

- The text of IM-11890-2 would be amended to reflect the proposed use of panels of one or more members¹⁶ of the MORC for purposes of reviewing determinations under proposed NASD Rule 11890(a)(2)(C) that a transaction is not eligible for review.

- The rule would be amended to provide that adjudication of a complaint or an appeal is not required if the party submitting the complaint or appeal withdraws it prior to the notification of counterparties.

- The rule would be amended to provide that appeals are focused solely on trades to which the party submitting the appeal is a party. Thus, for example, if Broker A submits a complaint regarding two separate trades with Broker B and Broker C, the trades are broken, and Broker B appeals but Broker C does not, the appeal would focus solely on the trade between Broker A and Broker B.

- The rule currently provides that facsimile machines are the preferred method for submitting materials regarding clearly erroneous adjudications. Nasdaq proposes to amend the rule to provide that parties should use such telecommunications methods as are announced from time to time through an NASD Notice to Members or a Nasdaq Head Trader Alert. Pursuant to this change, Nasdaq proposes to make electronic mail the preferred method, and may, in the future, develop a web-based form for use in submitting complaints and appeals. In light of the upcoming retirement of the Nasdaq Workstation II Service, Nasdaq is also proposing to replace a reference to that service with a more general reference to Nasdaq telecommunications protocols.

- Cross references in the rule would be amended to reflect preferred NASD style, and references to the "Committee" would be replaced with references to the "MORC."

2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 15A of the Act,¹⁷ in general, and with Section 15A(b)(6) of the Act,¹⁸ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

Nasdaq believes that the proposed rule change would provide market participants with clearer information about Nasdaq's requirements for filing a clearly erroneous petition. In Nasdaq's view, this in turn would ensure that Nasdaq staff and the MORC would have more complete information when adjudicating a clearly erroneous petition, and would also provide Nasdaq staff with clearer bases for rejecting clearly erroneous petitions that fail to provide complete information or that relate to transactions at prices sufficiently close to the inside market that they should not be deemed clearly erroneous.

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

A. By order approve such proposed rule change, or

B. Institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments
