development of innovative management approaches that advance quality.

Review Process

The Department will screen prospective participants to determine if the institution meets general Title IV eligibility requirements and has a demonstrated record of program compliance. The Secretary may also consider the institution's performance with regard to financial responsibility, administrative capability, program review findings, audit findings, etc. as outlined in the regulations and in the Federal Student Aid Handbook.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: Grants for the Integration of Schools and Mental Health Systems will provide funds to increase student access to high-quality mental health care by developing innovative approaches that link school systems with the local mental health system.

Priority: In accordance with 34 CFR 75.105(b)(2)(iv), this priority is from section 5541 of the Elementary and Secondary Education Act of 1965, as amended by the No Child Left Behind Act of 2001 (ESEA) (20 U.S.C. 7269).

Absolute Priority: For FY 2005 and any subsequent year in which we make awards based on the list of unfunded applications from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority.

This priority is:

Increasing student access to quality mental health care by developing innovative approaches to link local school systems with the local mental health system. A program funded under this absolute priority must include all of the following activities:

(1) Enhancing, improving, or developing collaborative efforts between school-based service systems and mental health service systems to provide, enhance, or improve prevention, diagnosis, and treatment services to students.

(2) Enhancing the availability of crisis intervention services, appropriate referrals for students potentially in need of mental health services, and ongoing mental health services.

(3) Providing training for the school personnel and mental health professionals who will participate in the program.

(4) Providing technical assistance and consultation to school systems and mental health agencies and families participating in the program.

(5) Providing linguistically appropriate and culturally competent services.

(6) Evaluating the effectiveness of the program in increasing student access to quality mental health services, and making recommendations to the Secretary about sustainability of the program.

Additional Requirements:

(a) *Coordination of Activities:* Recipients funded under this competition will be required to coordinate activities under this program with projects funded under the Department of Health and Human Services' Substance Abuse and Mental

Health Services Administration's Mental Health Transformation State Infrastructure Grants (MHTSIG), if a grantee's State receives a MHTSIG award. If a recipient of a grant under this program also has received or receives a Department of Education Emergency Response and Crisis Management (ERCM) grant (CFDA 84.184E), the recipient must also coordinate mental health services activities under this grant with those planned under its ERCM grant.

(b) *Application Requirements:* Applicants for an award under this program must develop and submit with their application a preliminary interagency agreement (IAA). The preliminary IAA submitted with application must contain the signatures of an authorized representative of (1) one or more SEAs or LEAs or Indian tribes; (2) one or more juvenile justice authorities; and (3) one or more State or local public mental health agencies. At a minimum, the preliminary IAA submitted with the application must include the following information that details the work to be completed should the applicant receive a grant award under this competition:

(1) The designation of a lead agency that will direct, in compliance with section 5541(e) of the ESEA, the establishment of the grantee's final interagency agreement among LEAs, juvenile justice authorities, mental health agencies, and other relevant entities in the State, in collaboration with local entities and parents and guardians of students;

(2) Commitment of the parties in the applicant's preliminary IAA to participate in the development of the final interagency agreement described in (1). The final interagency agreement must specify, with regard to each participating agency, authority, or entity—

- Financial responsibility for the services that it will provide as part of the program;
- Conditions and terms of responsibility for the services, including quality, accountability, and coordination of services;
- Conditions and terms of reimbursement with and among the other agencies, authorities, or entities that are parties to the interagency agreement, including procedures for dispute resolution; and
- Policies and procedures to ensure appropriate parental or caregiver consent for any planned services, pursuant to state or local laws or requirements.

(3) A statement that the parties in the preliminary IAA will complete the

required final IAA and submit it to the U.S. Department of Education no later than 12 months after the award date.

(4) An assurance that:

- Persons providing services under the grant will be adequately trained to provide such services;
- Services provided under the grant will be consistent with the six requirements in the absolute priority;
- Teachers, principal administrators, and other school personnel will be made aware of the program; and
- Parents of students participating in services under the program will be involved in the design and implementation of the services.

Applications that fail to include the required preliminary IAA (with required content and signatures) will not be submitted for peer review.

Waiver of Proposed Rulemaking:

Under the Administrative Procedure Act (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on priorities and other grant requirements. Section 437(d)(1) of the General Education Provisions Act (GEPA) (20 U.S.C. 1232(d)(1)), however, allows the Secretary to exempt from rulemaking requirements, regulations governing the first grant competition under a new or substantially revised program authority. This is the first competition for Grants for the Integration of Schools and Mental Health Systems under the No Child Left Behind Act of 2001 and therefore qualifies for this exemption. In order to ensure timely grant awards, under section 437(d)(1) of GEPA, the Secretary has decided to forgo public comment on the *Additional Requirements* and the eligibility restriction pertaining to LEAs or consortia of LEAs that have received or will receive funding under the Safe Schools/Healthy Students Initiative (84.184L). These *Additional Requirements* and the eligibility restriction will apply to the FY 2005 grant competition and any subsequent year in which we make awards based on the list of unfunded applications from this competition.

Program Authority: 20 U.S.C. 7269.

Applicable Regulations: The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 97, 98, 99, and 299.

Note: The regulations in 34 CFR part 79 apply to all applicants except federally recognized Indian tribes.

II. Award Information

V. Application Review Information

1. *Selection Criteria:* The selection criteria for this program are in the application package.

2. *Review and Selection Process:* Additional factors we consider in selecting an application for an award are the equitable distribution of grants among the geographical regions of the United States and among urban, suburban, and rural populations.

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may also notify you informally.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. You must also submit a progress report nine months after the award date. This report should provide the most current performance and financial expenditure information, including baseline data.

4. *Performance Measures:* The Secretary has established the following key performance measures for assessing the effectiveness of the Grants for the Integration of Schools and Mental Health Systems program:

a. The percentage of schools served by the grant that have comprehensive, detailed linkage protocols in place will increase; and

b. The percentage of school personnel served by the grant who are trained to make appropriate referrals to mental health services will increase.

These two measures constitute the Department's indicators of success for this program. Consequently, applicants for a grant under this program are advised to give careful consideration to

these two outcomes in conceptualizing the approach and evaluation of their proposed project. If funded, applicants will be asked to collect and report data in their performance and final reports about progress toward these goals. The Secretary will also use this information to respond to the evaluation requirements concerning this program established in Section 5541(f) of the ESEA.
