Proposed Project: Survey of Universal Newborn Hearing Screening and Intervention Program—(NEW)

The purpose of the universal newborn hearing screening and intervention project is to describe the efficacy, or lack thereof, of a national program to assure that all newborn infants are screened for hearing loss before discharge from the newborn nursery, and that those infants who do not pass the initial screening procedures have timely and appropriate follow-up, defined as audiologic diagnosis by three months of age and enrollment in a program of early intervention before 6 months of age. Program goals of linking every child with a known or suspected hearing loss with a medical home, that is a provider of continuous and comprehensive primary pediatric care, and linkage of families of infants with a hearing loss to a source of family to family support will also be assessed. In addition to a survey tool to be administered in all States, additional data will be collected during site visits to 10–12 selected States. Results of the study will include recommendations to the program office for further assisting the States in fully accomplishing program goals.

Tribal Self-Governance Program, Planning Cooperative Agreement, Initial Discretionary Funding Cycle for Fiscal Year 2005

Funding Opportunity Number: HHS-2005-IHS-TSGP-0001.

CFDA Number: 93.210.

Key Dates: Applications Due—July 8, 2005; Objective Review Committee to Evaluate Applications—August 3-4, 2005; Anticipated Project Start Date—September 15, 2005.

I. Funding Opportunity Description

The purpose of the program is to award cooperative agreements that provide planning resources to Tribes interested in participating in the Tribal Self-Governance Program (TSGP) as authorized by Title V, Tribal Self-Governance Amendments of 2000 of the Indian Self-Determination and Education Assistance Act of Public Law (Pub. L.) 93-638, as amended. The TSGP is designed to promote self-determination by allowing Tribes to assume more control of Indian Health Service (IHS) programs and services through compacts negotiated with the IHS. The Planning Cooperative Agreement allows a Tribe to gather information to determine the current types and amounts of programs, services, functions, and activities (PSFAs), and funding available at the Service Unit, Area, and Headquarters levels and identify programmatic alternatives that will better meet the needs of Tribal members.

II. Award Information

Type of Award: Cooperative Agreement.

Estimated Funds Available: The total amount identified for fiscal year (FY) 2005 is \$600,000 for approximately twelve (12) Tribes to enter the TSGP planning process for compacts beginning fiscal year (FY) 2006 or calendar year (CY) 2006. Awards under

this announcement are subject to the availability of funds.

Anticipated Number of Awards: The estimated number of awards to be funded is approximately 12.

Projected Period: 12 months.

Award Amount: \$50,000 per year.

Programmatic Involvement: IHS TSGP funds will be awarded as cooperative agreements and will have substantial programmatic involvement to establish a basic understanding of IHS Programs, Services, Functions and Activities (PSFAs) as operations at the Service Unit, Area, and Headquarters levels.

The IHS roles and responsibilities will include:

- Identification of IHS staff that will consult with applicants on methods used by the IHS to manage and deliver health care.

- Provide applicants with a list of laws and regulations that provide authority for the various IHS programs.

The Grantee roles and responsibilities will include:

- Research and analysis of the complex IHS budget, at the Service Unit, Area, and Headquarters levels.

- Establishment of a process through which Tribes can effectively approach the IHS to identify programs and associated funding which could be incorporated into programs.
