initiating a changed circumstances
review of the antidumping duty order on Certain Softwood Lumber Products
from Canada and issuing this notice of
preliminary results. We have
preliminarily determined that Winton Global Lumber Ltd. (Winton Global) is
the successor-in-interest to The Pas
Lumber Company Ltd. (The Pas).

SUPPLEMENTARY INFORMATION:
Background:

On May 22, 2002, the Department
issued the antidumping duty order on
Certain Softwood Lumber Products from
Canada. See Notice of Amended Final
determination of Sales at Less Than
Fair Value and Antidumping Duty
Order: Certain Softwood Lumber
36067 (May 22, 2002). On April 21, 2005, Winton Global requested that the
Department of Commerce (the
Department) initiate and conduct an
expedited changed circumstances
review, in accordance with sections
351.216 and 351.221(c)(3)(ii) (2003) of
the Department’s regulations, to
confirm that Winton Global is the successor-in-
interest to The Pas. In its request,
Winton Global states that it changed its
to Winton Global from The Pas on
January 11, 2005 and provided
supporting documentation.

Scope of the Order

For purposes of the order, the
products covered are certain softwood
lumber products from Canada. For a
complete description of the scope of
the order, see Notice of Amended Final

Results of Antidumping Duty
Administrative Review: Certain
Softwood Lumber Products From
Canada, 70 FR 3358 (January 24, 2005).

Initiation and Preliminary Results

Pursuant to section 751(b)(1) of the
Tariff Act of 1930, as amended (the Act),
the Department will conduct a changed
circumstances review upon receipt of
information concerning, or a request
from an interested party for a review of,
an antidumping duty order which
shows changed circumstances sufficient
to warrant a review of the order. As
indicated in the Background section, we
have received information indicating that
The Pas has changed its name to
Winton Global. This constitutes
changed circumstances warranting a
review of the order. Therefore, in
accordance with section 751(b)(1) of the
Act, we are initiating a changed
circumstances review based upon the
information contained in Winton Global’s submissions.
Particulars Sheet that indicates no change in shareholding after the name change; (6) a pre-name change advertising flyer that shows The Pas Lumber Company employing the brand name “Winton” for its products; (7) samples of letters to customers advising them that there has been a name change; (8) pre- and post-name change organizational management charts; (9) an insurance appraisal report covering the company’s assets dated five days prior to the name change; and (10) vendor and customer lists for the pre- and post-name change period.

Based on the information submitted by Winton Global, we preliminarily find that Winton Global is the successor-in-interest to The Pas. Based on the evidence reviewed, we find that Winton Global operates as the same business entity as The Pas and that the company’s senior management, production facilities, supplier relationships, and customers have not changed. Thus, we preliminarily find that Winton Global should receive the same antidumping duty cash-deposit rate (i.e., 1.83 percent) with respect to the subject merchandise as The Pas, its predecessor company.

However, because cash deposits are only estimates of the amount of antidumping duties that will be due, changes in cash deposit rates are not made retroactive. If Winton Global believes that the deposits paid exceed the actual amount of dumping, it is entitled to request an administrative review during the anniversary month of the publication of the order of those entries to determine the proper assessment rate and receive a refund of any excess deposits. See Certain Hot-Rolled Lead and Bismuth Carbon Steel Products From the United Kingdom: Final Results of Changed-Circumstances Antidumping and Countervailing Duty Administrative Reviews, 64 FR 66880 (November 30, 1999). As a result, if these preliminary results are adopted in our final results of this changed circumstances review, we will instruct the Customs Service to suspend shipments of subject merchandise made by Winton Global at The Pas’s cash deposit rate (i.e., 1.83 percent). Until that time, the cash deposit rate assigned to Winton Global’s entries is the rate in effect at the time of entry (i.e., the “all others” rate).

Public Comment

Any interested party may request a hearing within 20 days of publication of this notice. See 19 CFR 351.310(c). Any hearing, if requested, will be held 44 days after the date of publication of this notice, or the first working day thereafter. Interested parties may submit case briefs and/or written comments not later than 20 days after the date of publication of this notice. Consistent with section 351.216(e) of the Department’s regulations, we will issue the final results of this changed circumstances review no later than 270 days after the date on which this review was initiated, or within 45 days if all parties agree to our preliminary finding. We are issuing and publishing this finding and notice in accordance with sections 751(b)(1) and 777(i)(1) of the Act and section 351.216 of the Department’s regulations.
