Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration will publish periodic summaries of proposed projects. To request more information

on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (240) 276-1243.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: 2006 National Survey on Drug Use and Health—(OMB No. 0930-0110)—Revision

The National Survey on Drug Use and Health (NSDUH), formerly the National Household Survey on Drug Abuse (NHSDA), is a survey of the civilian, noninstitutionalized population of the United States 12 years old and older.

The data are used to determine the prevalence of use of tobacco products, alcohol, illicit substances, and illicit use of prescription drugs. The results are used by SAMHSA, ONDCP, Federal government agencies, and other organizations and researchers to establish policy, direct program activities, and better allocate resources.

For the 2006 NSDUH, additional questions are being planned regarding self-help drug treatment, use of additional hallucinogens, prescription drugs and over the counter medications, respondent's place of residence, and alcohol consumption practices. To maintain the respondent burden at 60 minutes per interview, a few questions will be deleted. The remaining modular components of the questionnaire will remain essentially unchanged except for minor modifications to wording.

As with all NSDUH/NHSDA surveys conducted since 1999, the sample size of the survey for 2006 will be sufficient to permit prevalence estimates for each of the fifty states and the District of Columbia.

The total annual burden estimate is shown below:

Activity	Number of respondents	Number of responses per respondent	Average burden hours per respondent	Total burden hours
Household Screening	182,250	1	.083	15,127
Interview	67,500	1	1.0	67,500
Re-interview	3,100	1	1.0	3,100
Screening Verification	5,559	1	.067	372
Interview Verification	10,125	1	.067	678
Re-Interview Verification	1,550	1	.067	104
Total	182,250	86,881

DEPARTMENT OF HOMELAND SECURITY

Office of the Secretary

[Docket No. DHS-2005-0032]

Office of Research and Development; Proposed Federally Funded Research and Development Center

AGENCY: Office of National Laboratories, Directorate of Science and Technology, Department of Homeland Security.

ACTION: Notice.

SUMMARY: The Department of Homeland Security (DHS) expects to sponsor a

Federally Funded Research and Development Center (FFRDC) to address the need for scientific research to better anticipate, prevent, and mitigate the consequences of biological attacks. The proposed FFRDC will be the National Biodefense Analysis and Countermeasures Center (NBACC) which is a critical component in the overarching Homeland Security national biodefense complex. The NBACC will both coordinate biodefense research activities among various federal agencies and to execute its own research plan. Also required will be technical and program management capabilities to

facilitate operation of the NBACC facility.

ADDRESSES: If you desire to submit comments, they must be submitted within 30 days after publishing of this Notice. Comments must be identified by DHS-2005-0032 and may be submitted by one of the following methods:

- EPA Federal Partner EDOCKET Web site: <http://www.epa.gov/feddocket>. Follow instructions for submitting comments on the Web site.
- E-mail: James.Johnson2@dhs.gov

Include docket number in the subject line of the message.

- Fax: 202-254-6163.
- Mail: James V. Johnson, Science and Technology Directorate, Department of Homeland Security, Washington DC 20528.

Docket: For access to the docket to read the background documents or comments received, go to <http://www.epa.gov/feddocket>.

FOR FURTHER INFORMATION CONTACT: Mr. James V. Johnson via e-mail at James.Johnson2@dhs.gov, or by telephone at (202) 254-6098.

SUPPLEMENTARY INFORMATION: The FFRDC would be established under the authority of Section 305 of the Homeland Security Act of 2002, P.L. 107-296. Pursuant to this section, the Secretary of Homeland Security, "acting through the Under Secretary for Science and Technology, shall have the authority to establish * * * 1 or more federally funded research and development centers to provide independent analysis of homeland security issues, or to carry out other responsibilities under this Act* * *."

This notice is provided pursuant to 5.205b of the Federal Acquisition Regulations (FAR) to enable interested members of the public to provide comments to DHS on this proposed action. The potential FFRDC procurement will involve a Request for Proposals within approximately 90 days of the date of this notice. Upon request, a copy of the Request for Proposals, including the scope of work for the proposed FFRDC, will be provided to any interested party or parties. Contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section, above.

This also constitutes preliminary notice pursuant to section 308(c)(2)-(4) of the Homeland Security Act of 2002 that DHS may establish a headquarters laboratory to perform the functions envisioned by the NBACC. As required under section 308(c)(3)(A) and (B) of the Homeland Security Act, should the Secretary choose to establish a headquarters laboratory, he will establish criteria for the selection of that

laboratory in consultation with the National Academy of Sciences and other agencies and experts. The criteria so established will be published in the **Federal Register**.

Further background of this potential establishment of the proposed FFRDC can be found out at the USAMRAA Web site, <http://www.usamraa.army.mil>.

Dated: April 12, 2005.

SUPPLEMENTARY INFORMATION: The Department of Homeland Security (DHS), Office of Inspector General (OIG) is establishing a new system of records within OIG Headquarters under the Privacy Act of 1974 (5 U.S.C. 552a).

The Privacy Act embodies fair information principles in a statutory framework governing the means by which the United States Government collects, maintains, uses and disseminates personally identifiable information. The Privacy Act applies to information that is maintained in a "system of records." A "system of records" is a group of any records under the control of an agency from which information is retrieved by the name of the individual or by some identifying number, symbol, or other identifying particular assigned to the individual. Individuals may request their own records that are maintained in a system of records in the possession or under the control of DHS-OIG by complying with DHS Privacy Act regulations, 6 CFR part 5.

The Privacy Act requires each agency to publish in the **Federal Register** a description denoting the type and character of each system of records that the agency maintains, and the routine uses that are contained in each system in order to make agency recordkeeping practices transparent, to notify individuals regarding the uses to which personally identifiable information is put, and to assist the individual to more easily find such files within the Agency.

OIG is therefore publishing this system of records to cover training records relating to OIG auditors'
