Implementation of SHVERA: Procedural Rules

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: In this document, the Commission adopts procedural rules in compliance with requirements in the Satellite Home Viewer Extension and Reauthorization Act of 2004 (SHVERA). The Commission first prescribes rules for carriage elections on a county basis, unified retransmission consent negotiations, and notifications by satellite carriers to local broadcasters concerning carriage of significantly viewed signals. The Commission also revises the rules for satellite carriers' notices to station licensees when the carrier is going to initiate new local service. Finally, the Commission adopts a procedural rule which exempts satellite carriers from the signal testing requirements of section 339(c)(4) of the Communications Act of 1934, as amended, when local-into-local service is available.

DATES: Effective May 27, 2005, except for §§ 76.66(d)(2)(i), (ii) and 76.66(d)(5) which contain Paperwork Reduction Act requirements that are not effective until approved by the Office of Management and Budget. The Commission will publish a document in the **Federal Register** announcing the effective date for those sections.

FOR FURTHER INFORMATION CONTACT: Kenneth Lewis, Media Bureau, (202) 418-2622 or Kenneth.lewis@fcc.gov. For additional information concerning the Paperwork Reduction Act information collection requirements contained in this document, contact Cathy Williams at (202) 418-2918 or via Internet at cathy.williams@fcc.gov.

SUPPLEMENTARY INFORMATION:
Paperwork Reduction Act of 1995 Analysis

This document contains new information collection requirements. The Commission, as part of its continuing effort to reduce paperwork burdens, invites the general public to comment on the information collection requirements contained in this *Order* as required by the Paperwork Reduction Act of 1995, Public Law 104-13. Public and agency comments are due May 27, 2005, except for sections 76.66(d)(2) and 76.66(d)(5) which contain Paperwork Reduction Act requirements that are not effective until approved by the Office of Management and Budget. The Commission will publish a document in the **Federal Register** announcing the effective date for those sections. In addition, the Commission notes that pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, *see* 44 U.S.C. 3506(c)(4), we have not previously sought specific comment on how the Commission might further reduce the information collection burden for small business concerns with fewer than 25 employees. However, this information collection does not affect businesses with fewer than 25 employees. Accordingly, there is no impact pursuant to the Small Business Paperwork Relief Act of 2002.

This is a synopsis of the Media Bureau's *Order* in FCC 05-81, adopted March 28, 2005, and released on March 30, 2005. The full text of this *Order* is available for inspection and copying during regular business hours in the FCC Reference Center, 445 Twelfth Street, SW., Room CY-A257, Portals II, Washington, DC 20554, and may also be purchased from the Commission's copy contractor, BCPI, Inc., Portals II, 445 12th Street, SW., Room CY-B402, Washington, DC 20554. Synopsis of Order

1. The Commission, in this *Order*, adopts procedural rules in compliance with requirements in the Satellite Home Viewer Extension and Reauthorization Act of 2004 (SHVERA).¹ The SHVERA amends the 1988 copyright laws (17 U.S.C. 119 and 122) and the Communications Act of 1934, as amended (Act) to further aid competition in the multichannel video programming distribution market and provide more video programming

¹The SHVERA was enacted on December 8, 2004, as part of the Consolidated Appropriations Act of 2005, Public Law 108-447, section 202, 118 Stat. 2809 3393 (2004) (to be codified at 47 U.S.C. 340).

options for satellite subscribers. The *Order* is one of several actions the Commission is taking to implement SHVERA. The other proceedings will follow according to timeframes set forth in the SHVERA, to be undertaken and largely completed in 2005.

2. The *Order* first implements procedural rule revisions required by section 340(h) of the Act. Section 202 of the SHVERA requires the Commission to add new section 340 of the Act, which provides for satellite carriage of "significantly viewed" broadcast signals.² Accordingly, in February 2005, the Commission adopted a *Notice of Proposed Rulemaking* to implement new section 340 of the Act. This decision may be found at 70 FR 11313, March 8, 2005. Section 340(h) prescribes rules for carriage elections on a county basis, unified retransmission consent negotiations, and notifications by satellite carriers to local broadcasters concerning carriage of significantly viewed signals.

3. Additionally, section 205 of the SHVERA amends section 338(h)(2) of the Act to add subsection 338(h) which instructs the Commission to amend § 76.66(d)(2) of the Commission's rules concerning satellite carrier notification to television broadcast stations in new local-into-local markets. The *Order*, as required by the SHVERA, mandates that the carrier's notice be sent to each station in a local market in which the carrier proposes to commence local-into-local service not later than 60 days before the local-into-local service will begin and also specifies the information that must be included in the notice and that the notice be sent via certified mail to the television station licensee's address listed in the Commission's consolidated database. The purpose is to ensure that notices clearly indicate to local broadcasters the rights and responsibilities that they have under the carry-one, carry-all provisions of the Act and Commission regulations.

4. Finally, section 209 of the SHVERA creates new section 339(c)(4)(D) of the Act, which requires that the Commission exempt satellite carriers from the signal testing requirements of section 339(c)(4)(A) of the Commission's rules when the request comes from a

²The Commission, in 1972, adopted the concept of "significantly viewed" signals to differentiate between out-of-market television stations that "have sufficient audience to be considered local and those that do not." The significantly viewed concept has applied to the cable industry for more than 30 years, and the SHVERA applies those rules to satellite providers. The designation is salient because it has enabled cable stations assigned to one market to be treated as "local" stations with respect to a particular cable community in another market.
