

designated a cooperating agency. Western will invite other Federal, state, local, and tribal agencies with jurisdiction by law or special expertise with respect to environmental issues to be cooperating agencies on the EIS, as defined at 40 CFR 1501.6. Such agencies may also make a request to Western to be a cooperating agency. Designated cooperating agencies have certain responsibilities to support the NEPA process, as specified at 40 CFR 1501.6 (b).

Full public participation and disclosure are planned for the entire EIS process. Western anticipates the EIS process will take about 15 months, and will include the open-house public scoping meetings; consultation and involvement with appropriate Federal, state, local, and tribal governmental agencies; public review and hearings on the published draft EIS; a review period; a published final EIS; and publication of a record of decision expected in mid-summer 2006. Additional informal public meetings may be held in the proposed Project area if public interest and issues indicate a need. Western will also mail newsletters to the proposed Project mailing list to communicate Project status and developments.

Western will hold a 60-day scoping period to ensure that interested members of the public and representatives of groups, and Federal, state, local, and tribal agencies have an opportunity to provide input on the scope of the process and the alternatives that will be addressed in the EIS. Western will also hold public open-house scoping meetings near the Project area during the scoping period. The purpose of the scoping meetings will be to provide information about the proposed Project, answer questions, and take written comments from interested parties.

The open-house public scoping meetings will be held on June 14, 2005, at the Lantern Inn, 1010 S. Dakota Street, Milbank, South Dakota; on June 15, 2005, at the Best Western Prairie Inn, 200 E. Highway 28, Morris, Minnesota; and on June 16, 2005, at the Kilowatt Community Center, 600 Kilowatt Drive, Granite Falls, Minnesota. Members of the public and representatives of groups, Federal, state, local and tribal agencies are invited to attend anytime between 5 and 8 p.m. Attendees at the scoping meetings will have the opportunity to view proposed Project and NEPA process displays and other information. The open-house scoping meetings will be informal, with Western and Project representatives available for one-on-one discussions with attendees. Written comments

regarding the scoping process may be left with one of Western's representatives at the scoping meetings, or may be provided by fax, e-mail or U.S. Postal Service mail to Western as noted above.

R. Jack Dodd,

Assistant Administrator for Washington Liaison.
