Approval and Promulgation of Maintenance Plans; Michigan; Southeast Michigan Ozone Maintenance Plan Update to the State Implementation Plan

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency is proposing to approve a December 19, 2003, request from Michigan to revise the ground level ozone State Implementation Plan (SIP) for the Southeast Michigan area. EPA originally approved the Southeast Michigan ozone maintenance plan on April 6, 1995. This action proposes to approve an update to the plan prepared by Michigan to maintain the 1-hour national ambient air quality standard (NAAQS) for ozone in the Southeast Michigan maintenance area through the year 2015. This update is required by the Clean Air Act (CAA). In the final rules section of this **Federal Register**, EPA is approving the SIP revision as a direct final rule without prior proposal, because EPA views this as a noncontroversial revision and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If we do not receive any adverse comments in response to this proposed rule, we do not contemplate taking any further action in relation to this proposed rule. If EPA receives adverse comments, we will withdraw the direct final rule and all public comments in a subsequent final rulemaking. EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time.

DATES: Written comments must be received on or before June 20, 2005.

This action is non-regulatory in nature. It updates an earlier plan which is intended to maintain the 1-hour ozone NAAQS in Southeast Michigan.

B. What Should I Consider as I Prepare My Comments for EPA?

RME, regulations.gov or e-mail. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD ROM that you mail to EPA, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

Tips for Preparing Your Comments. When submitting comments, remember to:

- a. Identify the rulemaking by docket number and other identifying information (subject heading, **Federal Register** date and page number).

c. Explain why you agree or disagree; suggest alternatives and substitute language for your requested changes.

d. Describe any assumptions and provide any technical information and/or data that you used.

e. If you estimate potential costs or burdens, explain how you arrived at your estimate in sufficient detail to allow for it to be reproduced.

f. Provide specific examples to illustrate your concerns, and suggest alternatives.

g. Explain your views as clearly as possible, avoiding the use of profanity or personal threats.

h. Make sure to submit your comments by the comment period deadline identified.

II. What Action Is EPA Taking Today?

EPA is proposing to approve a revision to the Southeast Michigan ozone maintenance plan and the transportation conformity budgets for the Southeast Michigan 1-hour ozone maintenance area. In a separate action in today's **Federal Register**, we are approving in a direct final rule these revisions to the Michigan SIP.

III. Where Can I Find More Information About This Proposal and the Corresponding Direct Final Rule?

For additional information, see the Direct Final Rule which is located in the Rules section of this **Federal Register**.
