DEPARTMENT OF THE TREASURY

Alcohol and Tobacco Tax and Trade Bureau

27 CFR Part 45

[T.D. TTB-26]

RIN 1513-AA99

Removal of Tobacco Products and Cigarette Papers and Tubes, Without Payment of Tax, for United States Use in Law Enforcement Activities

AGENCY: Alcohol and Tobacco Tax and
Trade Bureau, Treasury.

ACTION: Temporary rule; solicitation of
comments.

SUMMARY: The Department of the
Treasury and the Alcohol and Tobacco
Tax and Trade Bureau adopt a
temporary amendment to the
regulations relating to the removal of
tobacco products and cigarette papers
and tubes, without payment of tax, for
use of the United States. This
amendment allows manufacturers of
tobacco products and cigarette papers
and tubes to remove these articles
without payment of tax for use by
Federal agencies in their law
enforcement activities, and to exempt
packages of those removed products
from the tax-exempt labeling
requirement. We take this action to
timely meet the needs of Federal agency
law enforcement operations,
particularly investigations involving
tobacco product diversion and
smuggling.

SUPPLEMENTARY INFORMATION:

Background

Statutory and Regulatory Provisions

Section 5704(b) of the Internal
Revenue Code of 1986 (26 U.S.C.
5704(b)) provides that a manufacturer
may, among other things, remove
tobacco products and cigarette papers
and tubes without payment of tax for
use of the United States, in accordance
with regulations prescribed by the
Secretary of the Treasury. The
regulations administered by the Alcohol
and Tobacco Tax and Trade Bureau
(TTB) include, in part 45 (27 CFR part
45), provisions that implement this
aspect of section 5704(b).

Section 45.31 of the TTB regulations
(27 CFR 45.31) sets forth two
circumstances in which manufacturers
of tobacco products and cigarette papers
and tubes may remove those articles for
sale or donation to Federal agencies
without payment of Federal excise tax.
Specifically:

- In the case of articles purchased by
a Federal agency with funds
appropriated by the U.S. Congress, the
manufacturer may remove the articles
for delivery to the Federal agency for
gratuitous distribution under the
supervision of the agency.

- In the case of articles purchased by
a donor from a manufacturer or donated
directly by a manufacturer, the
manufacturer may remove the articles
for delivery to a Federal agency for
gratuitous distribution, under the
supervision of the agency, to charges of
the United States or to patients in a
hospital or institution operated by a
State Government or the District of
Columbia where the Federal agency
maintains a program for distribution to
members or veterans of the armed forces

of the United States in the hospital or
institution.

Section 45.31 further provides that
tobacco products and cigarette papers
and tubes removed under the provisions
of part 45 may not be sold subsequent
to removal.

In addition, § 45.46 of the TTB
regulations (27 CFR 45.46) provides that
every package of tobacco products and
cigarette papers and tubes removed
under part 45 must have the words
“Tax-Exempt. For Use of U.S. Not To Be
Sold.” adequately imprinted on the
package or on a label securely affixed to
the package.

The Need for Regulatory Change

Individuals and criminal
organizations continue to engage in
criminal activities involving diversion
of tobacco products from the legal
market and the smuggling of genuine
and counterfeit tobacco products. These
activities often violate the Contraband
Cigarette Trafficking Act (18 U.S.C. 2341
et seq.), the Jenkins Act (15 U.S.C. 375
et seq.), or other statutory provisions,
endanger the public, and jeopardize
Federal, State, and local government
revenues. For example, in 2002, a U.S.
district court in North Carolina
convicted several people of smuggling
large quantities of cigarettes from that
State for resale in higher-tax States in
order to raise funds for a foreign
terrorist organization. In addition, in
January 2004, an indictment returned in
El Paso, Texas, in response to a criminal
investigation charged a criminal group
with smuggling over 107 million
counterfeit and properly trademarked
cigarettes across the southern U.S.
border, thereby costing the Federal
government and three State
governments over \$8 million in lost tax
revenue.

On numerous occasions, Federal law
enforcement agencies—including the
Federal Bureau of Investigation, the
Bureau of Alcohol, Tobacco, Firearms,
and Explosives, and the Bureau of
Immigration and Customs
Enforcement—have used non-taxpaid
tobacco products provided by a
manufacturer in undercover, sting, or
other law enforcement activities. Many
tobacco product manufacturers are
willing to provide Federal agencies with
tobacco products for use in law
enforcement activities, and we believe
they should be able to remove those
products without payment of tax under
26 U.S.C. 5704(b). However, because
§ 45.31 does not specifically authorize
the tax-free removal of such goods for
Federal law enforcement purposes,
these Federal agencies must ask the
manufacturer to apply to TTB for

approval of an alternate method or procedure under § 45.21 of the TTB regulations (27 CFR 45.21) to remove the tobacco products without payment of tax and without the required tax-exempt label.

Section 45.21 permits TTB to approve variances from methods or procedures specifically prescribed in part 45, provided that good cause exists for the variance and that the variance is consistent with the purpose and intended effect of the prescribed method or procedure. In addition, the variance must afford equivalent security to the revenue, not be contrary to law, not result in increased cost to the Government, or hinder administration of part 45. In the case of law enforcement activities, the variances relate to the limited uses and the post-removal sale prohibition prescribed in § 45.31 and the tax-exempt label requirement in § 45.46.

TTB has found that requests from manufacturers for tax-free removals for Federal agencies' law enforcement activities meet the criteria for a variance under § 45.21. Consequently, we routinely grant written requests for these variances on a case-by-case basis. While we attempt to issue these variances as quickly as possible, this case-by-case written approval process often is counter-productive in the context of a fast-moving criminal investigation and unnecessarily adds to the administrative workload of TTB and the cooperating tobacco manufacturers.

Accordingly, we believe that it is appropriate to amend the regulations to remove this administrative bottleneck. We also believe that, for the reasons stated below, it is in the public interest to implement these regulatory changes immediately as a temporary rule with provision for the submission of public comments, which we will consider before adoption of a final rule in this matter. This temporary rule will eliminate the need for manufacturers of tobacco products and cigarette papers and tubes to obtain a variance to remove their products without payment of tax for use in a Federal law enforcement operation. These changes will save Federal law enforcement agencies valuable time in conducting their investigations and will not jeopardize the general public or the revenue.

The supplying of tobacco products and cigarette papers and tubes by manufacturers to Federal agencies will continue to be voluntary, and these changes in the regulations do not impose additional cost, compliance, or reporting burdens on manufacturers. In addition, the temporary regulation does not preclude manufacturers from selling

tobacco products, without payment of tax, for use in a Federal law enforcement operation.

Discussion of the Temporary Amendments

The amendments set forth in this document include a revision of § 45.31, which divides the section into paragraphs (a) and (b) in order to accommodate the new provision allowing removals without payment of tax for Federal law enforcement use and in order to improve the readability of the section. Paragraph (a) includes the terms of the existing first two sentences of the text as well as the new Federal law enforcement removal provision. Paragraph (b) repeats the sale prohibition terms of the last sentence of the existing text, but includes an exception for Federal law enforcement removals under paragraph (a)(3) when a sale is a necessary part of the law enforcement activity.

In addition, we amend § 45.46 by adding an exception clause at the beginning of the text for articles removed pursuant to § 45.31(a)(3). This exception is necessary because the tax-exempt label required by § 45.46 could interfere with the Federal agency's law enforcement efforts.

Regulatory Flexibility Act

Because no notice of proposed rulemaking is required for a temporary rule, the provisions of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) do not apply.

Executive Order 12866

This temporary rule is not a significant regulatory action as defined by Executive Order 12866. Therefore, it requires no regulatory analysis.

Inapplicability of Prior Notice and Comment and Delayed Effective Date Procedures

This temporary rule merely implements an existing agency practice by facilitating the removal, without Federal tax, of tobacco products and cigarette papers and tubes for the use of Federal agencies in law enforcement operations. The regulatory changes address immediate needs of Federal law enforcement agencies and relieve an existing administrative burden on TTB and tobacco industry members. In addition, the supplying of tobacco products and cigarette papers and tubes by manufacturers to Federal agencies continues to be voluntary, and this regulatory change would only ease an existing burden on manufacturers who wish to provide their products for this purpose. Accordingly, pursuant to 5 U.S.C. 553(b)(B), we have determined that prior public notice and comment procedures on this regulation are unnecessary and contrary to the public interest. For the same reasons, pursuant to 5 U.S.C. 553(d) (1) and (3), we find that there is good cause for dispensing with a delayed effective date.

BILLING CODE 4810-31-P

PENSION BENEFIT GUARANTY CORPORATION

29 CFR Parts 4022 and 4044

Benefits Payable in Terminated Single-Employer Plans; Allocation of Assets in Single-Employer Plans; Interest Assumptions for Valuing and Paying Benefits

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Final rule.

SUMMARY: The Pension Benefit Guaranty Corporation’s regulations on Benefits Payable in Terminated Single-Employer Plans and Allocation of Assets in Single-Employer Plans prescribe interest

assumptions for valuing and paying benefits under terminating single-employer plans. This final rule amends the regulations to adopt interest assumptions for plans with valuation dates in May 2005. Interest assumptions are also published on the PBGC’s Web site (<http://www.pbgc.gov>).

DATES: *Effective Date:* May 1, 2005.

FOR FURTHER INFORMATION CONTACT: Catherine B. Klion, Attorney, Legislative and Regulatory Department, Pension Benefit Guaranty Corporation, 1200 K Street, NW., Washington, DC 20005, 202-326-4024. (TTY/TDD users may call the Federal relay service toll-free at 1-800-877-8339 and ask to be connected to 202-326-4024.)

SUPPLEMENTARY INFORMATION: The PBGC’s regulations prescribe actuarial assumptions—including interest assumptions—for valuing and paying plan benefits of terminating single-employer plans covered by title IV of the Employee Retirement Income Security Act of 1974. The interest assumptions are intended to reflect current conditions in the financial and annuity markets.

Three sets of interest assumptions are prescribed: (1) A set for the valuation of benefits for allocation purposes under section 4044 (found in Appendix B to Part 4044), (2) a set for the PBGC to use to determine whether a benefit is payable as a lump sum and to determine lump-sum amounts to be paid by the PBGC (found in Appendix B to Part 4022), and (3) a set for private-sector pension practitioners to refer to if they wish to use lump-sum interest rates determined using the PBGC’s historical methodology (found in Appendix C to Part 4022).

Accordingly, this amendment (1) adds to Appendix B to Part 4044 the interest assumptions for valuing benefits for allocation purposes in plans with valuation dates during May 2005, (2) adds to Appendix B to Part 4022 the interest assumptions for the PBGC to use for its own lump-sum payments in plans with valuation dates during May 2005, and (3) adds to Appendix C to Part 4022 the interest assumptions for private-sector pension practitioners to refer to if they wish to use lump-sum interest rates determined using the PBGC’s historical methodology for valuation dates during May 2005.

For valuation of benefits for allocation purposes, the interest assumptions that the PBGC will use (set forth in Appendix B to part 4044) will be 3.90 percent for the first 20 years following the valuation date and 4.75 percent thereafter. These interest assumptions represent an increase (from those in
