

DEPARTMENT OF THE INTERIOR**Bureau of Reclamation****Quarterly Status Report of Water Service, Repayment, and Other Water-Related Contract Negotiations**

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice.

SUMMARY: Notice is hereby given of contractual actions that have been proposed to the Bureau of Reclamation (Reclamation) and are new, modified, discontinued, or completed since the last publication of this notice on March 10, 2005. This notice is one of a variety of means used to inform the public about proposed contractual actions for capital recovery and management of project resources and facilities consistent with section 9(f) of the Reclamation Project Act of 1939. Additional announcements of individual contract actions may be published in the **Federal Register** and in newspapers of general circulation in the areas determined by Reclamation to be affected by the proposed action.

ADDRESSES: The identity of the approving officer and other information pertaining to a specific contract proposal may be obtained by calling or writing the appropriate regional office at the address and telephone number given for each region in the **SUPPLEMENTARY INFORMATION** section.

FOR FURTHER INFORMATION CONTACT: Sandra L. Simons, Manager, Contract Services Office, Bureau of Reclamation, PO Box 25007, Denver, Colorado 80225-0007; telephone 303-445-2902.

SUPPLEMENTARY INFORMATION: Consistent with section 9(f) of the Reclamation Project Act of 1939 and the rules and regulations published in 52 FR 11954, April 13, 1987 (43 CFR 426.22), Reclamation will publish notice of proposed or amendatory contract actions for any contract for the delivery of project water for authorized uses in newspapers of general circulation in the affected area at least 60 days prior to contract execution. Announcements may be in the form of news releases, legal notices, official letters, memorandums, or other forms of written material. Meetings, workshops, and/or hearings may also be used, as appropriate, to provide local publicity. The public participation procedures do not apply to proposed contracts for the sale of surplus or interim irrigation water for a term of 1 year or less. Either of the contracting parties may invite the public to observe contract proceedings. All public participation procedures will

be coordinated with those involved in complying with the National Environmental Policy Act. Pursuant to the "Final Revised Public Participation Procedures" for water resource-related contract negotiations, published in 47 FR 7763, February 22, 1982, a tabulation is provided of all proposed contractual actions in each of the five Reclamation regions. When contract negotiations are completed, and prior to execution, each proposed contract form must be approved by the Secretary of the Interior, or pursuant to delegated or redelegated authority, the Commissioner of Reclamation or one of the regional directors. In some instances, congressional review and approval of a report, water rate, or other terms and conditions of the contract may be involved.

Public participation in and receipt of comments on contract proposals will be facilitated by adherence to the following procedures:

1. Only persons authorized to act on behalf of the contracting entities may negotiate the terms and conditions of a specific contract proposal.

2. Advance notice of meetings or hearings will be furnished to those parties that have made a timely written request for such notice to the appropriate regional or project office of Reclamation.

3. Written correspondence regarding proposed contracts may be made available to the general public pursuant to the terms and procedures of the Freedom of Information Act, as amended.

4. Written comments on a proposed contract or contract action must be submitted to the appropriate regional officials at the locations and within the time limits set forth in the advance public notices.

5. All written comments received and testimony presented at any public hearings will be reviewed and summarized by the appropriate regional office for use by the contract approving authority.

6. Copies of specific proposed contracts may be obtained from the appropriate regional director or his designated public contact as they become available for review and comment.

7. In the event modifications are made in the form of a proposed contract, the appropriate regional director shall determine whether republication of the notice and/or extension of the comment period is necessary.

Factors considered in making such a determination shall include, but are not limited to (i) the significance of the modification, and (ii) the degree of

public interest which has been expressed over the course of the negotiations. At a minimum, the regional director shall furnish revised contracts to all parties who requested the contract in response to the initial public notice.

The March 10, 2005, notice should be used as a reference point to identify changes. The numbering system in this notice corresponds with the numbering system in the March 10, 2005, notice.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 731-TA-1076 (Final)]

Live Swine From Canada

Determination

On the basis of the record¹ developed in the subject investigation, the United States International Trade Commission (Commission) determines, pursuant to section 735(b) of the Tariff Act of 1930 (19 U.S.C. 1673d(b)) (the Act), that an industry in the United States is not materially injured or threatened with material injury, and the establishment of an industry in the United States is not materially retarded, by reason of imports from Canada of live swine, provided for in subheadings 0103.91.00

¹ The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

and 0103.92.00 of the Harmonized Tariff Schedule of the United States, that have been found by the Department of Commerce (Commerce) to be sold in the United States at less than fair value (LTFV).

Background

The Commission instituted this investigation effective March 5, 2004, following receipt of a petition filed with the Commission and Commerce by the National Pork Producers Council, Washington, DC, and numerous state associations and individual producers. The final phase of the investigation was scheduled by the Commission following notification of a preliminary determination by Commerce that imports of live swine from Canada were being sold at LTFV within the meaning of section 733(b) of the Act (19 U.S.C. 1673b(b)). Notice of the scheduling of the final phase of the Commission's investigation and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of November 17, 2004 (69 FR 67364). The hearing was held in Washington, DC, on March 8, 2005, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determination in this investigation to the Secretary of Commerce on April 25, 2005. The views of the Commission are contained in USITC Publication 3766 (April 2005), entitled Live Swine from Canada: Investigation No. 731-TA-1076 (Final).

Issued: April 13, 2005.

By order of the Commission.

Marilyn R. Abbott,

Secretary to the Commission.

DEPARTMENT OF JUSTICE

Antitrust Division

Notice Pursuant to the National Cooperative Research and Production Act of 1993—Joint Research and Development Program for the Advancement of in Situ Bioremediation Technologies

Notice is hereby given that, on March 11, 2005, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* ("the Act"), Joint Research and

Development Program for the Advancement of In Situ Bioremediation Technologies (the "Program") has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing (1) the identities of the parties to the venture and (2) the nature and objectives of the venture. The notifications were filed for the purpose of invoking the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances.

Pursuant to Section 6(b) of the Act, the identities of parties to the Program are: E.I. du Pont de Nemours and company, Wilmington, DE; General Electric Company, Schenectady, NY; GeoSyntec Consultants Inc., Boca Raton, FL; ICI Chemicals and Polymers, Runcorn, United Kingdom; Shell Research Ltd., London, United Kingdom; Terra Systems, Inc., Wilmington, DE; Golder Associates, Atlanta, GA; Environmental Simulations International Ltd., Shrewsbury, United Kingdom; Acetate Products Limited, Derby, United Kingdom; W.S. Atkins Consultants Ltd., Epsom, United Kingdom; and Scientifics Ltd., Derby, United Kingdom. These parties collectively are the Bioremediation Consortium. Additional parties to the Program are: University of Edinburgh, Edinburgh, Scotland, United Kingdom; University of Sheffield, Sheffield, United Kingdom; and The Natural Environmental Research Council, Nottingham, United Kingdom. The general areas of the Program's planned activities are as follows: The Bioremediation Consortium's goals include sharing existing research regarding the techniques of bioremediation for the remediation of chlorinated solvent contaminants in soil or ground water; working collectively to demonstrate the treatment systems in the field of hazardous waste sites; and ultimately advancing the technologies to the point of public and regulatory acceptability. Additional goals of the Program include having one or more members of the Bioremediation Consortium enter into a Cooperative Research and Development Agreement with the U.S. Environmental Protection Agency, and having the Bioremediation Consortium enter into a LINK Collaboration Agreement with the additional parties to the Program and the British Geological Survey.

Dorothy B. Fountain,

Deputy Director of Operations, Antitrust Division.
