(section 202(a) of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4106(a), as amended). This prohibition against certain types of Federal assistance becomes effective for the communities listed on the date shown in the last column. The Administrator finds that notice and public comment under 5 U.S.C. 553(b) are impracticable and unnecessary because communities listed in this final rule have been adequately notified.

Each community receives a 6-month, 90-day, and 30-day notification letter addressed to the Chief Executive Officer that the community will be suspended unless the required floodplain management measures are met prior to the effective suspension date. Since these notifications have been made, this final rule may take effect within less than 30 days.

National Environmental Policy Act. This rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Considerations. No environmental impact assessment has been prepared.

Regulatory Flexibility Act. The Administrator has determined that this rule is exempt from the requirements of the Regulatory Flexibility Act because the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4022, prohibits flood insurance coverage unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed no longer comply with the statutory requirements, and after the effective date, flood insurance will no longer be available in the communities unless they take remedial action.

Regulatory Classification. This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Paperwork Reduction Act. This rule does not involve any collection of information for purposes of the Paperwork Reduction Act, 44 U.S.C. 3501 et seq.

Executive Order 12612, Federalism. This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, October 26, 1987, 3 CFR, 1987 Comp.; p. 252.

Executive Order 12778, Civil Justice Reform. This rule meets the applicable standards of section 2(b)(2) of Executive Order 12778, October 25, 1991, 56 FR 55195, 3 CFR, 1991 Comp.; p. 309.

National Highway Traffic Safety Administration

49 CFR Part 571

[Docket No. NHTSA–2004–15400]

Federal Motor Vehicle Safety Standards; Tires

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation.

ACTION: Final rule; correcting amendment.

SUMMARY: Federal motor vehicle safety standard (FMVSS) No. 109, New pneumatic tires, specifies performance requirements for certain types of passenger car tires. Three paragraphs of regulatory text related to tire testing procedures have been inadvertently removed through administrative error. This document corrects this inadvertent removal.

FOR FURTHER INFORMATION CONTACT: Mr. George Feygin, Office of Chief Counsel, NCC–112. Telephone: 202–366–2992; Fax: 202–366–3820; E-mail:
SUPPLEMENTARY INFORMATION: FMVSS No. 109 specifies tire dimensions and laboratory test requirements for bead unseating resistance, strength, endurance, and high speed performance; defines tire load ratings; and specifies labeling requirements for certain types of passenger car tires.

On March 16, the Rubber Manufacturers Association informed the agency that paragraphs S5.4.2.4, S5.5, and S5.5.1 of FMVSS No. 109 were missing from the 2003 and 2004 versions of the CFR. S5.4.2.4 specifies the last step of tire endurance testing. S5.5 provides the heading for high speed performance. S5.5.1 specifies the first step for high speed performance testing.

The agency examined the recent CFR amendments affecting FMVSS No. 109 and concluded that the three paragraphs have been inadvertently removed from the CFR. Without these paragraphs, the relevant tire performance testing specifications are incomplete. This document corrects the CFR by adding the inadvertently removed paragraphs of FMVSS No. 109.

This correction will not impose or relax any substantive requirements or burdens on manufacturers. Therefore, NHTSA finds for good cause that any notice and opportunity for comment on these correcting amendments are not necessary.
