#### SUPPLEMENTARY INFORMATION:

##### Description

The information collection submitted for OMB review contains the following:

1. *Collection of Information:* FERC-549, “Gas Pipeline Rates: NGPA Title III and NGA Blanket Certificate Transactions”.
2. *Sponsor:* Federal Energy Regulatory Commission.
3. *Control No.:* 1902-0086.

The Commission is now requesting that OMB approve a three-year extension of the expiration date, with no changes to the existing collection. The information filed with the Commission is mandatory.

4. *Necessity of the Collection of Information:* Submission of the information is necessary for the Commission to carry out its responsibilities in implementing the statutory provisions of sections 311 and 312 of the Natural Gas Policy Act (NGPA) and Section 7 of the Natural Gas Act (NGA). The reporting requirements for implementing these provisions are contained in 18 Code of Federal Regulations (CFR) Part 284. Under Part 284 of the Commission's regulations non-interstate pipelines that perform transportation service under NGPA section 311 (intrastate pipelines) or blanket certificates issued under section 7 of the NGA are required to file an annual report containing specific details of each transaction initiated during the

reporting year. Interstate pipelines performing unbundled sales service under a blanket certificate granted under Part 284 of the regulations are required to file an annual report detailing specific information on each transaction initiated during the reporting year.

In Order No. 644 (68 FR 66323, November 26, 2003), the Commission amended its regulations regarding blanket certificates for unbundled gas sales services held by interstate natural gas pipelines and blanket marketing certificates held by persons making sales for resale of gas at negotiated rates in interstate commerce. The Commission required that pipelines and all sellers for resale adhere to a code of conduct with respect to gas sales.

The information collected in these reports is used by the Commission to monitor the jurisdictional transportation activities of intrastate, Hinshaw pipelines and the unbundled sales activities of interstate natural gas pipelines and persons holding blanket marketing certificates. The Commission also uses the information to ensure the integrity of the gas sales market that remains under the Commission's jurisdiction. These are mandatory filing and recordkeeping requirements in the Code of Federal Regulations under 18 CFR 284.126, 284.281–284.288 and 284.401–284.403.

5. *Respondent Description:* The respondent universe currently comprises 222 filings (average per year) subject to the Commission's jurisdiction. Of the 222, 77 filings are for the transportation report under 284.126.

6. *Estimated Burden:* 1,290 total hours, 222 respondents (average per year), 1 response per respondent, and 11.2 hours per response (average) for the two filings.

7. *Estimated Cost Burden to Respondents:* 1,290 hours / 2080 hours per year  $\times$  \$108,558 per year = \$44,154 (reporting) + \$477,300 (22  $\times$  \$2150) (recordkeeping) = \$521,145. The cost per respondent is equal to \$2,349.

**Statutory Authority:** Sections 311–312 of the NGPA (15 U.S.C. 3371–3372) and Section 7 of the NGA (15 U.S.C. 717f).
