SUPPLEMENTARY INFORMATION:

Additional Notice and Public Meetings

We will take several steps to ensure that all potential applicants are informed of the reopening of the enrollment application period.

(1) We will notify all BIA Regional Directors and Agency Superintendents and require them to post notices in regional offices, agency offices, community centers on and near reservations, and in Indian Health Clinics.

(2) We will notify tribal newspapers and newspapers of general circulation in major communities in Nevada, California, Idaho, Arizona, Oregon and Utah.

(3) We will hold community meetings on or near Indian reservations, including: Duckwater, Duck Valley, Ely, Fallon, Ft. McDermitt, Te-Moak, Timbisha and Yomba.

At each of the community meeting we will:

(1) Inform potential beneficiaries of the opening of the enrollment process for this judgment fund;

(2) Inform potential beneficiaries of eligibility criteria; and

(3) Help applicants to prepare and file applications.

Application Deadline

We will not establish a firm application deadline in this rule. In order to allow adequate time for submitting and processing applications we will establish a deadline using the following three steps:

Step 1. One hundred and eighty days (180) after opening the enrollment application process, we will count all applications that we have received.

Step 2. We will note the date on which we complete processing 90 percent of the applications that we receive by the date established under Step 1.

Step 3. The application deadline will be 90 days after the date noted in Step 2.

For example, if we receive 10 applications during the first 180 days after opening the application process, the final application deadline date will be 90 days after we process 9 applications. Similarly, if we receive 10,000 applications during the first 180 days after opening the application process, the final application deadline date will be 90 days after we process 9,000 applications. After we establish the application deadline, we will notify the same regional directors, agency superintendents, and local newspapers that we notify after publishing this rule. (See the section in this preamble titled "Additional Notice and Public Meetings.") Our notification will include application/enrollment criteria.

Title: Application to Share in the Western Shoshone Funds as a Lineal Descendant of the Western Shoshone Identifiable Group pursuant to the Act of July 7, 2004, Public Law 108-270.

Affected Entities: Individual Indians.

Estimated Number of Respondents: We expect to receive approximately 10,000 applications over a 2-year enrollment period—3,000 the first year and 7,000 the second year.

Abstract: Subsection 3(b) of Public Law 108-270, requires the Secretary of the Interior to prepare a Western Shoshone judgment roll consisting of all individuals who—(a) have at least ¼ degree of Western Shoshone blood; (b) are citizens of the United States; and (c) are living on July 7, 2004. Information is required to obtain a benefit, namely a judgment fund per capita payment.

Ineligible Individuals: Any individual that is certified by the Secretary to be eligible to receive a per capita payment from any other judgment fund based on an aboriginal land claim awarded by the Indian Claims Commission, the United States Claims Court, or the United States Court of Federal Claims, that was appropriated on or before July 7, 2004, will not be listed on the judgment roll.

Burden Statement: The burden of preparing and submitting an application to share in the judgment fund distribution will vary widely depending upon the applicant's age and family history. Individuals 50 years or older will probably spend an average of 1 hour per response. Those individuals 30 years and younger, and non-enrolled tribal members may require 20 hours to prepare a response, including the time for reviewing instructions, gathering and maintaining data, and completing and reviewing the form. The applicants are required to file only once during the estimated 2-year enrollment application period. We estimate that the total burden hours for the entire process is 112,000 hours for a 2-year annual average of 60,000 hours. We will not conduct or require individuals to respond to a collection of information until we obtain a valid Office of Management and Budget control number. We will print the approval number on the form.

2. Request for Comments

We need your comments to:

(a) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including

whether the information will have practical utility.

(b) Evaluate the accuracy of our estimated burden for the proposed collection of information, including the methodology and assumptions we used.

(c) Enhance the quality, utility, and clarity of the information that we want to collect.

(d) Minimize the burden of the collection of information on those who are to respond. This includes possibly using automated or electronic collection techniques or information technology.

This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information, and disclosing and providing information, to search data sources, to complete and review the collection of information; and to transmit or otherwise disclose the information.

OMB must approve or disapprove this collection of information between 30 and 60 days after this document appears in the **Federal Register**. Therefore, a comment to OMB is best assured of having its full effect if OMB receives it within 30 days of publication. This does not affect the deadline for sending comments to us on the proposed regulations.

This rule does not constitute a major Federal action significantly affecting the

quality of the human environment. A detailed statement under the National Environmental Policy Act of 1969 is not required. This rule does not impact the environment; it only involves individuals who wish to apply to share in the judgment fund distribution.

Government-to-Government Relationship with Tribes

In accordance with the President's memorandum of April 29, 1994, "Government-to-Government Relations with Native American Tribal Governments" (59 FR 22951), Executive Order 13175, and 512 DM 2, we understand that we must relate to federally recognized Indian tribes on a government-to-government basis. We have evaluated potential effects on federally recognized Indian tribes and have determined that there are no potential effects. The judgment funds do not belong to any federally recognized tribe, nor can any tribe treat the judgment funds as a tribal resource. The judgment funds will be distributed to individual Indians of Western Shoshone descent, who may or may not be enrolled with a federally recognized tribe.
