

and apparel products. Such treatment is generally limited to products manufactured from yarns and fabrics formed in the United States or a beneficiary country. The CBTPA also provides for quota- and duty-free treatment for apparel articles that are both cut (or knit-to-shape) and sewn or otherwise assembled in one or more beneficiary countries from fabric or yarn that is not formed in the United States, if it has been determined that such fabric or yarn cannot be supplied by the domestic industry in commercial quantities in a timely manner. In Executive Order No. 13191, the President delegated to CITA the authority to determine whether yarns or fabrics cannot be supplied by the domestic industry in commercial quantities in a timely manner under the CBTPA and directed CITA to establish procedures to ensure appropriate public participation in any such determination. On March 6, 2001, CITA published procedures that it will follow in considering requests. (66 FR 13502).

On June 7, 2005 the Chairman of CITA received a petition from B*W*A alleging that certain 100 percent cotton, yarn dyed in the warp direction, plain weave double warp beam seersucker fabrics, of specifications detailed below, classified in HTSUS subheadings 5208.42.30, 5208.42.40, 5208.42.50, and 5209.41.60, for use in woven shirts, blouses, and sleepwear, cannot be supplied by the domestic industry in commercial quantities in a timely manner and requesting quota- and duty-free treatment under the CBTPA for such apparel articles that are both cut and sewn in one or more beneficiary countries from such fabrics.

Specifications:

Petitioner Style Number:	Various
Fiber Content:	100% Cotton
Yarn Number:	(1) 33/1 - 119/1 metric warp; (2) 33/1 - 119/1 & 33/2 - 119/2 metric warp
Thread Count:	33/1 - 119/1 metric filling; overall average yarn number: 30 - 115 metric
Weave:	23 - 48 warp ends per centimeter; 19 - 40 filling picks per centimeter; total: 42 - 88 threads per square centimeter
Weight:	Plain weave double warp beam seersucker
Width:	101 - 255 grams per square meter
Finish:	136 - 152 centimeters
	Of yarns of different colors in the warp direction

The petitioner states that one very important feature of the fabrics is that they are genuine seersucker fabrics, woven with two warp beams, one with half the warp yarns subject to normal warp tension, the other with the warp yarns in a relaxed or tensionless state. Thus, the unique "crinkled" appearance and feel of the finished fabric is achieved on the loom and enhanced in the dyeing and finishing process, not merely by dyeing and finishing alone.

CITA is soliciting public comments regarding this request, particularly with respect to whether these fabrics can be supplied by the domestic industry in commercial quantities in a timely manner. Also relevant is whether other fabrics that are supplied by the domestic industry in commercial quantities in a timely manner are substitutable for these fabrics for purposes of the intended use. Comments must be received no later than June 28, 2005. Interested persons are invited to submit six copies of such comments or information to the Chairman, Committee for the Implementation of Textile Agreements, room 3100, U.S. Department of Commerce, 14th and Constitution Avenue, N.W., Washington, DC 20230.

If a comment alleges that these fabrics can be supplied by the domestic industry in commercial quantities in a timely manner, CITA will closely review any supporting documentation, such as a signed statement by a manufacturer of the fabric stating that it produces the fabric that is the subject of the request, including the quantities that can be supplied and the time necessary to fill an order, as well as any relevant information regarding past production.

CITA will protect any business confidential information that is marked "business confidential" from disclosure to the full extent permitted by law. CITA generally considers specific details, such as quantities and lead times for providing the subject product as business confidential. However, information such as the names of domestic manufacturers who were contacted, questions concerning the capability to manufacture the subject product, and the responses thereto should be available for public review to ensure proper public participation in the process. If this is not possible, an explanation of the necessity for treating such information as business confidential must be provided. CITA will make available to the public non-confidential versions of the request and non-confidential versions of any public comments received with respect to a request in room 3100 in the Herbert Hoover Building, 14th and Constitution

Avenue, N.W., Washington, DC 20230. Persons submitting comments on a request are encouraged to include a non-confidential version and a non-confidential summary.

James C. Leonard III,

Chairman, Committee for the Implementation of Textile Agreements.

DEFENSE BASE CLOSURE AND REALIGNMENT COMMISSION

Notice of the Defense Base Closure and Realignment Commission—Cancellation of an Open Meeting

AGENCY: Defense Base Closure and Realignment Commission.

ACTION: Notice; Defense Base Closure and Realignment Commission—Cancellation of Open Meeting (Salt Lake City, UT).

SUMMARY: Notice is hereby given that the previously announced open meeting of a delegation of the 2005 Defense Base Closure and Realignment Commission scheduled for June 6, 2005 from 2 p.m. to 4:30 p.m. in Salt Lake City, Utah, has been cancelled. After extensive coordination with the various Federal, state and local officials concerned, the Commission determined that it was not possible to hold a meaningful public discussion on the date scheduled because Congressional delegations and community representatives had not been afforded adequate opportunity to analyze the data used by the Department of Defense (DoD) to formulate the base closure and realignment recommendations due to delays by DoD in releasing that data in an unclassified form. The Utah and Idaho Congressional delegations have been offered the opportunity to participate in the regional hearing currently scheduled in Portland, Oregon on June 17, 2005.

The delay of this notice resulted from unanticipated delays by DoD in the release of the data used by DoD to formulate the base closure and realignment recommendations in an unclassified form and the short time-frame established by statute for the operations of the Defense Base Closure and Realignment Commission. The Commission requests that the public consult the 2005 Defense Base Closure and Realignment Commission Web site, <http://www.brac.gov>, for updates.

DATES: Not applicable.

ADDRESSES: Not applicable.

The Commission invites the public to provide direct comment by sending an electronic message through the portal provided on the Commission's Web site or by mailing comments and supporting documents to the 2005 Defense Base Closure and Realignment Commission, 2521 South Clark Street, Suite 600, Arlington, Virginia 22202-3920. The Commission requests that public comments be directed toward matters bearing on the decision criteria described in *The Defense Base Closure and Realignment Act of 1990*, as amended, available on the Commission Web site. Sections 2912 through 2914 of that Act describe the criteria and many of the essential elements of the 2005 BRAC process. DEFENSE BASE CLOSURE AND REALIGNMENT COMMISSION

Notice of the Defense Base Closure and Realignment Commission—Change in Date, Location and Agenda of a Previously Announced Open Meeting

AGENCY: Defense Base Closure and Realignment Commission.

ACTION: Notice; Defense Base Closure and Realignment Commission—Change in Date, Location and Agenda of a Previously Announced Open Meeting (St. Louis, MO).

SUMMARY: Notice is hereby given that a Notice is hereby given that the previously announced open meeting of a delegation of the Defense Base Closure and Realignment Commission scheduled for June 7, 2005 from 8:30 a.m. to 6 p.m. in St. Louis, Missouri, has been rescheduled for June 20, 2005 from 8:30 a.m. to 6 p.m. After extensive coordination with the various Federal, State and local officials concerned, the Commission determined that it was not possible to hold a meaningful public discussion on the date originally scheduled because Congressional delegations and community representatives had not been afforded adequate opportunity to analyze the data used by the Department of Defense

(DoD) to formulate the base closure and realignment recommendations due to delays by DoD in releasing that data in an unclassified form. The location of the meeting is yet to be determined. The agenda will now include comment from Federal, state and local government representatives and the general public on base realignment and closure actions in Kentucky, Illinois, Indiana, Iowa, Michigan, Missouri and Wisconsin that have been recommended by DoD.

The purpose of this regional meeting is to allow communities experiencing a base closure or major realignment action (defined as loss of 300 civilian positions or 400 military and civilian positions) an opportunity to voice their concerns, counter-arguments, and opinions. This meeting will be open to the public, subject to the availability of space. The sub-group of the Commission will not render decisions regarding the DoD recommendations at this meeting, but will gather information for later deliberations by the Commission as a whole.

The delay of this notice resulted from unanticipated delays by DoD in the release of the data used by DoD to formulate the base closure and realignment recommendations in an unclassified form and the short time-frame established by statute for the operations of the Defense Base Closure and Realignment Commission.
