There are no maintenance costs associated with this information collection. However, this collection does have annual (non-hour) cost burden in the form of filing fees, recordkeeping costs, capital start-up costs, and postage costs.

The two petitions being added into this collection have associated filing fees. The filing fee for the Petition Under 37 CFR 1.36(a) to Revoke Power of Attorney by Fewer than All the Applicants is currently $130 (37 CFR 1.17(h)). The USPTO has proposed to increase this fee to $400 (37 CFR 1.17(f)) as discussed in the notice of proposed rulemaking entitled “Provisions for Persons Granted Limited Recognition to Prosecute Patent Applications and Other Miscellaneous Matters” (RIN 0651–AB88), published in the Federal Register on April 7, 2005. This proposed fee coincides with the $400 fee (37 CFR 1.17(f)) for the Petition to Waive 37 CFR 1.32(b)(4) and Grant Power of Attorney by Fewer than All the Applicants. Using the $400 fee for these petitions, the USPTO estimates that the total filing fees for this collection would be $1,200 per year.

There are recordkeeping costs associated with submitting power of attorney forms electronically over the Internet using EFS. The USPTO recommends that customers print and retain a copy of the acknowledgment receipt that is displayed on the screen after a successful submission. The USPTO estimates that it will take 5 seconds (0.001 hours) to print a copy of the acknowledgment receipt and that approximately 2,488 power of attorney submissions per year will be completed via EFS, for a total of approximately 2 hours per year. The USPTO expects that these receipts will be printed by paraprofessionals at an estimated rate of $81 per hour, for a total recordkeeping cost of $162 per year.

This collection has capital start-up costs associated with the Customer Number Upload Spreadsheet, which must be submitted to the USPTO on a diskette or CD. This process requires additional supplies, including blank diskettes or recordable CD media and padded envelopes for shipping. The USPTO estimates that the cost of these supplies will be approximately $2 per submission, for a total capital start-up cost of $6,000 per year.

The public may incur postage costs when submitting the information in this collection to the USPTO by mail. The USPTO estimates that the first-class postage cost for a mailed submission will be 49 cents for all items in this collection except for the electronic power of attorney submissions and the Customer Number Upload Spreadsheet. There is no postage cost for electronic power of attorney submissions. Due to the additional materials required for Customer Number Upload Spreadsheet submissions, including the diskette or CD and cover letter, the USPTO estimates that the average first-class postage cost for a spreadsheet submission will be 83 cents. The total postage cost for this collection is $181,476 per year.

The total (non-hour) respondent cost burden for this collection in the form of filing fees, recordkeeping costs, capital start-up costs, and postage costs is estimated to be $188,838 per year.

### IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, e.g., the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: June 15, 2005.

Customers may submit a request to the USPTO for a digital certificate, which enables the customer to create the encryption keys necessary for electronic identity verification and secure transactions with the USPTO. This digital certificate is required in order to access secure online systems that are provided by the USPTO for transactions such as electronic filing of patent applications and accessing confidential information about unpublished patent applications.

This information collection includes the Certificate Action Form (PTO–2042), which is available for download from the USPTO Web site. This form is used by the public to request a new digital certificate, the revocation of a current certificate, or the recovery of a lost or corrupted certificate. Customers may also change the name listed on the certificate or associate the certificate with one or more previously assigned Customer Numbers. A certificate request must include a notarized signature in order to verify the identity of the applicant. The Certificate Action Form also has an accompanying subscriber agreement to ensure that customers understand their obligations regarding the use of the digital certificates and cryptographic software.

The USPTO has revised the Certificate Action Form to accommodate its use by limited recognition practitioners who have been granted status to act as representatives in specific patent applications. The revised form allows customers to identify themselves as limited recognition practitioners when requesting a digital certificate. The USPTO is also upgrading its PKI software, which will enable customers to recover their own lost certificates instantly over the Internet without having to contact support staff at the USPTO Electronic Business Center. When generating a new certificate, the customer will have the option of providing additional information for a set of security questions and answers that will be invoked as part of the online verification process in the event the customer uses the certificate self-recovery feature. The electronic Certificate Self-Recovery Form is being added to this collection.

### II. Method of Collection

The Certificate Action Form may be mailed or hand delivered to the USPTO. The Certificate Self-Recovery Form is submitted electronically over the Internet.

### III. Data

**OMB Number:** 0651–0045.

**Form Number(s):** PTO–2042.

**Type of Review:** Revision of a currently approved collection.

**Affected Public:** Individuals or households; businesses or other for-profits; not-for-profit institutions; farms; the Federal Government; and state, local or tribal governments.

**Estimated Number of Respondents:** 4,126 responses per year.

**Estimated Time Per Response:** The USPTO estimates that it will take the public approximately 30 minutes (0.5 hours) to read the instructions and subscriber agreement, gather the necessary information, prepare the Certificate Action Form (PTO–2042), and submit the completed request. The USPTO estimates that it will take the public approximately 25 minutes (0.42 hours) to complete and electronically submit the information required for Certificate Self-Recovery.

**Estimated Total Annual Respondent Burden Hours:** 1,898 hours per year.

**Estimated Total Annual Respondent Cost Burden:** $197,392 per year. For this information collection, the USPTO expects that 70% of the submissions will be prepared by paraprofessionals, 15% by attorneys, and 15% by independent inventors. Using those proportions and the estimated rates of $61 per hour for paraprofessionals, $286 per hour for associate attorneys in private firms, and $30 per hour for independent inventors, the USPTO estimates that the average hourly rate for all respondents will be approximately $104 per hour. Therefore, the estimated total respondent cost burden for this collection will be $197,392 per year.

**Estimated Total Annual Non-hour Respondent Cost Burden:** $4,889. There are no capital start-up costs, maintenance costs, or filing fees associated with this information collection. Authorized users may...
download the necessary cryptographic
software from the USPTO at no cost.
However, this collection does have
annual (non-hour) cost burden in the
form of recordkeeping costs and postage
costs associated with the Certificate
Action Form (PTO–2042).

This collection has recordkeeping
costs due to the notarization
requirement for authenticating the
customer’s signature on the Certificate
Action Form. The USPTO estimates that
the average fee for having a signature
notarized is $2 and that 2,063 signed
Certificate Action Forms will be
submitted annually, for a total
recordkeeping cost of $4,126 per year.

This collection also has postage costs
for submitting the Certificate Action
Form to the USPTO by mail. The
Certificate Action Form cannot be
submitted electronically because it
requires an original notarized signature
as verification of the customer’s
identity. The USPTO estimates that the
first-class postage cost for a mailed
Certificate Action Form will be 37 cents
and that it will receive 2,063 Certificate
Action Forms annually, for a total
postage cost of $763 per year.

The total (non-hour) respondent cost
burden for this collection in the form of
recordkeeping costs and postage costs
is estimated to be $4,889 per year.

IV. Request for Comments

Comments are invited on: (a) Whether
the proposed collection of information
is necessary for the proper performance
of the functions of the agency, including
whether the information shall have
practical utility; (b) the accuracy of the
agency’s estimate of the burden
(including hours and cost) of the
proposed collection of information; (c)
ways to enhance the quality, utility, and
clarity of the information to be
collected; and (d) ways to minimize the
burden of the collection of information on
respondents, e.g., the use of automated
collection techniques or other forms of
information technology.

Comments submitted in response to
this notice will be summarized or
included in the request for OMB
approval of this information collection;
they also will become a matter of public
record.

COMMODITY FUTURES TRADING
COMMISSION

Agency Information Collection
Activities: Notification of Pending
Legal Proceedings

AGENCY: Commodity Futures Trading
Commission.

ACTION: Notice.

SUMMARY: The Commodity Futures
Trading Commission (CFTC) is
announcing an opportunity for public
comment on the proposed collection of
certain information by the agency.
Under the Paperwork Reduction Act of
1995 (PRA), 44 U.S.C. 3501 et seq.,
Federal agencies are required to publish
notice in the Federal Register
concerning each proposed collection of
information, including each proposed
extension of an existing collection of
information, and to allow 60 days for
public comment in response to the
notice. This notice solicits comments on
the rule requiring notification of
pending legal proceedings pursuant to
17 C.F.R. 1.60.

DATES: Comments must be submitted on
or before August 22, 2005.

ADDRESSES: Comments may be mailed to
Gail B. Scott, Office of the General
Counsel, U.S. Commodity Futures
Trading Commission, 1155 21st Street,
NW., Washington, DC 20581

FOR FURTHER INFORMATION CONTACT: Gail
B. Scott, (202) 418–5139; FAX: (202)
418–5524; e-mail: gs scott@cftc.gov.

SUPPLEMENTARY INFORMATION: Under the
PRA, Federal agencies must obtain
approval from the Office of Management
and Budget (OMB) for each collection of
information they conduct or sponsor.
“Collection of information” is defined in
44 U.S.C. 3502(3) and 5 C.F.R.
1320.3(c) and includes agency requests
or requirements that members of the
public submit reports, keep records, or
provide information to a third party.
Section 3506(c)(2)(A) of the PRA, 44
U.S.C. 3506(c)(2)(A), requires Federal
gencies to provide a 60-day notice in the
Federal Register concerning each
proposed collection of information,
including each proposed extension of an
existing collection of information,
before submitting the collection to OMB
for approval. To comply with this
requirement, the CFTC is publishing
notice of the proposed collection of
information listed below.

With respect to the following
collection of information, the CFTC
invites comments on:
• Whether the proposed collection of
information is necessary for the proper
performance of the functions of the
Commission, including whether the
information will have a practical use;
• The accuracy of the Commission’s
estimate of the burden of the proposed
collection of information, including the
validity of the methodology and
assumptions used;
• Ways to enhance the quality,
usefulness, and clarity of the
information to be collected; and
• Ways to minimize the burden of
collection of information on those who
are to respond, including through the
use of appropriate automated electronic,
mechanical, or other technological
collection techniques or other forms of
information technology; e.g., permitting
electronic submission of responses.

Notification of Pending Legal
Proceedings Pursuant to 17 C.F.R. 1.60,
OMB Control Number 3038–0033—
Extension

The rule is designed to assist the
Commission in monitoring legal
proceedings involving the
responsibilities imposed on contract
markets and their officials and futures
commission merchants and their
principals by the Commodity Exchange
Act, or otherwise.

The rules require futures commission
merchants and introducing brokers: (1)
To provide their customers with
standard risk disclosure statements
concerning the risk of trading
commodity interests; and (2) to retain
all promotional material and the source
of authority for information contained
therein. The purpose of these rules is to
ensure that customers are advised of the
risks of trading commodity interests and
to avoid fraud and misrepresentation.
This information collection contains the
recordkeeping and reporting
requirements needed to ensure
regulatory compliance with Commission
rules relating to this issue.

The Commission estimates the burden
of this collection of information as
follows:
