

from the In-Kind Repurchase Offers. Instead, shareholders will receive their pro rata portion of each of the Fund's portfolio securities, excluding (a) securities which, if distributed, would have to be registered under the Securities Act of 1933 ("Securities Act"), and (b) securities issued by entities in countries which restrict or prohibit the holding of securities by non-residents other than through qualified investment vehicles, or whose distributions would otherwise be contrary to applicable local laws, rules or regulations, and (c) certain portfolio assets that involve the assumption of contractual obligations, require special trading facilities, or may only be traded with the counterparty to the transaction. Moreover, applicant states that the portfolio securities to be distributed in the In-Kind Repurchase Offer will be valued according to an objective, verifiable standard, and the In-Kind Repurchase Offers are consistent with the investment policies of the Fund. Applicant also believes that the In-Kind Repurchase Offers are consistent with the general purposes of the Act because the interests of all shareholders are equally protected and no Affiliated Shareholder would receive an advantage or special benefit not available to any other shareholder participating in the In-Kind Repurchase Offers.

Applicant's Conditions

Applicant agrees that any order granting the requested relief will be subject to the following conditions:

1. Applicant will distribute to shareholders participating in the In-Kind Repurchase Offers an in-kind *pro rata* distribution of portfolio securities of applicant. The *pro rata* distribution will not include: (a) Securities that, if distributed, would be required to be registered under the Securities Act; (b) securities issued by entities in countries that restrict or prohibit the holdings of securities by non-residents other than through qualified investment vehicles, or whose distribution would otherwise be contrary to applicable local laws, rules or regulations; and (c) certain portfolio assets, such as derivative instruments or repurchase agreements, that involve the assumption of contractual obligations, require special trading facilities, or can only be traded with the counterparty to the transaction. Cash will be paid for that portion of applicant's assets represented by cash and cash equivalents (such as certificates of deposit, commercial paper and repurchase agreements) and other assets which are not readily distributable (including receivables and prepaid expenses), net of all liabilities

(including accounts payable). In addition, applicant will distribute cash in lieu of fractional shares and accruals on such securities. Applicant may round down the proportionate distribution of each portfolio security to the nearest round lot amount and will distribute the remaining odd lot in cash. Applicant may also distribute a higher *pro rata* percentage of other portfolio securities to represent such items.

2. The securities distributed to shareholders pursuant to the In-Kind Repurchase Offers will be limited to securities that are traded on a public securities market or for which quoted bid and asked prices are available.

3. The securities distributed to shareholders pursuant to the In-Kind Repurchase Offers will be valued in the same manner as they would be valued for purposes of computing applicant's net asset value, which, in the case of securities traded on a public securities market for which quotations are available, is their last reported sales price on the exchange on which the securities are primarily traded or at the last sales price on a public securities market, or, if the securities are not listed on an exchange or a public securities market or if there is no such reported price, the average of the most recent bid and asked price (or, if no such asked price is available, the last quoted bid price).

4. Applicant will maintain and preserve for a period of not less than six years from the end of the fiscal year in which any In-Kind Repurchase Offer occurs, the first two years in an easily accessible place, a written record of such In-Kind Repurchase Offer that includes the identity of each shareholder of record that participated in such In-Kind Repurchase Offer, whether that shareholder was an Affiliated Shareholder, a description of each security distributed, the terms of the distribution, and the information or materials upon which the valuation was made.

For the Commission, by the Division of Investment Management, under delegated authority.

Jill M. Peterson,

Assistant Secretary.
