SUPPLEMENTARY INFORMATION: On March 2, 2005, NMFS published a final rule implementing the Crab Rationalization Program (Program) as Amendments 18 and 19 to the Fishery Management Plan for Bering Sea/ Aleutian Islands King and Tanner Crabs. In January 2004, the

U.S. Congress amended section 313(j) of the Magnuson-Stevens Act through the Consolidated Appropriations Act of 2004 (Pub. L. No. 108-199, section 801). As amended, section 313(j)(1) requires the Secretary to approve and implement by regulation the Program, as it was approved by the North Pacific Fishery Management Council (Council) between June 2002 and April 2003, and all trailing amendments, including those reported to Congress on May 6, 2003. In June 2004, the Council consolidated its actions on the Program into the Council motion, which is contained in its entirety in Amendment 18. Additionally, in June 2004, the Council developed Amendment 19, which represents minor changes necessary to implement the Program. The Notice of Availability for these amendments was published in the **Federal Register** on September 1, 2004 (69 FR 53397). NMFS approved Amendments 18 and 19 on November 19, 2004. NMFS published a proposed rule to implement Amendments 18 and 19 in the **Federal Register** on October 29, 2004 (69 FR 63200).

NMFS conducted four public workshops in March and April in Alaska, Oregon, and Washington to provide assistance to fishery participants in complying with the requirements of this new Program (70 FR 10992). At these workshops, NMFS provided an overview of the Program, discussed the key Program elements, and provide information on the application process.

The May 9, 2005 workshop is intended to specifically focus on the Arbitration System. Elements related to economic data collection, monitoring and enforcement, electronic reporting, quota share and individual fishing quota application and transfer provisions, the appeals process, fee collection, and the loan program may be addressed secondarily.
