

You may submit comments electronically, by mail, by facsimile, or by hand delivery/courier. To ensure proper receipt by EPA, include the appropriate docket identification number with your submission. Please adhere to the specified submitting period; public comments received or submitted past the closing date will be marked "late" and may only be considered if time permits.

If you submit public comments electronically, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of our comment. Also include these contact details on the outside of any submitted disk or CD-ROM, and in any cover letter accompanying the disk or CD-ROM. This ensures that you can be identified as the person submitting the public comments and allows EPA to contact you in case the Agency cannot read your submission due to technical difficulties, or needs further information on the substance of your comment. EPA will not edit your comment, and any identifying or contact information provided in the body of the comment will be included as part of the comment placed in the official public docket and made available in E-Docket. If EPA cannot read what you submit due to technical difficulties and cannot contact you for clarification, it may delay or prohibit EPA's consideration of your comments.

Electronic submission of comments via E-Docket is the preferred method for receiving comments. To access EPA's electronic public docket from the EPA Internet home page, select "Information Sources," "Dockets," and "EPA Dockets." Once in the system, select "search," and key in Docket ID No. ORD-2005-0001. The system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact details unless you provide it in the body of your comment.

Comments may be sent by electronic mail (e-mail) to ORD.Docket@epa.gov, Attention Docket ID No. ORD-2005-0001. In contrast to EPA's electronic public docket, EPA's e-mail system is *not* an "anonymous access" system. If you send an e-mail directly to the docket without going through EPA's E-Docket, EPA's e-mail system automatically captures your e-mail address, and it becomes part of the information in the official public docket and is made available in E-Docket.

You may submit comments on a disk or CD-ROM mailed to the OEI Docket mailing address. Files will be accepted in WordPerfect, Word, or PDF file

format. Avoid the use of special characters and any form of encryption.

If you provide comments in writing, please submit one unbound original with pages numbered consecutively, and three copies. For attachments, provide an index, number pages consecutively with the main text, and submit an unbound original and three copies.

Dated: April 20, 2005.

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Submitted to OMB for Review and Approval

March 31, 2005.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act (PRA) of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act that does not display a valid control number. Comments are requested concerning (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written Paperwork Reduction Act (PRA) comments should be submitted on or before May 27, 2005. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all Paperwork Reduction Act (PRA) comments to Les Smith, Federal Communications Commission, Room 1-A804, 445 12th Street, SW., Washington, DC 20554 or via the Internet to Leslie.Smith@fcc.gov.

[CC Docket No. 02-53, DA 05-1045]

Presubscribed Interexchange Carrier Charges

AGENCY: Federal Communications Commission.

ACTION: Notice; waiver of compliance date.

SUMMARY: This document grants informal requests for waiver of the deadline for compliance with the Commission's revised presubscribed interexchange carrier (PIC) change charge policies. PIC change charges are federally-tariffed charges imposed by incumbent local exchange carriers on end-user subscribers when these subscribers change their long distance carriers. The order extends by six months the date by which incumbent local exchange carriers must file tariff revisions to comply with the revised PIC change charge requirements.

DATES: *Effective Date:* April 8, 2005.

Compliance Date: Incumbent local exchange carriers shall file revised rates in compliance with the PIC Change Charge Order no later than October 17, 2005. These rates shall be effective on 15 days' notice.

FOR FURTHER INFORMATION CONTACT: Jennifer McKee, Wireline Competition Bureau, Pricing Policy Division, (202) 418-1530, jennifer.mckee@fcc.gov.

SUPPLEMENTARY INFORMATION: This is a summary of the order in CC Docket No. 02-53 released on April 11, 2005. The full text of this document is available on the Commission's Electronic Comment Filing System Web site and for public inspection during regular business hours in the FCC Reference Center, Room CY-A257, 445 Twelfth Street, SW., Washington, DC 20554.

On February 10, 2005, the Commission adopted a report and order revising its requirements regarding PIC change charges. *Presubscribed Interexchange Carrier Charges*, 70 FR 12601, March 15, 2005. PIC change charges are federally tariffed charges imposed by local exchange carriers (LECs) on end user subscribers when these subscribers change their presubscribed interexchange carriers (IXCs). Based on the record in the proceeding, the Commission required incumbent LECs to adopt separate PIC change charges for changes that are processed electronically and manually. The Commission adopted a safe harbor of \$1.25 for electronically processed PIC changes, and a safe harbor of \$5.50 for manually processed PIC changes. The Commission also required that, when a customer changes its PIC in conjunction with changing its intraLATA primary interexchange carrier (LPIC), incumbent LECs should assess half of the applicable federally-tariffed PIC change charge. Incumbent LECs were required to revise their Federal tariffs to reflect these changes within 30 days of publication of the order in the **Federal Register**, with the new rates to be effective on 15 days' notice. The *PIC*

Change Charge Order was published in the **Federal Register** on March 15, 2005; therefore, incumbent LECs were required to file their tariff revisions by April 14, 2005.

Several individual incumbent LECs and trade groups representing incumbent LECs have informally requested that the Commission extend the effective date of the requirements in the *PIC Change Charge Order*. These entities assert that they will not be able by April 14 to make the changes necessary within their systems to assess separate charges for manually and electronically processed PIC changes, or to assess the 50 percent charge when PICs are changed in conjunction with LPICs.

The incumbent LECs have shown good cause for an extension of the tariff revision deadline. Several incumbent LECs have provided extensive explanations of the changes to their billing and operating systems necessary for implementation of the revised PIC change charges. We therefore find that a limited waiver of the deadline for complying with the *PIC Change Charge Order* is warranted. We do not, however, believe that the public interest is served by delaying the implementation of the PIC change charge requirements for the ten- to twelve-month period requested by some parties. Instead, we extend by six months the effective date for filing revised tariffs implementing the PIC change charge requirements. Based on information provided by several incumbent LECs, we believe that six months is a sufficient amount of time for incumbent LECs to make the system changes necessary to implement the revised PIC change charge requirements. This limited extension serves the public interest by allowing incumbent LECs to implement revised PIC change charges at one time, rather than in a piecemeal fashion, which could create customer confusion.

Accordingly, *it is ordered*, pursuant to section 1-4, 201, 203, 205, and 403 of the Communications Act of 1934, as amended, 47 U.S.C. 151-154, 201, 203, 205, and 403, §§ 1.3 and 1.41 of the Commission's rules, 47 CFR 1.3 and 1.41, and authority delegated under §§ 0.91 and 0.291 of the Commission's rules, 47 CFR 0.91 and 0.291, that the informal request of the incumbent LECs for a limited waiver of the date for filing tariff revisions related to the *PIC Change Charge Order* is granted, to the extent discussed above. Incumbent LECs shall file revised rates, to include one rate for PIC changes that are processed electronically and a separate rate for PIC changes that are processed manually,

and rates equal to 50 percent of the full PIC change charge rate when a customer requests a PIC change in conjunction with an LPIC change, *no later than October 17, 2005*. These rates shall be effective on fifteen (15) days' notice.

Federal Communications Commission.

Deputy Chief, Wireline Competition Bureau.

Smith Bagley, Inc., Petition for Waiver of Section 54.400(e) of the Commission's Rules

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: In this document, the Commission grants the petition of Smith Bagley, Inc. (SBI) seeking a waiver of section 54.400(e) of the Commission's Lifeline and Link-Up eligibility rules to enable eligible residents of the Eastern Navajo Agency in the state of New Mexico to receive enhanced Lifeline and Link-Up support.

FOR FURTHER INFORMATION CONTACT: Mark Seifert, Assistant Chief, Wireline Competition Bureau, Telecommunications Access Policy Division, (202) 418-7400, TTY (202) 418-0484.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's Memorandum Opinion and Order in WC Docket No. 03-109 released on March 30, 2005. The full text of this document is available for public inspection during regular business hours in the FCC Reference Center, Room CY-A257, 445 12th Street, SW., Washington, DC 20554.

I. Introduction

1. In this Order, we grant the petition of Smith Bagley, Inc. (SBI) seeking a waiver of § 54.400(e) of the Commission's Lifeline and Link-Up eligibility rules to enable eligible residents of the Eastern Navajo Agency in the state of New Mexico to receive enhanced Lifeline and Link-Up support. We find that this waiver is in the public interest and warranted by the unique and compelling circumstances of low-income consumers residing in the Eastern Navajo Agency.
