Extension of Time Limits:

In accordance with section 751(c)(5)(B) of the Tariff Act of 1930, as amended, ("the Act"), the U.S. Department of Commerce, ("the Department") may extend the period of time for making its determination by not more than 90 days, if it determines that the review is extraordinarily complicated. As set forth in 751(c)(5)(C)(v) of the Act, the Department may treat a sunset review as extraordinarily complicated if it is a review of a transition order. The sunset reviews subject to this notice are transition orders. Therefore, the Department has determined, pursuant to section 751(c)(5)(C)(v) of the Act, that the sunset reviews of the antidumping and countervailing duty orders on fresh and chilled salmon from Norway are extraordinarily complicated and require additional time for the Department to complete its analysis. The Department's preliminary results of the full sunset review of the antidumping duty order on fresh and chilled Atlantic salmon from Norway were scheduled for May 23, 2005, and the final results of the expedited sunset review of the countervailing duty order on fresh and chilled Atlantic salmon from Norway were scheduled for June 2, 2005. The Department will extend the deadlines in these proceedings. As a result, the

Department intends to issue the preliminary results of the full sunset review of the antidumping duty order on fresh and chilled Atlantic salmon from Norway on August 21, 2005 and the final results of that review on December 29, 2005. The final results of the expedited sunset review on the countervailing duty order on fresh and chilled Atlantic salmon from Norway will now be due on August 31, 2005. These dates are 90 days from the original scheduled dates of the preliminary and final results of these sunset reviews. This notice is issued in accordance with sections 751(c)(5)(B) and (C)(v) of the Act.

Dated: May 06, 2005.

Antifriction Bearings and Parts Thereof from France, Germany, Italy, Japan, Singapore, and the United Kingdom: Preliminary Results and Partial Rescission of Antidumping Duty Administrative Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: In response to requests from interested parties, the Department of Commerce is conducting administrative reviews of the antidumping duty orders on antifriction bearings (other than tapered roller bearings) and parts thereof from France, Germany, Italy, Japan, Singapore, and the United Kingdom. The merchandise covered by these orders are ball bearings and parts thereof (ball bearings) from France, Germany, Italy, Japan, Singapore, and the United Kingdom and spherical plain bearings and parts thereof from France. The reviews cover 19 manufacturers/exporters. The period of review is May 1, 2003, through April 30, 2004.

We have preliminarily determined that sales have been made below normal value by various companies subject to these reviews. If these preliminary results are adopted in our final results of administrative reviews, we will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries.

We invite interested parties to comment on these preliminary results. Parties who submit comments in these reviews are requested to submit with each argument (1) a statement of the issue and (2) a brief summary of the argument.

EFFECTIVE DATE: May 13, 2005.
