Bureau of Industry and Security

[Docket No. 050408100-5100-01]

Revision to the Unverified List—Guidance as to “Red Flags”

AGENCY: Bureau of Industry and Security, Commerce.

ACTION: Notice.

SUMMARY: On June 14, 2002, the Bureau of Industry and Security (“BIS”) published a notice in the **Federal Register** that set forth a list of persons in foreign countries who were parties to past export transactions where pre-license checks or post-shipment verifications could not be conducted for reasons outside the control of the U.S. Government (“Unverified List”). Additionally, on July 16, 2004, BIS published a notice in the **Federal Register** that advised exporters that the Unverified List would also include persons in foreign countries in transactions where BIS is not able to verify the existence or authenticity of the end-user, intermediate consignee, ultimate consignee, or other party to the transaction. These notices advised exporters that the involvement of a listed person as a party to a proposed transaction constitutes a “red flag” as described in the guidance set forth in

Supplement No. 3 to 15 CFR part 732, requiring heightened scrutiny by the exporter before proceeding with such a transaction. This notice adds one entity to the Unverified List. The entity is: Parrlab Technical Solutions, LTD, 1204, 12F Shanghai Industrial Building, 48-62 Hennesey Road, Wan Chai, Hong Kong Special Administrative Region.

DATES: This notice is effective April 26, 2005.

Thomas W. Andrukonis, Office of Enforcement Analysis, Bureau of Industry and Security, Telephone: (202) 482-4255.

SUPPLEMENTARY INFORMATION:

In administering export controls under the Export Administration Regulations (15 CFR parts 730 to 774) (“EAR”), BIS carries out a number of preventive enforcement activities with respect to individual export transactions. Such activities are intended to assess diversion risks, identify potential violations, verify end-uses, and determine the suitability of end-users to receive U.S. commodities or technology. In carrying out these activities, BIS officials, or officials of other Federal agencies acting on BIS's behalf, selectively conduct pre-license checks (“PLCs”) to verify the bona fides of the transaction and the suitability of the end-user or ultimate consignee. In addition, such officials sometimes carry out post-shipment verifications (“PSVs”) to ensure that U.S. exports have actually been delivered to the authorized end-user, are being used in a manner consistent with the terms of a license or license exception, and are otherwise consistent with the EAR.

In certain instances BIS officials, or other Federal officials acting on BIS's behalf, have been unable to perform a PLC or PSV with respect to certain export control transactions for reasons outside the control of the U.S. Government (including a lack of cooperation by the host government authority, the end-user, or the ultimate consignee). BIS listed a number of foreign end-users and consignees involved in such transactions in the Unverified List that was included in BIS's **Federal Register** notice of June 14, 2002. See 67 FR 40910. On July 16, 2004, BIS published a notice in the **Federal Register** that advised exporters that the Unverified List would also include persons in foreign countries where BIS is not able to verify the existence or authenticity of the end user, intermediate consignee, ultimate consignee, or other party to an export transaction. See 69 FR 42652.

The June 14, 2002, and July 16, 2004, notices advised exporters that the involvement of a listed person in a transaction constituted a "red flag" under the "Know Your Customer" guidance set forth in Supplement No. 3 to 15 CFR part 732 of the EAR. Under that guidance, whenever there is a "red flag," exporters have an affirmative duty to inquire, verify, or otherwise substantiate the proposed transaction to satisfy themselves that the transaction does not involve a proliferation activity prohibited in 15 CFR part 744, and does not violate other provisions of the EAR. The **Federal Register** notices further stated that BIS may periodically add persons to the Unverified List based on the criteria set forth above, and remove persons when warranted.

This notice advises exporters that BIS is adding Parrlab Technical Solutions, LTD in the Hong Kong Special

Administrative Region to the Unverified List. A "red flag" now exists for transactions involving this entity due to its inclusion on the Unverified List. As a result, exporters have an affirmative duty to inquire, verify, or otherwise substantiate the proposed transaction to satisfy themselves that the transaction does not involve a proliferation activity prohibited in 15 CFR part 744, and does not violate other provisions of the EAR.

The Unverified List, as modified by this notice, is set forth below.

Dated: April 15, 2005.

Wendy Wysong,

Acting Assistant Secretary for Export Enforcement.

Unverified List

(As of April 26, 2005)

The Unverified List includes names, countries, and last known addresses of

foreign persons involved in export transactions with respect to which: the Bureau of Industry and Security ("BIS") could not conduct a pre license check ("PLC") or a post shipment verification ("PSV") for reasons outside of the U.S. Government's control; and/or BIS was not able to verify the existence or authenticity of the end user, intermediate consignee, ultimate consignee or other party to an export transaction. Any transaction to which a listed person is a party will be deemed to raise a "red flag" with respect to such transaction within the meaning of the guidance set forth in Supplement No. 3 to 15 CFR part 732. The red flag applies to the person on the Unverified List regardless of where the person is located in the country included on the list.

Carbon and Certain Alloy Steel Wire Rod: Extension of Time Limits for the Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

FOR FURTHER INFORMATION CONTACT: Lyman Armstrong or Jolanta Lawnska at (202) 482-3601 or (202) 482-5075 respectively, AD/CVD Operations, Office 3, Import Administration,

International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Ave, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On November 19, 2004, the U.S. Department of Commerce ("Department") published a notice of initiation of the administrative review of the antidumping duty order on Carbon and Certain Alloy Steel Wire Rod from Mexico, covering the period from October 1, 2003 to September 30, 2004. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 69 FR 67701, (November 19, 2004.). The preliminary results of this review are currently due no later than July 3, 2005.

Extension of Time Limit of Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to make a preliminary determination within 245 days after the last day of the anniversary month of an order or finding for which a review is requested. Section 751(a)(3)(A) of the Act further states that if it is not practicable to complete the review within the time period specified, the administering authority may extend the 245-day period to issue its preliminary results by up to 365 days.

We determine that completion of the preliminary results of this review within the 245-day period is not practicable for the following reasons. This review covers six companies, and to conduct the sales and cost analyses for each
