DEPARTMENT OF DEFENSE

Department of the Army

Availability of Non-Exclusive, Exclusive License or Partially Exclusive Licensing of U.S. Patent Concerning Electrospun Fibers and an Apparatus Therefor

AGENCY: Department of the Army, DoD.

ACTION: Notice.

SUMMARY: In accordance with 37 CFR part 404.6, announcement is made of the availability for licensing of U.S. Patent No. US 6,860,156 B1 entitled "Electrospun Fibers and an Apparatus Therefor" issued June 22, 2004. This patent has been assigned to the United States Government as represented by the Secretary of the Navy.

FOR FURTHER INFORMATION CONTACT: Mr. Robert Rosenkrans at U.S. Army Soldier Systems Center, Kansas Street, Natick, MA 01760, Phone: (508) 233-4928 or E-mail:

Robert.Rosenkrans@nantick.army.mil.

SUPPLEMENTARY INFORMATION: Any licenses granted shall comply with 35 U.S.C. 209 and 37 CFR part 404.

Brenda S. Bowen,

Army Federal Register Liaison Officer.

BILLING CODE 3710-08-M

DEPARTMENT OF DEFENSE

Department of the Army; Corps of Engineers

Intent to Prepare a Draft Supplemental Environmental Impact Statement for the Boston Harbor Inner Harbor Maintenance Dredging Project

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DOD.

ACTION: Notice of intent.

SUMMARY: The U.S. Army Corps of Engineers, New England District is preparing a Supplemental Environmental Impact Statement (SEIS) to maintenance dredge the federal navigation channels landward of Spectacle Island in Boston Harbor, MA. Maintenance dredging of the navigation

channels landward of Spectacle Island is needed to remove shoals and restore the navigation channels to their authorized depths. Ships are currently experiencing tidal delays and potential damage from grounding. Material dredged from the federal channels will either be disposed at the Massachusetts Bay Disposal Site (if the material is suitable for ocean disposal) or, if the material is not suitable for ocean disposal, in confined aquatic disposal (CAD) cell(s). Major navigation channel improvements (depending) were made in 1999 through 2001 in the Reserved Channel, the Mystic River, Inner Confluence and the Chelsea River. A final EIS was prepared for this previous navigation improvement project in June of 1995 in which the use of CAD cells in the Mystic River, Inner Confluence, and Chelsea River were investigated. CAD cells not used during the construction of the previous navigation improvement project will be investigated for acceptability during the preparation of this SEIS.

ADDRESSES: If you wish to be placed on the mailing list for this project, or have questions about the proposed action and the DSEIS, please contact Ms. Catherine Rogers, Ecologist, U.S. Army Corps of Engineers, New England District, Evaluation Branch, 696 Virginia Road, Concord, MA 01742.

FOR FURTHER INFORMATION CONTACT: Ms. Catherine Rogers, (978) 318-8231.

SUPPLEMENTARY INFORMATION: The U.S. Army Corps of Engineers is authorized by the various Rivers and Harbor Acts and Water Resources Development Acts to conduct maintenance dredging of the federal navigation channels and anchorage areas in Boston Harbor.

In addition to maintenance dredging of the inner harbor, a feasibility study is currently underway to investigate deepening of the main shipping channels in the port of Boston seaward of the Ted Williams Tunnel to a depth greater than the currently authorized depths. This feasibility study, which will also include the preparation of a Supplemental EIS to the 1995 Record of Decision for the navigation improvement project, will examine the engineering feasibility, economic justification, social and cultural resource impacts, and environmental acceptability of the proposed channel deepening. The existing - 40 foot MLLW main harbor entrance channel from Broad Sound, through President Roads, and up to the Marine Terminal just seaward of the Ted Williams Tunnel will be examined for depths up to - 50 feet MLLW, as will the Reserved Channel. Deepening of a small area of

the Mystic River Channel upstream of the Moran Terminal, from the current - 35 foot depths to - 40 feet will also be examined, as will deepening the Chelsea River Channel from the current - 38 foot depth - 40 feet.

Maintenance dredging of the federal Main Ship channel seaward of Spectacle Island, the President Roads anchorage area, and the Broad Sound North Channel is scheduled to be completed by May 2005. Material dredged from these channels was determined to be suitable for ocean water disposal and was disposal at the U.S. Environmental Protection Agency designated dredged material Massachusetts Bay Disposal Site.

Alternatives: The no action alternative will be investigated. Material unsuitable for ocean disposal would most likely be disposed within confined aquatic disposal (CAD) cells within the federal navigation channels above the Ted Williams Tunnel. The draft and final EIS for the previous Boston Harbor navigation improvement project investigated other alternative disposal sites for the disposal of dredged material. Material suitable for ocean disposal would likely be disposed at the Massachusetts Bay Disposal Site. A draft SEIS is expected to be completed by October 2005.

Dated: April 25, 2005.

Thomas L. Koning,

Colonel, Corps of Engineers, New England District.

Notice of Availability of Government-Owned Inventions; Available for Licensing

AGENCY: Department of the Navy, DoD.

ACTION: Notice.

SUMMARY: The inventions listed below are assigned to the United States Government, as represented by the Secretary of the Navy and are available for licensing by the Department of the Navy. U.S. Patent No. 6,879,011 entitled "Magnetically Shielded Circuit Board" and U.S. Patent Application No. 11/108,150 entitled "Method for Field Calibrating an Ion Spectrometer".

ADDRESSES: Requests for copies of the inventions cited should be directed to the Naval Surface Warfare Center, Crane Div., Code 054, Bldg 1, 300 HWY 361, Crane, IN 47522-5001 and must include the patent number.

FOR FURTHER INFORMATION CONTACT: Mr. Brian Bailey, Naval Surface Warfare Center, Crane Div., Code 054, Bldg 1, 300 HWY 361, Crane, IN 47522-5001, telephone 812-854-1865. An application for license may be downloaded from: http://www.crane.navy.mil/newscommunity/techtrans_CranePatents.asp.

(Authority: 35 U.S.C. 207, 37 CFR Part 404.)

Dated: May 3, 2005.

I.C. Le Moyne Jr.,

Lieutenant, Judge Advocate General's Corps, U.S. Navy, Alternate Federal Register Liaison Officer.

Meeting of the Chief of Naval Operations (CNO) Executive Panel; Correction

AGENCY: Department of the Navy, DOD.
ACTION: Notice of closed meeting; correction.

SUMMARY: The Department of the Navy published a document in the **Federal Register** of April 26, 2005, announcing a closed meeting of the CNO Executive Panel. The document contained incorrect date and time.

FOR FURTHER INFORMATION CONTACT: Lieutenant Commander Christopher Corgnati, CNO Executive Panel, 4825 Mark Center Drive, Alexandria, VA 22311, 703-681-4909.

Correction

In the **Federal Register** of April 26, 2005, in FR Doc. 05-8268, on page 21403, in the second column, correct the **DATES** caption to read:
DATES: The meeting will be held on Friday, June 24, 2005, from 9 a.m. to 10 a.m.

Dated: May 3, 2005.

I.C. Le Moyne Jr.,

Lieutenant, Judge Advocate General's Corps, U.S. Navy, Alternate Federal Register Liaison Officer.

Department of the Navy

Meeting of the Chief of Naval Operations (CNO) Executive Panel

AGENCY: Department of the Navy, DoD.
ACTION: Notice of closed meeting.

SUMMARY: The CNO Executive Panel is to provide consensus advice to the Chief of Naval Operations. The meeting will consist of discussions on strategy, force structure, personnel and organizational issues facing the Navy.

DATES: The meeting will be held on Thursday, May 26, 2005, from 9 a.m. to 11 a.m.

ADDRESSES: The meeting will be held in the Center for Naval Analyses Multipurpose Room, 4825 Mark Center Drive, Alexandria, VA 22311.

FOR FURTHER INFORMATION CONTACT: Commander Erik Ross, CNO Executive Panel, 4825 Mark Center Drive, Alexandria, VA 22311, 703-681-4908.

SUPPLEMENTARY INFORMATION: Pursuant to the provisions of the Federal Advisory Committee Act (5 U.S.C. App. 2), these matters constitute classified information that is specifically authorized by Executive Order to be kept secret in the interest of national defense and are, in fact, properly classified pursuant to such Executive Order. Accordingly, the Secretary of the Navy has determined in writing that the public interest requires that all sessions of the meeting be closed to the public because they will be concerned with matters listed in section 552b(c)(1) of title 5, United States Code.

Dated: May 3, 2005.

I.C. Le Moyne Jr.,

Lieutenant, Judge Advocate General's Corps, U.S. Navy, Federal Register Liaison Officer.
