

Type of Request: Regular submission.
Burden Hours: 13,065.
Number of Respondents: 9,996.
Average Hours Per Response: 18 minutes.

Needs and Uses: The National Marine Fisheries Service (NMFS) operates a voluntary fee-for-service seafood inspection program (Program) under the authorities of the Agricultural Marketing Act of 1946, as amended, the Fish and Wildlife Act of 1956, and Reorganization Plan No. 4 of 1970. The regulations for the Program are contained in 50 CFR part 260. The program offers inspection grading, and certification services, including the use of official quality grade marks which indicate that specific products have been Federally inspected. Those wishing to participate in the program must request the services and submit specific compliance information.

Affected Public: Business or other for-profit organizations.

Frequency: On occasion.

Respondent's Obligation: Required to obtain or retain benefits.

OMB Desk Officer: David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk Officer, FAX number (202) 395-7285, or David_Rostker@omb.eop.gov.

Dated: June 9, 2005.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

**Submission for OMB Review;
 Comment Request**

The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Highly Migratory Species Vessel Logbooks and Cost-Earnings Data Reports.

Form Number(s): Form NOAA 88-191.

OMB Approval Number: 0648-0371.

Type of Request: Regular submission.

Burden Hours: 30,611.

Number of Respondents: 7,741.

Average Hours Per Response: 5 hours.

Needs and Uses: The National Marine Fisheries Service (NMFS) seeks to renew an existing logbook information and cost-earnings data collection from fishermen who possess permits to fish for highly migratory species. The revision would: (1) Increase the number of respondents based on recent information; (2) revise the proportion of shark and swordfish permit holders based on recent information; and (3) increase the burden estimate associated with the cost-earnings and logbook forms. The information collected in logbooks and the cost-earnings form will help NMFS identify impacts of proposed regulatory measures on fishermen and the resource, consistent with applicable laws such as the Magnuson-Stevens Fishery Conservation and Management Act and the Regulatory Flexibility Act.

Affected Public: Individuals or households; business or other for-profit organizations.

Frequency: Annually and per fishing trip.

Respondent's Obligation: Mandatory.

OMB Desk Officer: David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk Officer, FAX number (202) 395-7285, or David_Rostker@omb.eop.gov.

Dated: June 9, 2005.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

Foreign-Trade Zones Board

[Docket 28-2005]

Foreign-Trade Zone 176—Rockford, Illinois, Application for Subzone Status, Nissan Forklift Corporation North America Facilities (Fork-Lift Trucks), Marengo, Illinois

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Greater Rockford Airport Authority, grantee of FTZ 176, requesting special-purpose subzone status for the fork-lift truck manufacturing facilities of Nissan Forklift Corporation North America (NFC) (a subsidiary of Nissan Motor Company, Ltd., of Japan), located in Marengo, Illinois. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR Part 400). It was formally filed on June 8, 2005.

The proposed subzone would include NFC's three facilities located in McHenry County, Illinois: *Site 1* (manufacturing/23 acres/389,000 sq. ft.) located at 240 N. Prospect Street, Marengo, Illinois, some two miles east of Rockford, Illinois; *Site 2* (warehouse-distribution/11 acres/43,000 sq. ft.) 19720 East Grant Highway, Marengo, about two miles to the southeast of Site 1; and *Site 3* (leased warehouse/81,000 sq. ft.) 308 South Division Street, Harvard, Illinois, about 12 miles north of Site 1. The facilities (449 employees) are used to produce rider type, fork-lift trucks (Class I through Class V) powered by gasoline, propane, or electric motors (HTSUS 8427.10.4000, 8427.20.4000). The manufacturing process at the facilities involves painting, assembly, and testing of up to 15,000 units annually. Components purchased from abroad (about 48% of finished fork-lift truck value) used in manufacturing include: plastic tubes/pipes/hoses/fittings/gaskets/washers/seals/fasteners, plastic knobs, rubber tubes/pipes/hoses, rubber mats/o-rings/seals/handles/knobs/vibration dampeners, paper/paperboard labels and gaskets, articles of textile materials (items under Textile Categories 362/363/369/666/669 must be admitted under privileged foreign status 19 CFR § 146.41), fabricated items of asbestos, mirrors, aging material, casters, base metal mountings, flex tubing, clasps, hydraulic engines, pumps, air compressors, wooden pins/dowels, connectors and connector assemblies, fasteners, springs, washers, brake components, hinges, pneumatic
