**SUPPLEMENTARY INFORMATION:**

**Background**

On October 1, 2004, the Department initiated a sunset review of the antidumping duty order on iron castings from the PRC pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act").<sup>1</sup> The Department received a Notice of Intent to Participate on behalf of Deeter Foundry, Inc., East Jordan Iron Works, Inc., LeBaron Foundry, Inc., Leed Foundry, Inc., Municipal Castings, Inc., Neenah Foundry Company, Tyler Pipe Company, and U.S. Foundry & Manufacturing Co. (collectively, "domestic interested parties"), within the deadline specified in section 351.218(d)(1)(i) of the Department's regulations. The domestic interested parties claimed interested party status under section 771(9)(C) of the Act as U.S. producers of the subject merchandise. We received a substantive response from the domestic interested parties within the deadline specified in the Department's regulations under section 351.218(d)(3)(i). However, we did not receive responses from any respondent interested parties as required in section 351.218(d)(3)(i) of the Department's regulations. As a result, the Department conducted an expedited sunset review of this order pursuant to section 751(c)(3)(B) of the Act and section 351.218(e)(1)(ii)(C)(2) of the Department's regulations.

**Scope of the Order**

The merchandise covered by the antidumping duty order consists of certain iron construction castings from the PRC, limited to manhole covers, rings, and frames, catch basin grates and frames, clean-out covers and frames used for drainage or access purposes for public utility, water and sanitary systems, classifiable as heavy castings under Harmonized Tariff Schedule

(HTS) item number 7325.10.0010; and to valve, service, and meter boxes which are placed below ground to encase water, gas, or other valves, or water and gas meters, classifiable as light castings under HTS item number 7325.10.0050. The HTS item numbers are provided for convenience and customs purposes only. The written description remains dispositive.

**Analysis of Comments Received**

All issues raised in this case are addressed in the "Issues and Decision Memorandum" ("Decision Memo") from Ronald K. Lorentzen, Acting Director, Office of Policy, Import Administration, to Joseph A. Spetrini, Acting Assistant Secretary for Import Administration, dated May 2, 2005, which is hereby adopted by this notice. The issues discussed in the Decision Memo include the likelihood of continuation or recurrence of dumping and the magnitude of the margin likely to prevail if the order were revoked. Parties can find a complete discussion of all issues raised in this sunset review and the corresponding recommendations in this public memorandum, which is on file in room B-099 of the main Department Building.

In addition, a complete version of the Decision Memo can be accessed directly on the Web at <http://ia.ita.doc.gov/frn>, under the heading "May 2005". The paper copy and electronic version of the Decision Memo are identical in content.

**Final Results of Review**

We determine that revocation of the antidumping duty order on iron castings from the PRC would likely lead to continuation or recurrence of dumping at the following weighted-average percentage margin:

Manufacturers/Exporters/Producers	Weighted-Average Margin (Percent)
PRC wide-rate .....	25.52

This notice also serves as the only reminder to parties subject to administrative protective orders ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305 of the Department's regulations. Timely notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing the results and notice in accordance with

sections 751(c), 752, and 777(i)(1) of the Act.

Manufacturing Co. (collectively, “domestic interested parties”), within the deadline specified in section 351.218(d)(1)(i) of the Department’s regulations. Domestic interested parties claimed interested party status under section 771(9)(C) of the Act as U.S. producers of the subject merchandise. The Department notes that Tyler Pipe is a U.S. producer of light castings only and is not an interested party in this proceeding.

The Department received a complete response from the domestic interested parties within the deadline specified in the Department’s regulations under section 351.218(d)(3)(i). However, the Department received no responses from respondent interested parties as required in section 351.218(d)(3)(i) of the Department’s regulations. As a result, the Department conducted an expedited sunset review pursuant to section 751(c)(3)(B) of the Act and section 351.218(e)(1)(ii)(C)(2) of the Department’s regulations.

#### Scope of the Order

The merchandise subject to the antidumping duty order consists of certain iron construction castings from Canada, limited to manhole covers, rings, and frames, catch basin grates and frames, clean-out covers and frames used for drainage or access purposes for public utility, water and sanitary systems, classifiable as “heavy” castings under Harmonized Tariff Schedule (“HTS”) item number 7325.10.0010. These articles must be of cast iron, not alloyed, and not malleable.

On September 23, 1998, the Department issued final results of a changed circumstances review, in which the Department revoked the order with respect to “light” castings. As a result, only one HTS item number applies to this order. That number, HTS item number 7325.10.000, is provided for convenience and customs purposes only. The written description remains dispositive.

#### Final Results of Review

We determine that revocation of the antidumping duty order on iron castings from Canada would likely lead to continuation or recurrence of dumping at the following percentage weighted-average margins:

Manufacturers/Exporters/Producers	Weighted-Average Margin (Percent)
Bibby Ste. Croix Foundries, Inc. ....	8.60
LaPerle Foundry, Ltd ....	4.40
Mueller Canada, Inc. ....	9.80
