

national service laws, will submit the following public information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995, Pub. L. 104-13 (44 U.S.C. Chapter 35). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of the collection requirement on respondents can be properly assessed.

Currently, the Corporation for National and Community Service is soliciting comments concerning its proposed ephilanthropy efforts. The Corporation does not have an internal mechanism for soliciting and accepting donations. Currently, the Corporation has contracted with pay.gov, which is an authorized provider through the U.S. Department of Treasury. Donations are primarily received from individuals. With ephilanthropy, the Corporation will be able to receive donated gifts from members of the general public online—primarily individuals wishing to donate gifts between \$10.00 (minimum) and \$1,000.00.

DATES: Written comments must be submitted to the individual and office listed in the **ADDRESSES** section by July 25, 2005.

ADDRESSES: You may submit comments, identified by the title of the information collection activity, by any of the following methods:

(1) By mail sent to: Corporation for National and Community Service. Attn: Daphne Benbow, Corporate Affairs Associate, Office of Public Affairs, 1201 New York Avenue, NW., 10th floor, Washington, DC 20525.

(2) By hand delivery or by courier to the Corporation's mailroom at Room 6010 at the mail address given in paragraph (1) above, between 9 a.m. and 4 p.m. Monday through Friday, except Federal holidays.

(3) By fax to: (202) 606-3460, Attention Daphne Benbow, Corporate Affairs Associate.

(4) Electronically through the Corporation's e-mail address system: dbenbow@cns.gov.

FOR FURTHER INFORMATION CONTACT: Daphne Benbow at (202) 606-6718 or by e-mail at dbenbow@cns.gov.

SUPPLEMENTARY INFORMATION: The Corporation is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Corporation, including

whether the information will have practical utility;

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are expected to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, (e.g., permitting electronic submissions of responses.)

Background

Ephilanthropy reflects the Corporation's strong commitment to effective solicitation, management and acknowledgment of donor relations in increasing the support of its programs. The information that will be collected will include, but is not limited to, the donor's intent (to which program they would like to donate), the donor's full contact information, the donor's payment information, and some optional questions about volunteering for a Corporation program and other interests of the Corporation.

Current Action

The Corporation seeks public comment on the forms, the instructions for the forms, and the instructions for the narrative portion of these application instructions.

Type of Review: New collection.

Agency: Corporation for National and Community Service.

Title: Ephilanthropy.

OMB Number: None.

Agency Number: None.

Affected Public: Individuals, organizations and corporations.

Total Respondents: 240 (20 per month).

Frequency: Annually.

Average Time Per Response: 5 minutes.

Estimated Total Burden Hours: 100 hours.

Total Burden Cost (Capital/Startup): None.

Total Burden Cost (Operating/Maintenance): None.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they will also become a matter of public record.

Dated: May 16, 2005.

Sandy Scott,

Director, Office of Public Affairs.

BILLING CODE 6050--\$S-P

DEPARTMENT OF DEFENSE

Office of the Secretary

Meeting of the Uniform Formulary Beneficiary Advisory Panel

AGENCY: Department of Defense, Assistant Secretary of Defense (Health Affairs).

ACTION: Notice; meeting of the Uniform Formulary Beneficiary Advisory Panel.

SUMMARY: This notice announces a meeting of the Uniform Formulary Beneficiary Advisory Panel. The panel will review and comment on recommendations made to the Director, TRICARE Management Activity, by the Pharmacy and Therapeutics Committee regarding the Uniform Formulary. The meeting will be open to the public. Seating is limited and will be provided only to the first 220 people signing in. All persons must sign in legibly. Notice of this meeting is required under the Federal Advisory Committee Act.

DATES: Monday, June 27, 2005, from 8 a.m. to 4 p.m.

ADDRESSES: Naval Heritage Center Theater, 701 Pennsylvania Avenue NW., Washington, DC 20004.

FOR FURTHER INFORMATION CONTACT: Rich Martel, TRICARE Management Activity, Pharmacy Operations, Beneficiary Advisory Panel, Suite 810, 5111 Leesburg Pike, Falls Church, VA 22041, telephone 703-681-0064 ext. 3672, fax 703-681-1242, or e-mail at richard.martel@tma.osd.mil.

SUPPLEMENTARY INFORMATION: The Uniform Formulary Beneficiary Advisory Panel will only review and comment on the development of the uniform formulary as reflected in the recommendations of the Pharmacy and Therapeutics Committee coming out of that body's meeting in May 2005. The DoD P&T information and subject matter concerning drug classes reviewed for that meeting are available at <http://www.pec.ha.osd.mil>. The website for the Beneficiary Advisory Panel is at <http://www.tricare.osd.mil/pharmacy/bap>. Any private citizen is permitted to file a written statement with the advisory panel. Statements must be submitted electronically to The Uniform Formulary Beneficiary Advisory Panel, c/o Mr. Richard Martel, richard.martel@tma.osd.mil. In order to

be considered by the panel prior to the meeting, statements must be submitted electronically no later than June 21, 2005. Any private citizen is permitted to speak at the Beneficiary Advisory Panel meeting, time permitting. One hour has been reserved for public comments, and speaking times will be assigned on a first-come, first-served basis. The amount of time allocated to a speaker will not exceed five minutes. Private citizens wishing to speak at the meeting may sign up at the meeting on a first-come, first-served basis.

Dated: May 20, 2005.

Jeannette Owings-Ballard,

*OSD Federal Register Liaison Officer,
Department of Defense.*

BILLING CODE 5001-06-P

DEPARTMENT OF DEFENSE

Department of the Army; Corps of Engineers

Intent To Prepare a Draft Environmental Impact Statement Titled: Alexandria, LA, to the Gulf of Mexico Flood Control Improvements in the Chatlan Lake Canal Basin

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DoD.

ACTION: Notice of intent.

SUMMARY: The U.S. Army Corps of Engineers, New Orleans District, is initiating this study authorized by a July 23, 1997 resolution of the Committee on Transportation and Infrastructure of the U.S. House of Representatives. The resolution reads: "Resolved by the Committee on Transportation and Infrastructure of the U.S. House of Representatives, that the Secretary of the Army is required to review the report of the Chief of Engineers on the Mississippi River and Tributaries Project, published as House Document 308, Eighty-eighth Congress, Second Session, and other pertinent reports, to determine whether modifications of the recommendations contained therein are advisable at the present time in the interest of flood control, navigation, wetlands, conservation restoration, wildlife habitat, commercial and recreational fishing, saltwater intrusion, freshwater and sediment diversion, and other purposes in the area drained by the West Atchafalaya Basin Protection Levee, from Alexandria, Louisiana, to the Gulf of Mexico."

FOR FURTHER INFORMATION CONTACT: Questions concerning the Environmental Impact Statement (EIS) should be addressed to Mr. Nathan

Dayan at U.S. Army Corps of Engineers, PM-RS, P.O. Box 60267, New Orleans, LA 70160-0267, phone (504) 862-2530, fax number (504) 862-2572 or by e-mail at Nathan.S.Dayan@mvn02.usace.army.mil.

SUPPLEMENTARY INFORMATION: The purpose of this analysis is to address the feasibility of a Federal project to reduce flooding problems and other water resources problems and needs in the Alexandria, LA area. Economic and environmental analysis would be used to determine the most practical plan, which would provide for the greatest overall public benefit.

1. *Proposed Action.* The proposed action would include the flood control improvements in the Chatlin lake canal basin in the Alexandria, LA area. The plan includes the enlargement of the upper reach (~14 miles) of the Chatlin Lake canal, south of the city of Alexandria, and the construction of a new diversion canal (~5 miles) between the Chatlin Lake canal and the Red River south of John H. Overton lock and dam. This plan would be considered with a gravity drainage structure through the south bank of the Red River levee. The material dredged for the construction and maintenance of the channels would be used for wetlands restoration and construction, to the maximum extent practicable.

2. *Alternatives.* Alternatives recommended for consideration presently include but not limited to: The construction of a shorter channel off of Chatlin Lake canal to the Red River above the lock and dam with a pump station, a green tree reservoir off of Chatlin Lake canal, improving hydraulic efficiency of Chatlin Lake canal by clearing and snagging or channel reshaping, and non structural flood proofing of structures.

3. *Scoping.* Scoping is the process for determining the scope of alternatives and significant issues to be addressed in the EIS. For this analysis, a letter will be sent to all parties believed to have an interest in the analysis, requesting their input on alternatives and issues to be evaluated. The letter will also notify interested parties of public scoping meetings that will be held in the local area. Notices will also be sent to local news media. All interested parties are invited to comment at this time, and anyone interested in this study should request to be included in the study mailing list.

A public scoping meeting will be held in the middle part of 2005. The meeting will be held in the vicinity of Alexandria, LA. Additional meetings could be held, depending upon interest

and if it is determined that further public coordination is warranted.

4. *Significant Issues.* The tentative list of resources and issues to be evaluated in the EIS includes wetlands (marshes and swamps), aquatic, fisheries, wildlife, water quality, air quality, threatened and endangered species, recreation resources, and cultural resources. Socioeconomic items to be evaluated in the EIS include flood protection, business and industrial activity, employment, land use, property values, public/community facilities and services, tax revenues, population, community and regional growth, transportation, housing, community cohesion, and noise.

5. *Environmental Consultation and Review.* The U.S. Fish and Wildlife Service (USFWS) will be assisting in the documentation of existing conditions and assessment of effects of project alternatives through Fish and Wildlife Coordination Act consultation procedures. The USFWS will provide a Fish and Wildlife Coordination Act report. Consultation will be accomplished with the USFWS and the National Marine Fisheries Service (NMFS) concerning threatened and endangered species and their critical habitat. The draft EIS (DEIS) or a notice of its availability will be distributed to all interested agencies, organizations, and individuals.

6. *Estimated Date of Availability.* Funding levels will dictate the date when the DEIS is available. The earliest that the DEIS is expected to be available is in the fall of 2006.

Dated: May 11, 2005.

Peter J. Rowan,

Colonel, U.S. Army, District Engineer.
