I. Funding Opportunity Description

Purpose of Program: The Capacity Building for Traditionally Underserved Populations program provides financial assistance for projects that provide training, research, technical assistance, or related activities to improve services provided under the Act, especially services provided to individuals from minority backgrounds. Section 21 of the Act underscores the importance of enhancing the capacity and increasing the participation of minority entities as defined under section 21(b)(5) of the Act in programs funded under the Act.

Priorities: These priorities are from the notice of final priorities for this program, published in the **Federal Register** on May 9, 2002 (67 FR 31700). For purposes of these priorities, a “minority entity” includes a Hispanic-serving institution whose Hispanic student enrollment is 25 percent of the institution’s student population.

Background: Under section 21 of the Act, only three types of awards can be made as follows: (1) Section 21(b)(2)(A)—awards to minority entities and Indian tribes to carry out activities under programs authorized under titles II, III, VI, and VII of the Act. (2) Section 21(b)(2)(B)—awards to minority entities and Indian tribes to conduct research, training, technical assistance, or a related activity to improve services provided under the Act, especially services provided to individuals from minority backgrounds. (3) Section 21(b)(2)(C)—awards to a State or a public or private nonprofit agency or organization, such as an institution of higher education or an Indian tribe, to provide outreach and technical

assistance to minority entities and Indian tribes to promote their participation in activities funded under the Act, including assistance to enhance their capacity to carry out those activities.

Absolute Priorities: For FY 2005 these priorities are absolute priorities. Under 34 CFR 75.105(c)(3) we consider only applications that meet these priorities.

These priorities are:

Priority 1—Establishing New Rehabilitation Training Programs (CFDA Number 84.315C).

Projects funded must meet the requirements in section 21(b)(2)(B) of the Act.

Projects must—

(1) Enhance and increase the capacity of minority institutions of higher education to prepare more individuals for careers in the public vocational rehabilitation program, including individuals from minority backgrounds;

(2) Be located at minority institutions of higher education, including community colleges whose minority student enrollment is at least 50 percent, that are interested in establishing new first-time rehabilitation training programs at the associate degree, undergraduate degree, and graduate degree levels;

(3) Include an evaluation component based upon clear, specific performance and outcome measures; and

(4) Report the results of the evaluation in its annual performance report.

Priority 2—Capacity Building for Minority Entities (CFDA Number 84.315D).

Projects funded must meet the requirements in section 21(b)(2)(C) of the Act.

Projects must—

(1) Provide outreach, capacity building, and technical assistance to minority entities and Indian tribes to promote their participation in activities funded under the Act, including assistance to carry out those activities;

(2) Provide a variety of training and technical assistance activities, including grant writing workshops that focus on Rehabilitation Services Administration (RSA) and National Institute on Disability and Rehabilitation Research (NIDRR) discretionary grant programs, the peer review process, selection criteria, training on disability legislation (i.e., Americans with Disabilities Act, Rehabilitation Act, etc.), and technical assistance to minority entities that are first-time recipients of grants funded under the Act in order to increase their ability to carry out their grants;

(3) Include an evaluation component based upon clear, specific performance and outcome measures; and
